Wit and Humor.

THE MAN WHO KNOWS EVERYTHING.

A mighty knowing man was Caleb Page, who kept the grocery at the fork of the road, near Wookcluck creek, Sprag Hollow, in the village of Hornville. No occurrence had taken place, of all the particulars of which Caleb did not possess a thorough knowledge in the minutest detail. All matters in the prospective were anticipated, discussed, arranged, and satisfactorily disposed of by Caleb long before they took place. If a neighbor rushed into the store to communicate what he believed to be a very recent piece of news, he would have the conceit taken out of him by being told by Caleb that he "had heard of it a week ago." Events of the past, present and future were all the same to him; his ubiquitious knowledge grasped and covered them all—to him they were all "stale news."

A small bet was made one evening between Si Stevens and Joe Stubbins. Si bet Joe couldn't nonplus Caleb with any piece of intelligence—real or imaginary. Joe took all such bets as that.

The following evening Si and Joe, accompanied by two or three more of the "boys" of the village, who were to "help the thing along," and "fill in," proceeded to Caleb's store. After being comfortably seated here and there, on barrels, boxes, etc., Si opened the evening's amusement by asking, in a manner that indicated he was continuing a conversation commenced before they had entered the store:

"So you say, Joe, that they caught him at last?"

"Yes, sir, about seventeen minutes past eight."

"Well, Joe, how far up the creek was it?"

"On a careful consideration, I should say it was about three miles, or three miles and a quarter, or perhaps a half, up the creek."

Caleb, who had not lost a word of the conversation, dropped his sugar-scoop with astonishment, and opened his ears, for the boys were talking about a matter in which he was not "posted up." The conversation continued:

"Well!" says Si, "that couldn't 'a been far from Deacon Hunt's."

"Just so," answered Joe, "it was about eighty rods from Deacon Hunt's hog-pen, in a slanch-wise direction."

"Did you hear Joe," with a face as solid as a gravestone, "how much ile they got?"

"Yes; I did," replied Joe, with another face as solemn as two gravestones; "I hearn that they got nigh about sixty barl's of ile."

The wags observed that Caleb was getting exceedingly uneasy, and "piled it on."

"Well, Joseph, how long was the reptile?"

"Well, Silas, the insect was about eighty-two feet long, and twenty-eight feet odd inches broad—thich in proportion."

"I thought, Joe, that there was two on 'em."

"That's a fact; there was a pair on 'em but they only caught the he one."

At this point of the dialogue Caleb became so desperately excited that he could contain himself no longer, and snappishly demanded to know "what'n tle thunder they were talking about?"

"Why," said Joe with well-feigned astonishment, "don't you know about their catching that are——"

"That are what?" peevishly snarled Caleb.

"Why, that are whale!" seriously answered Joe Stubbins.

"A whale!" exclaimed the bewildered Caleb, "have they caught that whale up the creek?"

"They haven't caught anything else," said the imperturable Joe.

"And how much ile did they get?" inquired Caleb, as he recovered his wits.

"Ninety-two barl's" replied Joe, forgetting the amount previously mentioned.

"Well," said Caleb, with slow deliberation, and a satisfied look, "I'm glad they caught that whale, for I heard they were arter him."

RECIPES FOR ECONOMIZING—PARTICULARLY APPLICABLE TO HARD TIMES.—FOR LADIES.—Keep off Broadway when "great bargains" and extraordinary reductions are advertised.

If you catch yourself thinking how "nice" it would be if you could have a new carpet, just transfer the adjective to another subject and reflect how "nice" the old one looks.

If you see anything going "at a ruinous sacrifice"—let it go.

Don't subscribe to that doctrine of economy which buys a shilling calico "to save," and then pays a dressmaker three times the value of the fabric to make it up.

Settle in your mind just what you can afford to buy before you go to market, and don't allow yourself to be tempted by any "surprisingly cheap" luxury.

Have your purse big enough to hold the pennies, and keep them there.

Don't feel mortified because your neighbor sneers at the darn in you pocket handkerchief, or the mended place in your gloves; the time may probably come when all the needles and thread in Christendom will be insufficient to mend her broken fortunes.

Remember that your expenditures must be regulated by your own circumstances, not the "say so" of Mrs. Grundy. "Let every woman judge for herself" is a capital motto.

And, above all, never allow yourself to forget that money goes faster after cheap things than expensive ones. And that as the wife cannot earn money, it her duty to save it.

FOR GENTLEMEN.—Get a porte monnaie with a good rheumatic clasp to it—those purses that are easily opened are easily emptied.

Don't carry bank bills about with you unless you want to use them immediately; leave your money at home with your wife, and it will be a great deal easier to say "No" to those borrowing friends who come within the the Scripture clause of "never repaying."

If you feel inclined to smoke a six cent Havana just put a good rye straw between your teeth instead, and "chaw it" at your leisure. It is astonishing how superior you will find the flavor.

Don't get into a car or omnibus to ride half a dozen blocks, but walk and set your sluggish blood into brisk circulation. Thereby you will save two things—your fare and your doctor's bill.

Remember how superior water is to sherry-cobblers and brandy-smashes on all occasions.

Let no day pass without laying by something for cloudy weather. Half a dime is better than nothing. If you can't save something out of the smallest salary you may safely consider yourself *en route* for the Poor House.

Don't think how long you have had that old coat of yours; think rather how much longer you can make it last.

IMPORTANT SUGGESTIONS TO THE WAR DEPARTMENT. Suggestion 1.—No soldier shall be ordered on duty where his life might be placed in danger. This will do away with recruiting offices!

Sug. 2.—Officers shall always be first to treat, as they are to retreat!

Sug. 3.—Privates should always have their sweethearts along, that they may learn to fly to arms quickly!

Sug. 4.—In behalf of the short soldiers we object to the shortest men being always placed in the front ranks during an engagement, as it gives them the hottest place "under fire," and they are necessarily in the rear on a retreat, subject to receiving unsoldierly wounds from the points of the enemies' bayonets! Quite a *point*.

Sug. 5.—All sentries should be allowed a young lady to stand guard with—the time would seem so much shorter!

Sug. 6.—The dentist should examine the teeth of each soldier, and label on the back of the head what duty the grinders can do—tender—middling—tough—or extra tough! The waiter will then know what sort of meat to give each man, that none may be wasted!

Sug. 7.—Soldiers who cannot stand a charge should never receive a discharge!

Sug. 8.—Officers receiving the higher pay should go afoot, and let the privates ride!

Sug. 9.—Soldiers should always keep their arms, and if possible, their legs, with them!

Sug. 10.—None but fathers of families should belong to the *infantry!*

Sug. 11.—The sappers and miners should be made up of underwitted men and soldiers not yet of age!

Sug. 12.—None but scholars should be sent out as skirmishers, as they are the best to fly to cover!

Sug. 13.—To make a good stand get a company of cabinet makers!

Sug. 14.—Always remember that troops will stand a hotter fire in January than in July!

WINE.—Major Logan, a connection of the Lairds of Logan, a merry wag, whom many recollect in Ayrshire as a first rate performer on the violin, and a great social favorite, and of whom, and his "sentimental sister Susie," mention is made in more than one of Burns's poems, was also a man of great native humor A gentleman, whose reputation for hospitality was not high, after boasting of some port wine of great age and excellence, was prevailed on with some difficulty to produce a bottle.—When it did appear, it was only a pint bottle. Major Logan, on being asked his opinion, said, "The wine is good, but it's a pity it is so little for its age."

A VICIOUS horse kicked a horse jocker, who wished him in h—ll. "Better wish him somewhere else," said the planter, "or he may hit you—in."

MEDICINAL.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of health, with your system deranged, and your feelings uncomfortable? These, CURTIS are often the painful symptoms of a bilious attack. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed to health again. They stimulate the functions of the body into healthy action, and thus dislodge the cold matter which makes disease. A cold settles somewhere in the body, and obstructs its natural functions. Then the blood, pressed upon throughout the system, becomes poisoned, producing general aggravation, suffering, and disease. While in this condition, oppressed by the foul humors that Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. Want it true and so apparent in this trivial and common complaint. It is often so in many of the deep-seated and dangerous disorders. The same purgative effect expels them. Cadaid by similar obstructions and derangements of the natural functions of the body, they are rapidly, and often unconsciously, cured by the same means. Some who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After one child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic

From Dr. R. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we are acquainted with, both theoretically and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Bugh, Baltimore.

DEAR SIR, AYER: I cannot attempt to relate the cases of headache, sick headache, foul stomach, and other complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my practice, and after thoroughly believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER, Sir: I have been repeatedly cured of the worst headache by one dose of your Pills. I have used your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREHLE, *Clerk of Steamer Clarion*

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their ready taking action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best cathartics I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Retention, Worm Colic, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as valuable as I have, they should join me in bestowing it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe regularity in the bowels is the first step to health; whatever interferes with it originates in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Smart, Physician and Midwife, Boston.

I find one or two large doses of your Pills taken at the proper time, are excellent promotives of the *natural secretions* which wholly or partially suppressed, are the very effectual to cleanse the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PLEASANT HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be wanting in duty for relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By perseverance in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a popular pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

Sold by JOHN G. BROWN & SON, H. SAYLOR and H. REBSNAU, Pottsville; J. K. BURNS, Minersville; W. C. MILLER, Ashland; E. J. FRY, Tamaqua; P. BROWN, Mt Laffee; H. HELM & Co., Tremont; W. H. LEVAN, Schuylkill Haven; and by Dealers everywhere.

Prof. O. J. WOOD'S
Restorative Cordial
AND
BLOOD RENOVATOR!

IS PRECISELY what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinvigorates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to the attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet *so perfectly adapted so as to act in perfect accordance with the laws of nature, and arouse probe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and these thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Fainting, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Hypochondria, Night Sweats, Languor, Giddiness, and all that class of cases so fatal and often called Female Weaknesses and Irregularities,

There is Nothing its Equal.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidney, or any general derangement of the Urinary Organs.

It will not only cure the debility following Chills and Fever, but prevents all attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked.

Travelers should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon a change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

Ladies not accustomed to much out-door exercise should always use it.

Mothers should see it, for it is a perfect relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety.

There is no mistake about it.

THE CORDIAL IS ALL THAT WE CLAIM FOR IT!!

Mothers, Try it!

And to you we appeal, to detect the illness or decline, not only of your daughters, before it is too late, but that of your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too, would travel in the same downward path, until it is too late to arrest their fatal fall. But with a few days' visiting, and to-you we confidently appeal; for we are sure your never failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL and BLOOD RENOVATOR, as the remedy which should be always on hand in time of need.

☞ O. J. WOOD, Proprietor, 414 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists. Price, One Dollar per Bottle.
