TERMS OF THE MINERS' JOURNAL FROM THIS DATE.

TERMS—$2 25 per annum, payable in advance—$2 50 if not paid in advance. If not paid within the year, $3 will be charged.

These terms will be strictly adhered to hereafter.

TO CLUBS:

Three copies to one address (in advance).....$6 00
Six " " " " 12 00
Thirteen " " " " 20 00

Club subscriptions must invariably be paid in advance. The JOURNAL will be furnished to Carriers and others at $2 50 per 100 copies, cash on delivery.

☞ Clergymen and School Teachers will be furnished with the JOURNAL at $1 25 in advance, or $1 50 if paid within the year—only one copy, the regular rates will be charged.

The Law of Newspapers.

If subscribers order the discontinuance of their newspapers, the publisher may continue to send them until arrearages are paid.

If subscribers neglect or refuse to take their newspapers from the office to which they are directed, they are held responsible until they have settled the bills and ordered them discontinued.

If subscribers move to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible.

The Courts have decided that refusing to take newspapers from the office, or removing and leaving them unclaimed for, is *prima facia* evidence of intentional fraud.

WILLCOX & GIBBS'
SEWING MACHINE.
Price, with Hemmer and Feller, $40.

The Willcox and Gibbs Sewing Machine is the best machine, without regard to price, for
Family Sewing,
Braiding,
Hemming,
Felling,
Tucking,
Cording.

It forms a fair, even and elastic seam, which is warranted not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "to survive the washtub."

Its patented device, of great utility to learners, precludes the possibility of the machine being run in the wrong direction, or the balance-wheel wearing a lady's dress.

Another feature which deserves particular attention is the Willcox Patent Needle, which cannot be set wrong. It is emphatically the good, low-priced Family Sewing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and, for family use, especially, no other machine will bear any comparison with it."—Phila. Evening Journal.

"A mechanical wonder."—Scientific American.

"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.

"Unites combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvanian.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimously in favor of Wilcox & Gibbs' as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in justice, express our confidence in the merits of Willcox & Gibbs' Sewing Machine. We consider that a great desideratum has been supplied by it. Improving, beyond doubt, that two threads are not, as was supposed, necessary to a good machine."—Christian Advocate and Journal, June 21, 1860.

"After much wear and many washings, the stitching proved to retain all the roundness, evenness and firmness which are so much admired at first."—N. Y. Sun.

"In principle it is perfect."—Engineer, London.

"Has evident points of superiority over all others."—Philadelphia Press.

"A serviceable machine. Of this we have experience of our own kindly."—Boston Traveler.

"The beauty and simplicity of its mechanism are admirable."—Express.

"No Sewing Machine heretofore introduced has in so short a time, acquired such well-merited popularity."—Cincinnati Gazette.

"We esteem it the best machine for family use. This opinion is entirely unanimous."—Signed by many hundred persons of Philadelphia.

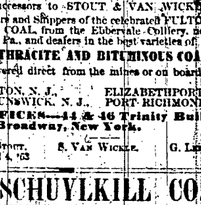
Received two "PRIZE MEDALS"
(From Juries 3 and 4,) at the
International Exhibition, London, 1862.



TRY ONE POUND. TRY ONE POUND.

Being the SOLE AWARDS gained by anything of the kind. It also received the superlative Report of "Exceeding Excellent for Food."

Maizena at the great International Exhibition at Hamburg, July, 1863, received

THE HIGHEST MEDAL

For its great delicacy as an article of food.

Used for Puddings, Custards, Blanc Mange, &c., without isinglass, with few or no eggs. It is excellent for thickening sweet sauces, gravies for fish, meat, soups, &c. For ice cream nothing can compare with it. A little boiled in milk makes a rich cream for coffee, chocolate, tea, &c. A most delicious article of food for children and invalids. It is vastly superior to Arrow Root, and much more economical.

Put up in one pound packages, with full directions, and sold by all Grocers and Druggists.

M. W. BALDWIN & Co., Broad and Hamilton streets, Philadelphia, Pa.,

Would call the attention of Railroad Managers, and those interested in Railroad Property, to their system of Locomotive Engines, in which they are adapted and suited to the particular business for which they may be required; by the use of one, two, three or four pair of driving wheels; and the use of the whole, or so much of the weight as may be desirable for adhesion; and in accommodating them to the grades, curves, strength of superstructure, and rail and work to be done. By these means the maximum useful effect of the power is secured with the least expense for attendance, fuel, and repairs to Road and Engine. With these objects in view, and as the result of twenty-three years practical experience in the business by our senior partner, we manufacture five different kinds of Engines, and several classes of single kind.—Particular attention paid to the strength of the machine in the plan and workmanship of all the details. Our long experience and opportunities of obtaining information, enables us to offer these engines with the assurance that in efficiency, economy and durability, they will compare favorably with those of any other kind in use. We also furnish, to order, wheels, axles, bowling or low moor tire (to fit existing wheels boring,) composition castings for bearings of every description of Copper, Sheet Iron and Boiler Works; and every article appertaining to the repair or renewal of Locomotive Engines. PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Cordial, and sold, &c.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept constantly under the influence of alcoholic stimulants of the worst kind; the desire for liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death. Beware of these.

For those who desire and will have a Liquor Bitters, we publish the following receipt: Get One Bottle Hoofland's German Bitters and mix with Three Quarts of Good Brandy or Whiskey, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor, at a much less price than those inferior preparations will cost you.

DELICATE CHILDREN,

Those suffering from MARASMUS, wasting away, with scarcely any food on full bones, are cured in a very short time; one bottle in such cases, will have a most surprising effect.

DEBILITY

Resulting from fevers of any kind—These Bitters will renew your strength in a short time.

FEVER AND AGUE.

The chills will not return if these Bitters are used.—No person in a Fever and Ague District should be without them.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reason why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore, thank God and my friend for directing me to use them.

M. W. BALDWIN.
Philad'a, June 23d, 1862. J. NEWTON BROWN.

ATTENTION, SOLDIERS!

AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.

Beware of Counterfeits!

See that the signature of "C. M. JACKSON," is on the WRAPPER of each bottle.

PRICES:

Large size $1 00 per bottle, or half dozen, $6 00
Medium size, 75 " or half dozen, 4 00

The large size, on account of the quantity the bottles hold, are much the cheaper.

Should your nearest druggist not have the article, do not be put off by any of the interlocking preparations that may be offered in its place, but send to us, and we will forward, safely packed, by express.

The following lines were suggested to Jesse T. Ware, of Battery G, 2d Artillery, P. V., while acting cannoneer, at Fort Lincoln, D. C., in firing a national salute on Dec. 25, 1863, in honor of the statue of the Goddess of Liberty being raised on the Dome of the Capitol:

When freemen's hearts, with one accord,
Are bound by freedom's chain,
Like torrents down the mountain gorge
They sweep both hill and plain.
To guard, the sire girds on the sword,
The boy becomes a man;
And hearts join with them the pledge
That bound men in long syne.
CHORUS—For old lang syne, true hearts
Will never forget lang syne;
We love the fire our fathers left
For us in old lang syne.

That dear old flag! Amidst her folds
We see the
