Cloverson, the Mornion. A Romance Artemas Ward, CHAPTER L THE MORMON'S DEPARTURE.

The morning on which Reginald Gloverson was to leave Great Sait Lake City with a mule-train, dawned beautifully. Reginald Gloverson was a young and thrifby Mormon, with an interesting family of Swenty young and handsome wives. His unione had never been blessed with children. As often as once a year he used to go to Omaha, in Nebraska, with a mule-train, for goods; but although he had performed the rather perilons journey many times with entire safety, his heart was strangely sad on this particular morning, and filled with gloomy forebo-

The time for his departure had strived. The high-spirited mules were at the door, impatiently champing their bits. The Mormon stood sadly among his weeping wives. "Dearest ones," he said. "I am singularly sad at heart, this morning, but do not let this depress you. The journey is a perilous one, but-pshaw! I have always come back safe-

"So I sec," she said; "where's the mules?" Alas! Reginald Gloverson could fgive no answer. In vain the heart-stricken mother threw herself upon his inanimate form, crying, "Oh my son-my son! only say where the mules is, and then you may die if you want to!" In vain-in vain! Reginald had passed on.

CHAPTER II. TUNERAL TRAPPING The mules was never found.

Reginald's heart-broken mother took the hody home to her unfortunate son's widows. But before her arrival she discreetly sent a boy to Bust the news gently to the afflicted wives, which he did by informing them, in a hoarse whisper, that their "old man had

The wives felt very badly indeed. "And to me," said Maria. "Yes," said Emily, "he thought considerably of you, but not so much as he did of me."

"I say he did!" "And I say he didn't!" "He did!"

"He didn't!" "Don't look at me, with your squint eyes!" ""Don't shake your red head at me!" "Sisters!" said the black-haired Henriet-, "cease this unseemingly wrangling. I, as Reginald's first wife, shall strew flowers on his grave. It is my business to strew!" 'You shan't, so there!" said Henrietta.

"You bet I will!" said Susan, with a tearsuffused cheek. "Well, as for me," said the practical Betsey, "I ain't on the strew, much, but I shall same place at reduced fares.

The door was opened by Mrs. Susan Gloverson.

Da. Wishart—Dear Sir: I had a very dreadful cough and sore throat for one year, and my whole system was fast giving way, and I was prostrated on my bed with that little hope of recovering. My disease haffled the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law-would not rest until she went to your store, No. 10 N.

Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial and I commenced to use it, and in one week I was much better, and after using three bottles, I am perfectly well, a won der to all my friends, for they all pronounced me past cure. AN INFALLIBLE CURE FOR BRONCHITIS. Mr. Ward says:

Dr. Wishart—Sir: I had Bronchitis, Inflammation of the Lungs, Shortness of Breath, and Palpitation of the Heart in their worst-forms. I had been treated by several of the most eminent physicians in Philadelphia, but they could not stop the rapid course of my disease, and I had despaired of ever being restored to health. I was truly on the verge of the grave. Your Pine Tree Tar Cordial was highly recommended to me by a friend: I tried it, and am thankful to say, that, after using four large and one small bottle, I was restored to perfect health. You can give reference to my house, No. 968 N. Second street, or at my office of Receiver of Taxes, from 9, A. M., to 2, P. M., corner of Chestnut and Sixth streets.

MEAD THE FOLLOWING:

Ms. Wishart—Sir: I return you my grateful thanks for the discovery you have made in making a medicine that will cure Inflammation of the Lungs and Liver Complaint. When I commenced to use your Pine Tree Tar Cordial I was, to all appearances, near my grave.—I had been for a length of time spitting blood, and would at times vomit it. My physicians ffor I employed two pronounced me past cure: but my sister had used your Pine Tree Tar Condial, which did her so much good that she prevailed on me, as a last resort, to try it; and thank God, I commenced to use it. I have taken twelve bottles, and am perfectly cured, and am ready and willing that any person that is sick should call on me, and I will tell them what your cordial has done for me.—All my friends and neighbors were utterly astonished at my speedy return to health, for they had seen me vomit blood in a clotted state frequently. Publish my case, for I want every person that is suffering as I was, to know of your invaluable medicine.

Respectfully, John Verburs, Crease st., six doors above Richmond st.,

N INTERESTING HISTORY DR. SCHENCK'S OWN CASE While laboring under Cons Tonic and Mandrake Pills act on

the System, in curing that

The above is a correct likeness of Dr. Schenck, taken many years ago, after he had recovered from Consumption, by a course of his "Sournon's Primonic Street." The likeness atthough it does not represent him anything like as had as he was at the worst, yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at the present time. The contrast between these two portraits is so great that many would not believe them to be the same person. Yet there are hundreds of persons in and around Philadelphia who will recognize both portraits to be true representations, When the first was taken he weighed 101 pounds; at the present time his weight is 220 pounds.

heard of the remedies I now offer to the public, which cared me. It seemed to me that I could feel them penctrating my whole system.

They soon ripened the matter on my lungs, and I would spit off more than a pint of offensive yellow matter every morning. As soon as that began to subside, my cough, fever, pain, night sweats—all began to leave me, and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength, and I have been growing in flesh ever since. For many years I have enjoyed uninterrupted good health, keeping the liver and stomach healthy with the Seaweed Tonic and Mandrake Pills, as I am of a billious temperament. My weight is two hundred and twenty pounds. On my recovery people would send for me, far and near, to see if their cases were like mine. For this purpose I pay professional visits in the large cities. The consumptives wish to see the one that makes these medicines, and who was cured of consumption by them. To make new lungs is impossible: but cavities in the lungs, and chronic ulcerations of the bronchial tubes can be healed. Such cases are dying hourly under the ordinary treatment of physicians, and just such are cured by the proper use of Schenck's Pulnouic Syrup, Seaweed Tonic, and Mandrake Pills

B. Wisharn—Dear Sir. I had a very dreadful cough and sore throat for one year, and my whole system was fast giving way, and I was prostrated on my bed, with hut little hope of recovering. My disease haffled the power of all medicines, and in a short time I must have gone to my grave, but thank God, my dangheter—law, would not rest until she went to your store, No, 10. N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial and I commenced to use it, and in one week I was much better, and and after using three bottles, I am perfectly well, awon the condition to digest food, and make new blood, to

sease in any part of the body, it will remain there, and decay more and more, until you can get the stomach in the condition to digest food, and make new blood, to take the place of diseased matter. This is the only way to beal cavities in the langs and ulcerated bronchial tubes. Correct the stomach and liver, and nature will do the healing. Many persons have an idea, that certain medicines are great purifiers of the blood. When blood is once diseased it cannot be purified, it is diseased the same as the diseased matter in the system; but get the apparatus in order, the liver and stomach, and give it pleuty of nourishing food, it will make new blood, which will take the place of that, which is di-

Schenck's Pulmonic Syrup is one of the best preparations of fron in use, it is a powerful tonic in itself, and when the Seaweed Tonic dissolves the mucus in the stomach, and it is carried off by the aid of the Mandrake Pills, the Pulmonic Syrup is made into blood. This is the only way to cure consumption. If I cannot, get a good appetite, and food does not digest. I cannot, cure the patient. Never mind the cough; remove the cause and it will stop of itself. This is the most trouble I have with my patients at my rooms. They say, "Doctor, I feel stronger; I can eat; my night sweats are better, and I feel better every way; but my cough is so had yet;" and they are astonished to hear me say that does not matter; remove the cause, and the cong h will stop of itself. Schenck's Seaweed creates a good appetite in about nine days, when there is no lung disease, naless the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale bile to pass off. Keep the liver and stomach healthy, and there is less danger of consumption or any other disease. It is hard to take cold when those organs are healthy. Those that are billous, low spirited, dreary, feeling stupid, coated tongue, poor appetite, nervous stopmach full of wind, everything that is enten lies heavy, loss of memory, ity one bottle of SCHENCK'S EAWOOD TONic and one box of SCHENCK'S MANDRAKE PILLS.
