

HOSTETTER'S CELEBRATED STOMACH

BITTERS. A pure and powerful tonic, corrective and alterative of wonderful efficacy in disease of the Stomach, Liver and Bowels. Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colie, Intermittent Fever, Cramps and Spanns, and all Complaints of either fex arising from Bodily Weakness, whether inherent in the system, or produced by special causes.

Nothing that is not wholesome, genial and restore tive in its nature enters into the composition of HOS-TETTER'S STOMACH BITTERS. This popular pre-paration contains no mineral of any kind, no deadly. ical element; no flery excitant; but it is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive

plants, with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water, and other external causes, HOSTETTER'S BITTERS may be relied on as a safer guard.

In districts infected with Favar and Agura it has been found infallible as a preventative, and its assable as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in less con-

Acting as a gentle and painless apperient, as well as upon the Liver, it also invariably relieves the constipation superinduced by irregular action of the digestive and secretive organs. Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languer, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. In cases of Con-BTITCTIONAL WEAKNESS, PREMATURE DECAY and Debility and Decreptude arising from Old Age, it exercises the electric influence. The above is a correct likeness of Dr. Schenck, taken many years ago, after he had recovered from Consumption, by a course of his. Schenck a Pollmonio Sted. The likeness, although it does not represent him anything like as had as he was at the worst, yet it is in strong contrast with the hale and rigorous looks of the Portrait below, which is the true likeness of him at the present time. The contrast between these two portraits is so great that many would not believe shem to be the same person. Yet there are hundreds of persons in and around Philadelphia who will recognize both portraits to be true representations. When the first was taken he weighed 167 pounds; at the present time his weight is 220 pounds.

TO THE PUBLIC.

THE Years ago I was in the last state. I resided in any control of the policy of Public and Public Consequence of the age.

THE Years ago I was in the last state. I resided in any companion of the Heart, and the tenth of the tenth of

minate tone of the right adhesion of the pleura. The left lung is sound, and the upper lobe of the right lung is in a tolerably healthy condition. The great reason why physicians do not care consumption is, they try to do too much; they give medicines to stop the cough to stop chill; to stop night sweats, hectic fever, and, by so doing, they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies. After I make a careful examination of the patient with the Respirometer, and find lungs enough left to care. I direct the patient how to use the three remedies. Remove the cause, and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarth, canker, ulcerated throat, unless the liver and stomach are made healthy. In New England this canker, chronic catarth, ulcerated throat, elongation of avula, is more prevalent than in any other section of the country. This is frequently caused by a foul stomach. You may burn it out with caustic time and again, and all they will get is temporary relief. Correct the stomach and liver, and they will heal up themselves.

Good nutrition is the remedy. If you have any disease in any part of the body, it will remain there, and decay more and more, until you can get the stomach in the condition to digest food, and make new blood to take the place of diseased matter. This is the only way to heal cavities in the lungs and alcerated bronchial tubes. Correct the stomach and liver, and nature will do the healing. Many persons have an idea that certain medicines are great purifiers of the blood. When blood is once diseased it cannot be purified; it is, diseased, we it plenty of nourishing food, it will make new blood, which will take the place of that which is diseased.

sensed.

Schenck's Palmonic Syrup is one of the best preparations of iron in use, it is a powerful tonic in itself, and when the Senweed Tonic dissolves the mucus in the stomach, and it is carried off by the aid of the Mandrake Pills, the Pulmonic Syrup is made into blood. This is

Scald Head, Sore Eyes.

From Harvey Sickier, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

**Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedles, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face: Having tried every thing else we had any hope from, we began giving your Sarsafarilla, and applying the iodide of potash lotion, as you direct. The sore began to heat when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die." Fills, the Pulmonic Syrup is made into blocd. This is the only way to one consumption. If I cannot get a good appetite, and food does not digest, I cannot cure the patient. Never mind the cough; remove the cause and it will stop of itself. This is the most trouble I have with my patients at my rooms. They say, "Doctor, I feel stronger; I can eat; my night sweats are better, and I feel better every way; but my cough is so bad yet;" and they are astonished to hear me say that does not matter; remove the cause, and the cough will stop of itself. Schenck's Seaweed creates a good appetite in about nine days, when there is no lung disease, tite in about nine days, when there is no lung discass unless the liver is so congested that the Mandrake Pill cannot unlock the ducts of the gall bladder in that sho space of time, in order to allow the stale bile to pas off. 'Keep the liver and stomach healthy, and there is less danger of consumption or any other discase. It is hard to take cold when those organs are healthy. Those that are billous, low spirited, dreary, feeling stupid, coated tongue, poor appetite, nervous; stomach full of wind, everything that is eaten lies heavy, loss of memory, try one bottle of SCHENCK'S MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full directions.

From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the ic and one box of SCHENCK'S MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full directions.

This is sufficient, in many cases, to satisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person that enjoys ordinary health, by using the Seaweed and Mandrake Pills occasionally, must get the digestive organs in such a healthy condition that they become fleshy. I can produce a number of my old consumptive patients now enjoying good health, weighing nearly 200 pounds. I will conclude by relating three cures I have made in New York, and which are all different, and wish any one who feels any interest in the matter to visit them. First is Mrs. Harlow, residing then at 109 Honston street. Her husband called upon me at my rooms, 32 Bond street, and wished me to call and see her. He said I could, do no good; that he had all the best medical attendance, and all said she was too far gone with Consumption to be cured; but she had heard of some great cures I had made, and he desired to gratify her wishes. I called, and found her lying confined to her bed in the last stage of bronchial consumption, and without doubt must have died soon. I examined her lungs, found both bronchial tubes very much affected, but no cavities had formed; her cough was very severe: the spit-box was half full of thick puss. Plase 140, legs swollen very much; and worse than all, chronic diarrhea. Her bowels had been moved eleven times that day. I told her that she had lungs enough to be cured, but that this diarrhea had been of long standing, and her stomach was in such an ulcerated condition that I was afraid nothing could be done. She insisted I should try and do what I could one. She insisted I should try and do what I could one. She insisted I should try and do what I could one. She insisted I should try and do what I could one. She insisted I should try and do what I could one. She insisted I should try and do what I could one. She insisted I should try and do what I could one. Sh The procession are indecised to you for some or she best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachuseits.

"DR: AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can empley with more certainty of success, where a powerful alterative is required."

Mr. Chai. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him: Few cases can be found more inveterato and distressing than this, and it took soveral dozen bottles to cure him. Leucorrhœa, Whites, Female Weakness, Leucorrhoea, Whites, Female Weakness, are generally produced by internal Scrofulous Ulceration, and are very often cured by the alterative effect of this Sarsararilla. Some cases require, however, in aid of the Sarsararilla, the skilful application of local remedics.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your Sarsararilla an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhoa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

DR. WISHART'S PINE TREE TAR CORDIAL IS THE VITAL PRINCIPLE of THE PINE TREE,

A GREAT REMEDY FOR CONSUMPTION.

I am constantly rece, ing such certificates as the following. READ IT!

Dr. Wishar—Dear Sir: I had a very dreadful cough and sore throat for one year, and my whole system was fast giving way, and I was prostrated on my bed with but little hope of recovering. My disease baffied the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law would not rest until she went to your store, No. 10. N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar. Cordial and I commenced to use it, and in one week I was much better, and after using three bottles, I am perfectly well, a won der to all my friends, for they all pronounced me past cure. Publish my case if you think proper.

RESECCA HAMILTON,

No. 1321 Wylie Street, Philadelphia.

TAR CORDIAL,

Dn. Wishart—Sir: I had Bronchitis, Inflammation of the Lungs, Shortness of Breath, and Palpitation of the Heart in their worst forms. I had been treated by several of the most eminent physicians in Philadelphia, but they could not stop the rapid course of my disease, and I had despaired of ever being restored to health. I was truly on the verge of the grave. Your Pine Tree Tar Cordial was highly recommended to me by a friend: I tried it, and am thankful to say that, after using four large and one small bottle, I was restored to perfect health. You can give reference to my house. No. 968 N. Second street, or at my office of Receiver of Taxes, from 9, A. M., to 2, P. M., corner of Chestnut Mark.

BLEEDING OF THE LUNGS.

Mr. Wishart—Sir: I return you my grateful thanks for the discovery you have made in making a medicine that will cure Inflammation of the Lungs and Liver Complaint. When I commenced to use your Pine Tree Tar Cordial I was, to all appearances, near my grave.—I had been for a length of time spitting blood, and would at times vomit it. My physicians (for I employed two) pronounced me past cure: but my sister had used your Pine Tree Tar Cordial, which did her so much good that she prevailed on me, as a last resort, to try it; and thank God, I commenced to use it. I have taken twelve bottles, and am perfectly cured, and am ready and willing that any person that is sick should call on me, and I will tell them what your cordial has done for me.—All my friends and neighbors were utterly astonished at my speedy return to health, for they had seen me vomit blood in a clotted state frequently. Publish my case, for I want every person that is suffering as I was, to know of your invaluable medicine.
