IRON IN THE BLOOD. It is well known to the medical profession that IRON is the vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease-producing elements to all parts of the system; and every one will suffer in whatever organ may be predisposed to dis-DURLIC SAIR OF A FARM, GRIST-MILL: SAW-MILL: and QUERCIT-RON BARK MILL: The subscriber will offer at Public Sale, at the Seltz-er House, in the Borough of Womelsdorf, Berks Coun-NATURDAY, the 12th day of November next, At I o'clock, P. To the Ladies of America! Lyon's Periodical Drops,

Lyon's Pariodical Drops, The Great Fomale Remedy The Great Female Remody! LYON'S PERIODICAL DROPS care all complaints incident to the sex, and remove all obstructions of nature, from whatever cause, producing health, vigor and tire, from winnerst cause, processing as settler than all Fills. Powders and Nostrams; being a finld preparation, their action is direct and positive, and it needs nothing but good common sense to see and understand the reason why they cure all those ills to which the female system is subjected, with dispatch and a degree of certainty which nothing but a scientifically compounded finid preparation could reach; they are, in the most obstinate races.

Reliable, and sure to de Good ! Reliable, and sure to do Good ! And cannot do Harm.

To the most delicate constitutions LYON'S PHRIODICAL DROPS will certainly produce the regular return of nature, if taken a day or two before the expected period, and it is a maxim in the before the expected period, and it is a maxim in the profession, that prevention is better than cure.

LYON'S PERIODICAL DROPS have been used by over twenty-five thousand ladies, within the past sixmonths, and the testimony of all is, "It surely cures."

CAUTION!

Bear in mind that I guarantee my Drops to cure Suppression of the Menses, from whatever cause, though care should be taken to ascertain if Pregnancy be the cause, as these Drops would be sure to produce miscarriage, if taken whilst in that situation, and all are cautioned against using them, as I wish it distinctly understood that I do not hold myself responsible when used under such circumstances. TO MARRIED LADIES

y are peculiarly adapted, as they bring the monthly od with such perfect regularity, could furnish any quantity of testimonials of its efficient with the property of the public is so walent, I do not deem it advisable.

BE WISE IN TIME. BE WISE IN TIME BE WISE IN TIME. BE WISE IN-TIME.

BE WISE IN TIME.

Let not disease destroy your constitution—Try a bottle of my PERIODICAL DROPS, and you will be satisfied that I am no imposter. Tell your afflicted friend what restored the bloom of health to your cheeks, and thereby confer a favor more valuable than gold. For painful or scanty mentruation it is just the thing. I have now in my mind an instance of a lady who had been suffering from painful Menstruation for two or three years, confining her to her room each time. She had applied to several eminent physicians, without relief, when one bottle of my Drops entirely cured her.

that fluid becomes in-

leaves the system to
fall into disorder and
fulous contamination is vaminal disease, Ic
munhea' decay. The scrofulous contamination is variously caused by mercurial disease, low iving, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution descending "from parents to children unto the third and fourth generation;" indeed, i seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and be-come ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, cruptive and cutaneous affection These, all having the same origin, require the

same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-

rior to any other remedy yet devised, is

rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erystpelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMBRICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy

which is adequate to its cure. This we now offer to the public under the name of AYER'S SARBAPARILLA, although it is composed of ingredients, some of which exceed the best of Savaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers

which lurk within the system or burst out We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been

available to them. AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients

You now ask, "Is there a curry!"

Consumption has been and can be cured by the use of my Tar Comma, even in apparently hopeless cases.—
This assertion I make with the ability to present the most complete evidence of the truth. Space will not admit of my giving the contents of the many thousands of testimonials to its value, which I have been and am receiving from men and women of unquestionable worth and reputation. I have had a number of these certificates printed in circular form, which I will send you free on application. Whether you now determine to try the medicine or not, send for the circular. After years of study and experiment, I offer this medicine, believing it to be the best remedy for all rulmonary and maddle of the Tar Commal. I believe you are beyond all earthly aid. Yet if there are better curate agents, I carnestly advise their use. The best remedies, the best care, are needed by those afflicted with this disease. Because I believe this to be the best, I ask you to try it.

Many, not only of the people, but physicians of every school and practice, are daily asking me; 'What is the principle or cause of your success in the treatment of Pulmonary Consumptor," My auswer is this:

The Invidonation of the digestive organs—the strengthesing of the debilitated system—the pulmonation and engioneers of the blood, must expel from the system the corruption which Scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renorating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving pain, subduing infammation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant recuperative tendency and the patient is saved, if he has not too long delayed a resort to the means of oure.
