THE MINERS' JOURNAL.

to the Commission. On the first of January the Journal will enter upon its forty-first volume, and thirtyfifth since it has been in the hands of its present proprietor. At no period we are happy to say, has its circulation been nearly so large as at present, or its prosperity greater. We attribute this in a great measure, to the firm stand the Miners' Journal has for years taken against great national evils, and to the unde- lege in the vicinity of that town. viating support it has given the Government

in the prosecution of the war against the slave-bolders' rebellion. The intelligent, honest and patriotic in this County, and beyond its boundaries, are numbered on our sive mental exertion is said to have been the subscription list by thousands, and we have cause of the disease of which she died. the satisfactory consciousness of knowing that our course meets their approbation. As a faithful recorder of the progress and condition of the Coal trade, the Journal has always held

the leading position in this country, and will endeavor to preserve it. The other features of the paper will be kept up to the old mark, rendering the Journal not only a reliable business and an honest, fearless political sheet, but an interesting family paper.

Feeling thankful for the large accessions to our list, which have been made during the present year, we trust that our subscribers to whom we send copies of our Prospectus, will eel an interest in still extending the useful 2388 of the Journal, by each early in the coming year, sending us an additional subscriber.

 PROSPECTUS. The Military and Naval successes of 1864, with the suspicious result of our Presidential context, have lifted a heavy weight from the breasts of the Loyal Mil-lions of our countrymen. It is now felt even by those who have been distrustfal and faint-hearted, that the union to emerge witumphant from the deadly strife whereinto she was so wickedly precipitated by her as-sailants, and that Slavery, her releaties foc, is to en-counter the fate of Haman. The perils of foreign in-tervention and of. Western Insurrection are safely passed; Arsanaw Luccocx, no longer assillable as the choice of a minority, holds the heim of State for four years longer; the Rebellion, palpably weakened by its defeats and losses. during, the year now closing—with its credit so reduced that its purse-bearer officially de-clares that its Treasury Notes can only. De exchanged for coin at the rate, of twenty-five for one, while its particidal hand and remit its matter-spirits to the, jus-tice, or it may be to the elemency, of a sorely wronged and justly incensed but forbearing and magnaninform People. Such are thelauspices which justify our faith that the year soon to open will eee the Stars and Stripes foot unchallenged from every battement in the Re-public, and the perfect law of Liberty for All immova-by imbedded in the Constitution of our Union. THE NEW-YORK TRIBUNE, founded in 1841, will enter upon its twenty-fourth year with guickneed hopes and entered means of usefulness. Its principles need PROSPECTUS.

lands. As soon as 50,000 shares shall have been subscribed, a temporary Board of Officers will be chosen by the subscribers, to supervise the examination of the lands, atd manage the affairs of the Association, until the several Companies are formed and organized. The importance of the oil production and trade is just beginning to be understood and appreciated; new uses are daily found, and the demand is rayidly in-creasing, keeping always in advance of the supply.--From the money article of the "Philadelphia Ledger," of 16th inst., we quote the following in confirmation of this view: If desirable, it can be made at the Mines, when used by the consumers themselves, in large or small quant ties. In this case, the apparatus would probably cost from \$100 to \$300. Coal. tres wishing the right to make for use or sale, will be

From the money article of the "Philadelphia Ledger," of 16th inst., we quote the following in confirmation of this view: "The operations in Oil Company Stock, were again large, covering, sales of some 33,000 shares. Prices-ruled steady throughout the day, with an advance in some few instances, and the shares of all the better class of Companies were firm. The stocks of several of the companies are coming to be considered invest-ment securities, their dividends being large and regu-larly paid. The field of productive operations in oil is steadily widening, but the widened field and increased production do not keep pace with the uses to which the oil is applied, and prices are advancing. The boring excitement in Greene county is now becoming as great as it has hitherto been on Oil Creek, and the excite-ment on the same subject is all aglow in Virginia. Southern Ohio and Northern 'Kentacky. 'The success that attends the search for oil in the regions named is producing great excitement, and although some money may be lost by unwise speculators in shares, there is scaredly ad doubt that much oil will be produced, es-tablishing a source of wealth hitherto unknown, or, if known, unappreciated." Some Oil Companies have been unsuccessful, from the fact of buying lands Jadly selected, having too lit-tle territory or too small a capital. In such an enter-prise as this, with an enormous territory, in the best oil region, selected by the most competent judges, and with abundant cash means, failure is simply impossi-ble. The (nyestments and profits are certain, 100 per liberally dealt with.

with abundant cash means, fature is simply impossible. The investments and profits are certain; 100 per cent, per annum is a low estimate of the profits on the amount invested. The land will always be worth more than the price paid for it for farming purposes, 640 acres of the land, in the most desirable location, may be selected and laid out for a town, (this being express-ly authorized by the law of West Virginia, under which the Companies will be incorporated), and these lots sold the amount in the will return the whole canital to the at a moderate price will return the whole capital to the

**NEW PERFUME** FOR THE HANDKERCHIEF. Phalon's BUCOMING

Four men, with apparatus costing \$500 to \$750, could o look out for me about Christmas, from Hill to Savannah ?

"W. T. SUERMAN, Major General." "W. T. SUERMAN, Major General." That Sherman had captured. Savannah before the steamer which brought the above despatch had fairly got out of the harbor of Port Royal is probable, from the fact that the messenger, who reached here this morning, says that when coming out of the harbor, and when too late to communicate by signals, the whole fleet began to fire a salute. Upon looking towards the vessels. they were being decorated with flags in honor of some great victory. The opinion prevailed on bourd the steamer that since she left the wharf news had reached the Admiral of the fail of Savannahi:

It can be made to burn quick or slow, and of any strength desired, adapting it to all kinds of rock on Some of the best State Rights are still for sale. Par

Ance she let the annah: of the fail of Savannah: Rebel reports—Beauregard at Augusta-Gen, Klipatrick reported to be mortall For testimonials and full particulars, address or call o

Gen. Kilpatrick reported to be mortally wounded. Barnwone, Dec. 15.—The Augusts papers of the 7th, received at the American office, says that Beauregard arrived at Augusta on the 6th. The Constitutionalist, of the 7th, says the Yankee prisoners report that Kilpatrick was shot through the head and mortally wounded in the fight on Sunday, at Walkers Bridge. The Chronicle of the 7th says passengers by the Sa-vanah train on Monday afternoon, report all quiet in the neighborhood of Pocotaligo. Another report tates that the enemy were advancing their main column on the Coosawhatchie. It was also reported that the enemy captured two guns on Flat Spur Creek on Friday.<sup>4</sup> Nothing definite, however, was obtained. NEW YORK

This beautiful Steel Engraving, painted by Schusselo and engraved by Sartain, is having an immense sale, and is considered by all who have seen it as one of the finest specimens of engravings ever gotten out in this
