A detachment of troops landed on Sunday afternoon, and skirmishers pushed up gallantly to the fort under cover of our fire. Some of the men actually entered the works and brought off the flag. The bombardment by the fleet continued on Monday. Late accounts state that the fort had been much damaged. Undetermined one way or the other, it must now be the focus of public attention. We all understand the immess importance of Wilmington, and the flag and

They have made arrangements for a continuance of contributions from all these leading authors, and have also introduced into their plan for the coming year some new features, which will give the Athantic additional popularity.

A formidable combined land and naval attack is now being made on the defenses of Wilmington, N. C., by a fleet under command of Admiral Porter and an army under command of Gen. Butler. The naval fleet comprises about sixty-five vessels and an aggregate of 570 guns. It sailed from Hampton Roads on the 13th inst. The weather was

The Selection of Jurors.—In Northumberland, Bucks, Montogomery, and other counties of the State a mischieveous practice prevails of drawing jurors of one partizan faith, without regard to their moral or intellectual qualitications. The evil has become so monstrous that special legislation in the matter will be asked at the approaching session of the State Legislature. In this Gounty we have seen men in the jury box utterly unfit to sit there in judgment on their fellow men. If this matter is not entirely remedied special legislation will be required here also. Next week jurors will be solected to serve in the several courts of Schuylkill County during the coming year. In view of this fact we would direct the attention of the officers upon whom devolves the duty of making the selection to the Act of 14th April, 1834. (Purdon's Digest, 1861; page 580) that they may refresh their recollections of obligations strictly imposed upon them by the law, and which, if they observe, must secure a class of jurors within its meaning. The Act relating to this matter, with its accompanying oath or affirmation, is as follows:

Section 8. The Sheriff and at least two Commissioners of every county shall, at least thirty days previously to the first term in every year of

law to about one thousand, and as there were up wards of sixteen thousand votes polled in Schuyl wards of sixteen thousand voices, in their cannot be kill County at the last election, there cannot be the least difficulty in selecting the requisite number of "SOBER, INTELLIGENT and AUDICIOUS persons". The law requires that

ber of "Soben, INTELLIGENT and AUDICIOUS per-sons to serve as jurors." The law requires that ino greater number of names for Jurors be drawn than are requisite for one year and one court. As we stated when adverting before to this im-portant matter, we cheerfully acknowledge that many of our best citizens are yearly selected to serve as jurors; but the people want the entire list composed of just such men. We trust the matter will receive the serious, conscientious at-tention of the Sheriff and Cmmissioners. After a ministry of several years in the Second Presbyterian Church of this Borough, the Rev. Samuel F. Colt, recently severed his connexion with that Church. The members of his congression of the conference of gation desiring to bestow a testimonial of respec-upon their retiring Pastor, prepared the follow into which this week we were desired to publish ing, which this week we were desired to pu. We comply with the request with pleasure: Testimonial of Respect to Reverend Samuel F. Colt.
