This Company has 120 acres of land, in fee, on Allegheny River, immediately opposite Oil City, and adolning Laytonia, with 110 rode front on the river, and 75 rode front on Laye Run. Hon. C. P. Ramsdell, editor of the Oil City Monitor, and agent for this land, assures the Company that it will sell in lots for \$100,000, reserving the oil right which is worth \$100,000 additional. Remandaliate revenue will be derived for the Company from the safe of these Easts and the Company have two good engines with complete fixtures to operate immediately for oil. The territory in this immediate locality has never farled to produce profitably.

Also, one hundred acres, in fee simple, in the celebrated Cherry Run District, immediately adjoining Cherry Run Petroleum Company, whose stock is now worth over \$30 per chare. The Company now have offers, which will be accepted, for sinking wells on lease, without any cost to the corporation and one-half the proceeds to go to the Company. The Curtin and St. Nicholas Companies are in this immediate locality, and their stock is now com nanding a large premium in addition, the Company has 40 acres, in fee simple, on Cherry Tree Run, which empities into Oil Creek; and in the best producing section of the Oil Territory, and 110 acres, in fee simple, on Walnut Bend, "ave miles above the mouth of Oil Creek, and not over two miles from the celebrated Reed Well, now producing over 200 barrels per day. from the celebrated Reed Well, now producing over 200 barrels per day.

Also, the lease of three tracts of land, two on Oil Creek, each producing over ten barrels per day, and one on Allegheny River, producing ten barrels per day of heavy oil, worth now \$21 per barrel. The Company now receives three-fourths of the proceeds of the last named well, and one-half of the other two. Each of these tracts will be developed by the Company by sinking additional wells; and the engines and fixtures are now on hand to do it.

The officers of this Company mean to prosecute the development of these lands, most engrestically. The officers of this Company mean to prosecute the development of these lands most energetically, and they have entire confidence that they will yield very large dividends on the capital stock.

WISTER'S BILSIN OF WILD CHERRY So general has the use of this remedy become, and so popular is it everywhere, that it is manecessary to recount its virtues. Its works speak for it, and find utterance in the abundant and voluntary testimony of the many who, from long suffering and settled disease, have by its use been restored to pristine vigor and health.—We can present a mass of evidence in proof of our assertions, that ertions, that CANNOT BE DISCREDITED.

The Ber. Jacob Sochler. Well known and much respected among the German population in this country, makes the following statement for the benefit of the afflicted:

Hanover, Pa., Feb. 16, 1859.

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparations—Wistars's Barsam of Wild Cherning at the country of the recommend it to the public. "Having used Dr. WISTAR'S BAIRAN OF WILD
THERNY for about fifteen years, and having realized its beneficial results in my family, it affords
me great pleasure in recommending it to the public as a valuable remedy in cases of weak lungs,
colds, coughs, &c., and a remedy which I consider
to be entirely innocent, and may be taken with
perfect safety by the most delicate in health." From Hon. John E. Smith,

A distinguished Lawyer in Westminster, Md. I have on several occasions used Dr. Wistan's Balsam of Whin Cherry for severe colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use.

bowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on

the skin, cruptive and cutaneous affections

These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With

feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual anti-

dotes that medical science has discovered for

this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-

rior to any other remedy yet devised, is known by all who have given it a trial. That

it does combine virtues truly extraordinary in their effect upon this class of complaints,

is indisputably proven by the great multitude

of publicly known and remarkable cures it has made of the following discases: King's

Evil, or Glandular Swellings, Tumors,

Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire,

Salt Rheum, Scald Head, Coughs from

Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases,

Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity

of the blood. Minute reports of individual cases may be found in Aver's American Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some

of the remarkable cures which it has made

when all other remedies had failed to afford

relief. Those cases are purposely taken

from all sections of the country, in order that every reader may have access to some

one who can speak to him of its benefits from

personal experience. Scrofula depresses the

vital energies, and thus leaves its victims far

more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten,

the average duration of human life. The vast importance of these considerations has

led us to spend years in perfecting a remedy which is adequate to its cure. This we now

offer to the public under the name of AYER's

SARSATARIMA, although it is composed of ingredients, some of which exceed the best

of Narsaparilla in alterative power. By its aid you may protect yourself from the suffer-

ing and danger of these disorders. Purge

out the foul corruptions that rot and fester

in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital

functions, and thus expels the distempers which lark within the system or burst out

Analysis of the Massachusetts State Assayer, January 25, 1855.

When evaporated through clean linen it left no oll or offensive matter. In every respect it is a pure spirituous liquor. The Oll which gives to this Brandy its flavor and aroma, is wholly unlike fusil, or grain oil. Its oder partakes of both the fruit and oll of grapes.—With acids, it produces ethers of a high fragrance.—The substitution of this Brandy for Coynac Brandy will do away with the manufacture of fectitious spirits, sold under this name both at home and abroad.

Blanufactured only by H. H. Jacob & Co., TO THE PUBLIC. Thirty years ago I was in the last stages of Pulmonary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parish, then of this city, ordered me to Moorestown, N. J., a distance of nine miles, which took me two days to get there. On my arrival I was put to bed, and there laid for many weeks. This was my native place where all my foully lived and miles, which took me two days to get there. On any arrival I was put to bed, and there laid for many weeks. This was my native place, where all my family lived and had died of Consumption. Dr. Thornton, who attended my fapter in his last illness, was called, and gave me one week to fix up my affairs. He had seen all my family lived and illy go that way, and thought I was to go, too. Then I heard of the remeities I now offer to the public, which cured me. It seemed to me that I could feel them penetrating my whole system.

They soon ripened the matter on my lungs, and I would splt off more than a plut of offensive yellow matter every morning. As soon as that began to subside, my cough, fever, pain, night sweats—all began to leave me. and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength, and I have been growing in flesh ever since. For many years I have enjoyed uniterrupted good health, keeping the liver and stomach leathy with the Seaweed Tonic and Mandrake Pills, as I am of a billions temperament. My weight is two hundred and twenty pounds. On my recovery people would send for me, far and near, to see if their cases were like mine. For this purpose I pay professional visits in the large cities. The consumptives wish to see the one that makes these medicines, and who was cured of consumption by them. To make new lungs is impossible; but cavities in the lungs, and chronic ulcerations of the bronchial tubes can be healed. Such cases are dying hourly under the ordinary treatment of physicians, and just such are cured by the proper use of Schenck's Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills.

I am now a healthy man, with a large cavity in the middle lobe of the right lung, the lower lobe very much hepatized and complete adhesion of the pleura. The left lung is sound, and the upper lobe of the right lung is in a tolerably healthy condition. The great reason why physicians do not cure consumption is, they try to do too much: they give medicines to stop the cough to stop chill, to stop night sweats, hectic fever, and, by so doing, they derrange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies. After I make a careful examination of the patient with the Respirometer, and find lungs enough left to cure. I direct the patient how to use the tree remedies. Remove the cause, and they will all stop of their own accord. No one can be cured of consumption. seased.
Schenck's Palmonic Syrup is one of the best preparaseased.

Schenck's Palmonic Syrup is one of the best preparations of iron in use, it is a powerful tonic in itself, and when the Seaweed Tonic dissolves the mucus in the stomach, and it is carried off by the aid of the Mandrake Pills, the Pulmonic Syrup is made into blood. This is the only way to cure consumption. If I cannot get a good appetite, and food does not digest. I cannot cure the patient. Never mind the cough; remove the cause and it will stop of itself. This is the most trouble I have with my patients at my rooms. They say, "Doe tor, I feel stronger; I can eat; my night sweats are better, and I feel better every way; but my cough is so badyet; "and they are astonished to hear me say that does not matter; remove the cause, and the cough will stop of itself. Schenck's Seaweed creates a good appetite in about nine days, when there is no lung, disease, unless the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale hide to pags off. Keep the liver and stomach healthy, and there is less danger of consumption or any other disease. It is hard to take cold when those organs are healthy. Than diamonds more bright;
Yet often softly shaded
With a pensive, holy light. Where images of mystery Entranced the gazer's view. Bright forms of love and beauty That Thought, the artist, drew.

Between the opening portals
Bright pearls were just discerned,
Where thin and snow curtains
Their rosy linings turned; And forth came sounds of friendship From singing-birds within O, how you loved that dwelling As something most divine.

The soul that dwelt within it Was closely linked with raine You gazed upon the windows You kissed the pearly door.

But now, alas! it's ruined. The grass has o'er it grown; And she who dwelt within On angel wings has flown. She veiled the pictured windows She shut the pearly door; She crossed the rapid river, Andreached the shining shore.
