SHELDON, Dr. SCHENCK-Dear Sir:-About two years ago I was taken with a very troublesome cough and a pain in my preast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended mo for about three months without rendering me any service. I also obtained the advice and treatment of a physican in one of our hos-pitals, and also had the advice and treatment of two other physicians, but allElo no purpose. During this long space of time I was nearly dead; several times my friends came to see me and winces my exit into the spirit world. I was confined to my bed two months as regarded getting well, that was cnitrely out of the guestion. And to think this day I am well and hearty I i was advised by some of my friends, to try Doctor Schenck's Medicines. I accordingly bought bottle alter bottle, nutil I reached the hinth; then I found a decided thang in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty coased. کنند ا Coplay..... White Hall POTTSVILLE, "Try this word." When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled: my skin was as sallow as though. I had the jandico: I felt dull, heavy and alceptess. Dr. Schenck, after examining me, said both my langs were affected, and gave me little bope; but his medicines, in about two weeks, took right hold of me: it seemed to go right through my whole system. The Palmonic Syrup, Sea-Weed Tonic and Mandrako Pills, all took right hold in the right place.
