CONGRATULATION. The Splendid Victory we Have Won.

To the Union Republicans of Schuylkill County: Under the providence of God and by your exertions we have just won a signal victory in the cause of Freedom. It is fitting and proper that the Schuylkill County Union-Republican Committee should in this form recognize the completeness of the triumph; acknowledge the services of all who aided in the work, and congratulate them on the result. We have elected Gen. Geary Governor, by a majority that will reach nearly eighteen thousand, and this in the face of the patronage and power of the Administration thrown in avor of the Democratic candidate. We have elected a Legislature that will choose a good Union-Republican United States Senator to succeed the renegade Cowan. We have gained two Members of Congressone being General HE. RY L. CAKE in this District .-You have increased your vote in Schuylkill County from 7271 in 1804 for Lincoln, to 8793 in 1806 for Geary. This is a magnificent increase. Besides all this vou have achieved a triumph of inconceivable value to the laws have been violated. The people are at the present rate of increase; and the price the country in the endorsement of the Constitutional

Amendment, which was our platform in the exciting canvass through which we have just passed. It is the by the determination of Pennsylvania and the other Northern States to consent to nothing less, will unquestionably, speedily accept it. For we have decided in unmistakable terms, that treason must be made odius; that the rebel leaders must be excluded from national offices of trust and honor; that the rebel debt must be repudiated; the national debt secured, and that a citizen of the North shall stand politically on an equality with a citizen of the South. These principles so necessary to the future welfare of the Republic, having triumphed at the ballot-box, we may well coneratulate each other. To no result in the State, however, can we point with more pride and pleasure, than to that in this Congressional District. Appeals to the justions and prejudices were made by the opposition

enders; direct falsehood and cunning sophistries were ported to ; fraudulent votes were polled in large umbers, and every means used to defeat, our candidates and you elected Gen: Cake on the broadesthes against "My Policy." It is a triumph of princtole, of which you may well be proud. We are under many obligations to the able speakers om abroad who visited this County; to our own siea. kers, second to none in the State, who daily and nightly were on the stump, advocating the Right; to the alflerent ward, borough and township committees to the Boys in Blue, who fought gallantly; and untiingly to the glorious end, and to those adopted ciri hem under God, is doe a result that has thrilled the atriotic heart of the nation with joy, and with these devotees of the immutable principles of Freedom, Justhe and Human Rights, we will march on in the fuare to still greater victories.

At the last election in 1865, Dillingham's majority was 18,729, and the Republican gain in the last election over the pre-

vious vote was therefore 4093 votes. PAUPERS AND CRIMINALS -We learn that the paupers from the Poor House were distributed throughout the County to vote, and Copperheads in order to secure their votes. Paupers and criminals are fit representatives of a party whose policy fills the Prisons

and Alms-Houses of the country. THE poor, miserable Cowan was seen a few days ago on his way to Washington, terribly lemoralized, to account personally to his Master for the defeat in his Congressional district, and their total route in Pennsylvapia. The meeting must have been a rich scene—and no doubt both drowned their sor-

rows in their cups. KEYSTONE STATE NORMAL SCHOOL .- This Institution having been officially recognized by the authorities of the State as the Normal School for the counties of Berks, Schuylkill and Lehigh, is now open for the reception of students. The building is beautifully located in Maxatawny township, Berks County, near

Kutztown. For curriculum and other particulars, see advertisement. WILMINGTON (Del.) COMMERCIAL -Messrs. DISCHARGING WORKMEN ON POLITICAL GROUNDS. We have heard of two cases in the County in which Copperhead employers have discharged. workmen for voting the Republican ticket at the late election. It is well known that Copperheads very rarely employ any but workmen of Copperhead proclivities, while three-fourths of the workmen who vote that ticket are employed by Republicans. It is plain that if the copperheads desire to make discharging of workmen for political reasons, an example and a precedent, the greatest sufferers from such a policy in this Countv. would be copperhead workmen. Would it not be well to pause before initiating such a policy to

One thing is certain—the mines of Colorado are among the richest in the world. I doubt whether either California or Nevada contains a greater amount of the precions metals than this section of the Rocky Mountains. These peaks, packed as they are with deep, rich veins—seamed and striped with the out-cropping of their hidden and reluctantly-granted wealth—are not yet half explored. They are part of a grand deposit of treasure which will eventually be found to extend from Guanainato and Real del Monté to the Mackenzie and Coppernine Rivers, and which, if properly worked, will yield a hundred millions a year for a thousand years! Colorado, alone, ought to furnish the amount of the national debt within the next century. That it is absurd to suppose that the President can constitutionally hold office pending his trial or impeachment, because, beside the power capable of wrongful use as Commander in Chief. he would have a clear constitutional power, should

Analysis of the Massachusetts State Assayer, January
25th. 1538.

When evaporated through clean linen, it left no oil or offensive matter. In every respect it is a pure, spirtuous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil or grain oil.—
Its odor partakes of both the fruit and oil of grapes. With aclds it produces ethers of a high fragrance.—
The substitution of this Brandy for Cognae Brandy, will do away with the manufacture of fictitious spirits, gold under this name, both at home and abroad.

The Bevenue Receipts—Two Circus Performers Injured—Obitunry—Secretary Stanton—Miscellany.

The receipts of the United States Treasury during the current facel year have been very heavy, and the Internal Revenue receipts are greatly in excess of the corresponding period of last year. From July 1st to October 17th the receipts were eyer \$115,500,000, an average of over one million doilars a day, and indicating, if the same rate is kept up for the balance of the year, a total of at least \$350,000,000, aniant \$311,000,000 for the last facel year. This sum is greatly in advance of the estimates of the Treasury Department, not more than \$250,000,000 having been anticipated from this source during the current year.

At the afternoon performance of Howe's circus, in Lancaster on Tuesday, Lazelle and King, besidirers and acrobats, fell head foremost, distance of thirty-one teet, while performing on a stapeze. King had one of his shoulders and one of his wrists fractured, and was injured internally. Lazelle received a concussion on the brain. The accident was caused by a bolt giving way. Dr. Albright, of Lancaster, and Dr. Lafevre were at the exhibition, and rendered the unfortunate men all the assistance in their power.

The death of Theodore Dwight, of Brooklyn, from the effects of a fall from a railroad car, took place on Tuesday. Mr. Dwight was well known throughout the country for his sympathies with foreign political chiles, and as an exemplary and talented citizen. Mr. C. I.
