FIRST CLASS COLLIERY for Lease.—The executors of James Dundas, decd, and the executors of Wm. Richardson, decd, offer for lease the Peaked Mountain Colliery on the "Catharine Grube" tract, situate in Foster Township, Schuylkill County, Penna. The lease will grant the right to mine on the veins known as the "Big Orchard," "Primrose," "Holmes," "Crosby or Mammoth," "Skidmore," and "Rock Mountain" Veins. Also, the right to establish a new colliery on the basin between the Peaked Mountain and Mine Hill, and work all the veins of the basin on both dips—and likewise all coal above water level on the adjacent tract, or any trouble as to patent rights between company, between certain points. The Peaked Mountain Colliery is worked by two shafts, and the improvements, consisting of building engines, new large Connish engines pumps, miners' houses, &c., &c., &c., are all in excellent condition. This most desirable property will be leased on liberal terms.
The owners will make a satisfactory arrangement with a good lessee for building a first class
BREAKER.
Further information and exhibits of maps, surveys, &c., will be given to responsible parties on application to THE EXECUTORS OF JAMES DUNDAS OR WM. RICHARDSON, 402 Prune street, PHILAD., or to CHARLES M. HILL, Agent, Pottsville. 8-

VALUABLE BUSINESS STAND AND BASIN PROPERTY FOR SALE.—The undersigned offer for sale their property, Basin property, known as Princeton Basin, on the Delaware and Raritan Canal, consisting of nearly five acres, together with extensive coal and lumber yards and sheds. To parties wishing to engage in the coal and lumber business, the above property offers inducements not often to be met with, as a very heavy business is transacted here; being of a central position between Trenton and New Brunswick, a large country trade centers here. The property is in good repair. The wharfage and rent of that part which is not occupied by the undersigned, will more than pay the interest on the cost of the property. Having been actively continued to business for ten years past, it is my desire to sell on account. If there is no necessity for my carrying it on any longer, is my reason for offering it for sale. Terms will be made accommodating, and possession given at any time. Parties desirous of further information can obtain it by addressing me at Princeton, N. J., or by calling upon me at Princeton Basin.

VERY DESIRABLE COAL ESTATE FOR SALE.—The Executors of James Dundas, Deceased, and the Executors of William Richardson, deceased, will sell all that valuable tract of coal land known as the "Catharine Grube Tract," the property of the Estate in Case and Foster Townships, Schuylkill County, Pennsylvania.
This tract contains 624 acres, almost all of which are underlaid with proven beams of coal. The tract has three distinct basins on it, viz:—The First or Southern Basin, between the Mine Hill and Peaked Mountain; the Middle or Great Basin, between the Peaked Mountain and Broad Mountain, and the Inverted or Jugular Basin on the Broad Mountain. The former of the Basins contains 1700 yards.
The Middle Basin contains ALL the known veins from the "Big Orchard" down to the first in the series of the measure, including the MAMMOTH—being ten veins in all, of the aggregate thickness of over seventy feet.
There are now two first class collieries on the tract, viz: the Wetherill Colliery—under lease, which expires October, 1871—and "The Peaked Mountain."—the lease of which expired 1st of January, 1867, and which is now unleased. The Wetherill is capacity for a third colliery in the First or Southern Basin, whose operations for years would be above water level. The improvements, which will be sold with the lease, consist of one new, large, powerful Cornish Pumping Engine, 600 horse power, built by Westins & Martella, and all in apt accordance, in complete order, four fifty horse-power and one sixty-horse-power Hoisting and Pumping Engines. 20 Miners' Houses, one large Store and Dwelling House, Reservoir, Water Pipes, Stables, and various other valuable property.
Besides this estate in fee, the undersigned will sell along with it the right possessed by this estate to mine and have water level on the adjacent lands of the Forest Improvement Company between certain points.
For further information, parties contemplating a purchase, are referred to call at the office of the undersigned, where they may examine the inventory, maps, surveys and Engineer's report of its tract. The terms of sale will be made very liberal.

Patented April 19, 1862.
It is now five years since the invention of our Coal Hoisting machine was first brought before, with any machine, have we been favored with such flattering success, there being 700 of them in use. It is simple, durable, and easy of operation, and hence the large number sold and the perfect satisfaction given. We make them with wheels of 4½, 6 and 8 feet diameter. Descriptive circulars sent free on application.

TO COAL OPERATORS.
GREAT IMPROVEMENT IN COAL SCREENS.
The undersigned are now prepared to manufacture, at their shop, in Minersville, all kinds of SCREENS for screening Coal, of the improved manufacture, patented to Jonas Laubenstein, 4th February, 1863.

Screens manufactured by this process, are more durable, maintain their form better, and are furnished at cheap as may to be had in the County.
They are made of square iron, in such shape as to prevent the Coal sliding from one size to the other before it is thoroughly assorted, thus preparing it better than can be done by cast iron or wire screens.
The manufacturers urgently request all Operators wanting Screens, to examine those new patent Screens at their shop, or at work at the Mammoth Vein Colliery of George S. Boyer, near St. Clair, where they have been in use for some time.
By purchasing screens made under this Patent, Iron-masters will contribute to patronize and encourage home industry.
All work done with promptness
