VERY DESIRABLE COAL ESTATE FOR SALE.—The Executors of James Dundas, Deceased, and the Executors of William Richardson, deceased, will sell all that valuable tract of coal land known as the
"Catherine Grob" Tract,
situate in Foster and Foster Township, Schuylkill County, Pennsylvania.
This tract contains 434 acres, almost all of which are underlaid with veins of coal. The tract has three distinct basins on it, viz:—The First or Southern Basin, between the Mine Hill and Peaked Mountain; the Middle Basin, between the Peaked Mountain and Broad Mountain, and the Inverted or Angular Basin on the Broad Mountain. The course of the veins traverses about 1,200 feet.
The Middle Basin contains ALL the known veins from the "Big Orchard" down to the first of the series of the upper veins called the MAMMOTH—being seven veins in all, of the aggregate thickness of over seventy feet.
There are now two first class collieries on the tract, viz: The "Glen Carbon"—under lease, which expires October, 1870—and the "Peaked Mountain," under lease of which, dated 1st of January, 1867, and which commenced business this year. This is ample capacity for a third colliery in the First or Southern Basin, which coal operations for years to come may be above water level.
The improvements, which will be sold with the lease, consist of two engines, large, powerful Corliss Pumping Engine, 600 horse power, built by Mr. Vastine of Pottsville, with all its appurtenances, in complete order, as my duty to see personally. Also, a large Steam Hoisting and Pumping Engines, 32 Miners' Houses, one large Stone Store and Dwelling House, Blacksmith, Water Plugs, Stables, and various other valuable property.
Besides this estate in fee, the undersigned will lease all the veins and workings on his estate to mine coal above water level on the adjacent lands of the Forest Improvement Company between certain points. For further information, parties contemplating a purchase, desirous of leasing, or who may require coal, are requested to call at the office of the undersigned, where they may examine the maps, surveys, &c., and obtain a correct report of the tract. The terms of sale will be made very liberal.
