BOOTH & GARRETT, of Philadelphia, Chemists of high standing in their report of the analysis, say to us:
"The constitution of the above indicates a decided advance in the composition of a Fertiliser by the introduction of a considerable per centage of Potash, and consequences the claim involved in the name "Complete Manure."
WILLIAMS & MOSS, of Philadelphia, Chemists of large experience in the analysis of Fertilisers, say:
"We find from an analysis of your "Complete Manure," that the same you have given it is certainly warranted by its Chemical composition; in addition to this carefully prepared Manure, we certain, double its Chemical stand point, we should state that its mechanical condition is most excellent, being such as to admit of its use in the drill without further preparation."
The "Complete Manure" has been used largely on various crops, and the testimony thus far received proves it to be the best Fertiliser yet introduced.

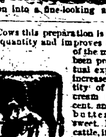
FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly revivify the broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines.
It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, DISTEMPER, COUGHS, DISTEMPER, FOUNDERS, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—in fact transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proved by actual experiment to increase the quantity of cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.


In all diseases of Swine, such as Coughs, Fevers in the Lungs, Liver, &c., this article stands as a specific. By putting from one-half a paper to a pail or barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.
Price 25 Cents per Paper, or 5 Papers for $1.
