NASBY.

The good Old Times—How a Plantation is Managed after the Style of 1860—Looks in 1868—Mr. Nasby Finds Such an One and Reports thereon.

CONFEDERATE X ROADS (Which is in the State uv Kentucky), March 30, 1868.—On my return from the ornery and cussid State uv Michigan, I fell into a state uv despondency from which I found it difficult to recover. The horrors uv livin in a community totally unused to the existence uv the flowin bole, totally impervious to the soothin influence uv the floods uv which we in struck eggsistence, and where the Dimocrisy is a hopeless minority, made reason totter on her throne, and intellekch to reel in a highly ridiculous manner. To dissipate the impression I borrored Bascom's mule and Deakin Pegram's kids bags, and fillin the first with oats and the other with a loaf uv bread and a gallon uv whiskey, madly plunged orf into the interior uv the state, that I mite, in rooral solitoodes, give full sway to the melancholly which oppressed me. Two days drawd I up the mountains brot me to a most interiorist county in the State. Remote from railroads, off uv the stage lines, and not within several days' journey uv telegrafik, it was joly a Arcajon spot. Here was the log cabin uv its primitive simplicity.—here wuz streems to which there wuz no mills—here wuz roads thont no fences—here wuz women without no ope.

Ridin along, musin onto the quiet beauty uv the landscape, I heered a swingin, swishin sound whilin thro the air a dull, heavy thud, and ben oh joy! a shreek. I wuz in a wood, but here was a clearin beyond, and from that clearin e sound proceeded.

Puttin spurs to my steed, or, rather, to get him from the elegancies of descriptive writin to tooal fact, thumping Bascom's mule over the ad with a club I carried, I soon emerged from e forest and beheld a sceen which made my heart up for joy. There was a house—bigger quarre—a whippin-post—and, Good Heving, that I could be so blest—a nigger tied to it and a vigorous old man uv sixty, with a brood brimmed hat and a plous look, a-layin it to him good!

Wuz I wake or wuz I dreamin! Is these real or is I the victim uv some pleasant hallucination! unsonnin, I rushed up to him and fell onto his neck. "Nasby," sed I in extacy, "let thy servant spark in peece!"

Shakin me orf and continyoorin coolly till he'd reeched thirty lashes, the old gentleman bade e niggers standin by to untie him, take him to e quarters and rub his delitefully lasserated ck with salt and water, and turnin he exclaimed who in blazes are you?"

"O, speek them words again," strikin a attiod. "I've bin in Michigan, and them words is unic to me!"

"Well—who in thunder are you?"

"A Dimocrat—a ante-war Dimocrat—which mind niggers (this wuz a time to throw in for effect), but they've been taken from me by a crool tyranny. To see you, a true Southerner, jinkin onmans in the true good Southern style, quite onmans e. Speek! how hev you managed it?"

Slowly rollin over his quid, in a quiet and contemplativ manner, he asked me to the house. On e plazzer wich fronted it, we sat down, and he id me these:

His name wuz Rasper. He knowd uv the emancipashen Proclamashen, but he hed kep it werfully from his niggers, ez hed all the plants in the deestrik. Determined that solely for e good uv the helpliss niggers one seksheun of entucky should be held sacrid that her old, me-honored institushens should be maintained least in one place, he hed held 'em all in the ame condishen ez before the war. The rabors of ten millis square hed organized a league, and d sworn a sollem oath to keep their niggers towise—to shoot at site all uv em wich attempted run away or even to communicate with other ggers, and that by drawin a cordon, as it were, ound em, they hed been kept in a state uv tollaesabjechen. It cost em ten or fifteen times much to keep em as the niggers made, but sa'sfy that? Kentucky wood never submit to e niggers or her Dimocrisy, and in one spot, schlocted she it wuz, they were determined to hev a. oo sample uv both.

At this point the son uv my host rods up onto a ray ridge from another plantashen which the old man owned six miles away.

"Ha! John," sed my honorable freend, "how is things over the Run?"

"All's well, dad," sed he.

"Hez Joolius got sufficiently over bein chawd by the dorgs to do his regler work?"

"I shot so. He played orf a little while this morning, but we catched him till he wuz willin to ive up his obstinacy and go at it. He's doin his verage.

"Hez Cæsar got well uv that charge uv buckhot?"

"Cæsar, no! he died. He tuk cold in the leg nd it mortified."

"Jest my luck! He wuz the best hand I hed n the place. O! my friend, observe the effeck uv a hasty temper! He gin me too much uv his ip, I put a charge uv shot into him, and now he int with the powder that under the sun. Oh, ow hev I wrastled with that ungovernable temp r uv mine! Hez that stranger up the run bin lookd after?"

"Yes. Me and Tim Duggins spected him uv oing a emissary, ez he took a noospaper and his vife had bin seen combin her hair, and we inisisted him. He took the Noo York *Triboon*, and a party uv us gave him ten minits to git out; as he didn't git out we shot him. His family is still on the place, but they will probably leave soon, ez we shel burn the cabin down to-morrer."

"How is Kitty?"

"I scoden't do much with her. Sence her baby was born she hez never bin worth much, and to git shet uv her, I traded her orf to Simpson, on the East Branch, for a bay mare uv hizzen and a bull pup. He's crumpled me to play seven-up, best three in five for the lot, and I lost. The baby hez a strong, healthy look, and I give it over to big Lize to bring up by hand. Simpson sold Kitty to Ambrose, off on the West Branch, and she wus carried over ther yesterday."

"Well, come in. Its well nigh nite. Come in to supper."

We hed supper, and afterwards prayers, and after that cut-throat loo for dollar stakes.

The next day wuz Sunday, and a most happy Sunday it was for me. The preecher, supported by the happy flock, wuz on the the reel stock, which is unfortunitly sposed to be. His sermon in this mornin was a most morth disquisishen on the sens we hev, inkulkatin the grate trooth that the niggers wuz created from the beginnin for the sole purpose uv bein the servants uv the sons uv Japheth, and, incidentally, he wove in a most concloosive defence uv the evangelicity uv ketchin niggers with dorgs. To the master he recommended justis, tempered with such Christian forbearance ez he felt he could afford;—to the servant obedire submission, ez it wuz the will uv the Lord.—Ez the old man wuz in his perorsashen, ther wuz heard up the swamp the sound uv dorgs.—The yelps in the distance, ez faint ez the whisper uv a mother, grew nearer and nearer, until the melojus voice uv the whole pack wuz a chimin in our ears. The preecher stopt and prickt up his ears, ez did every one in the congregashen. The report uv a rifle was heerd and a shreek followed it.

"Be quiet!" sed the good old man. "Its nothin. Perkinses man John run away last Thursday, and this the mornin Perkins started out after him with Bostin's dorgs. It's all over now, and you kin render Perkins no assistance. That shot frightened the despirit man and the dorgs are by this time onto him. O, why will these perverse spirits try us so? Why will they run off and make the ketchin uv em even on the Sabbath a work uv necessity and mercy?"

Just then a fresh yelp from the hounds showed that the preecher was wrong. The nigger hed not bin hit, but hed played possum and hed started for a fresh run. The congregashen started for the door and in a minit they were out pellmell surroundin the clump uv woods into wich he hed taken refuge. In a few minits the dogs chased him out, and a revolver shot laid him a cold corpse. Peacefly they returned to the church where the paster, his cheeks glowin with the excercise, pronounced the benedickshun and the congregashen separated.

Gladly would I hev stayed there, but it wuz impossible. For me the conflick—I am needed where there is fightin to do. The next day I borrowed seventeen dollars uv my kind entertainer and rode away feelin that one day this spent would compensate me for all I endoored among the Michigan scoffers. Wood ther were more sich cussises.

A good satire on the New York House of Assembly was prepetrated the other day by one of its members. A proposition to allow Commodore Vanderbilt the use of the hall to "talk railroad" being before the Assembly, a member asked "if this was the House that Vander-bilt?" And a voice replied, "No; but he has bought it."

MRS. PARTINGTON has been reading the health officer's weekly reports, and thinks that "Total" must be an awful malignant disease, since so many die of it as all the rest put together.

A PAPER asks very innocently, if it is any harm to sit in the laps of ages. It depends on the kind of ages selected. Those from seventeen to twenty-five are extra hazardous.

The local of a Helena (Arkansas) paper devotes thirteen lines to thanks for one drink of buttermilk. It probably occurred to him that that would be a good whey to get up an item.
