NASBY.

Mr Nasby Suggests a Shaven of Meat for the Distressed South—who are in Danger of Loosing Their Niggers.

[From the Toledo Blade.]

WASHINGTON, Nov. 18, 1868.—We had a meetin in Washington last nite to consider things. There are many things to consider just now and it wuz deemed proper to consider em. It wuz a lodge uv sorrow. Ther waz faint glimrins uv hope onto the contenances uv a few uv those present but nothin uv certinty—nothin uv saboorness. Sekretary Randall remarkt that so far as he wuz concerned he had made up his mind. He shood not take offis under the insoodin administrashen. He mite yeeld in other matters (for he wuz nv a yeeldin nacher), but on this he wuz inflexible. McCulloch and Browning were also determined, but Seward had other idees. He chirped in that the oldest man shoodent tell wat sixty days wood bring forth.

"Wat shall we do?" askt a Postmaster from Ohio.

"I adjest for President Johnson," sed Randall, "that he apply for the Spanish throne. He wood be acceptible to the Spanish people, for he hez eggsakly his life been puttin the Bourbon down!"

Randall hez no longer any fear uv the President.

"Gentlemen," remarkt I, "I hev an idea which if acted onto will pull us out uv our sea uv troobles."

"Speak!" exclaimed they all with one breath; "Speak!"

"My idea is Cuba. Cuba the gem uv the Antilles—the britist jewel in the crown uv Spain. Let Sekretary Seward, who hez a talent for real estate, buy it now before the new Government gits its internal revenoo system establisht, and while it is hard up for money. Let Cuba be the politikle Botany Bay uv this country. Let it be bought by Seward and then let the President go to work to wunst a fillin offices for its government, while he still hez the power uv appintment. He must not wait to hev 'em hold electshins, for we allus succeed better in gettin offisis by appointment than by elecshuns. Wat a Heaven I see open before us! I hev been readin Cuba up, and I find that that island pays the home government $25,000,000 per annum. If the Spanish government kin git $25,000,000 out uv 'em, we kin double it with our experience. There's enuff for all uv us. Give Randall a place correspondin with that he now holds; make Ben Wood sooperintendent uv the Havana Lotteries; make Frank P. suthin else, what it don't matter, ez he'll take anything; make good places for Ross, Fullerton, Binkley, Mrs. Cobb, Vallandigham, Brite, Mrs. Perry, John Quincy Adams, Jr., Frank Pierce, Giral Forrest, Jim Steedman, Bosso, Doolittle, Cowan, Dixon, Sekretary Welles, and all of that unnumbered throng uv hungry soles, who hev lived on pap so long that any other diet sours on their stumjicks. And then—"

"But spoils Congress, when it meets, refooses to ratify the purchis by makin an appropriashen?" askt a doubter.

"Refooze to make the appropriashen! Befooze! Ha! Put before Giral Grant the prospeck uv never agin seein the Blair family—put afore Congress, the Amerikin people the hope uv never seein agin the faces uv any uv the men I hev menshuned, with the thousands uv others uv similar tastes, habits and necessities, and wat wood twenty or thirty millions, more or less, be to 'em? Nothin! Congress wood vote it instantaneously and the people would all say 'Amen!' Lord, how quick the bill wood go through and how quick Grant wood sign it.

"But spoils Congress shood refooze, wat then? Just as well. The Blairs wood hev their pockshuns, and the Cuban officials, if they are versed in American politikle history, known, ef they know anything, that when the Blairs get into place, nothing but death loosens em. We should hist the banner uv independence—we shood paint into that banner the inscription: 'Offices for all, in a Country where likker is not Taxed!' and in a week's time an army of Dimokrats, big enough to capcher Spain herself wood be on them shores! And who could stand afore 'em? Whisper 'Post Offis' in their ears, and they'd wade knee deep in blood. Lord, how the Spanish soljery wood go down afore em? How Frank Blair wood go for Lersundi! how all the trained cohorts uv Dimocracy wich hev been a abstainin from offis so many years, wood risk their all for a taste uv the sweets uv posishen!

"Oh! the deliciousnis of the prospeck! Think uv an island with enuff niggers onto it to do our labor, and enuff white Cubans who can't read to vote for us! Why, it wood recall recollections uv them happy days before the war when the Dimocracy wuz thus constituted. I hunger and thirst for sich."

"Roll swiftly round ye wheels of time,
And bring the happy day."

"Then Giral Grant cood hev peace! Then he wood only hev Abolishists on his hands! Then the niggers of the United States mite hev suffrage, for it wood make no difference to us. We wood hev offis to live onto, and pure niggers to look down upon, and wat more cood we want? The only difference wood be, we wood hev to accustom our stummicks to Santa Cruz rum in place uv whiskey, but that we cood do. The effect upon the bowels is the same—it differs only in taste, and I am told that when both are new there aint much difference in that."

The segestion was favorably received, and I hev no doubt it will be acted upon. If it is—but why this "if." It must be done—it shall be.

ROLLING MILL FOR SALE.—The undersigned offers for sale the "MOUNT CARBON ROLLING MILL," located at Mount Carbon, near Pottsville, Schuylkill County, Pa.
The Mill contains 4 double puddling furnaces, 8 heating furnaces, 1 train 16-inch rolls for puddled iron, 1 merchant bar iron train, 1 train plate rolls 12 inches in length by 54 inches diameter, and all other machinery for the manufacture of the above description of iron.—The plate and puddling mills are propelled by a vertical engine of 300 horse power; the bar mill by a horizontal engine of 80 horse power, and the remainder of the machinery, such as shafting, shears, &c., &c., by 2 engines of 60 and 10-horse power respectively.
The Mill buildings which cover an area of over 25,000 square feet, are all (as are the furnaces and machinery they contain) of recent construction, built in the most substantial manner, and covered with slate. A switching from the Reading Railroad, which immediately adjoins, serves for the convenient discharge of coal, metal, &c., and for shipment.
Long experience in the working of the Rolling Mill, as 1st of arable and woodland, also an office, two houses, 91 good and convenient dwelling houses, and other farm. Part of the stock, if sold cost in town lots, would meet with a ready sale. A capacious reservoir near the Mill, affords to the boilers an abundant supply of pure spring water. There is also an excellent stone quarry on the premises. For the successful prosecution of the manufacture of iron, the location in which as is rarely surpassed. Coal of the best quality is mined in the immediate vicinity.—The facilities of transportation are ample—either by the Reading Railroad and its numerous connections, or by the Schuylkill Canal. The large quantity of iron consumed in the coal region, affords an excellent home market, and an abundant supply of scrap iron.

Bartram & Fanton Manufacturing Co., Danbury, Conn.
We are at last offer to the public our IMPROVED MACHINE which we warrant more perfect than any other sewing machine made.
They sew a stronger and more elastic seam, and do a better and greater range of work than any other.
It has the honor of being the only simple thread machine that has been awarded a first prize over double threads, in direct competition.
All are invited to call at the Danbury Shirt Factory and see them running by power, side by side with double thread machines.
Hear what those that have used them say:
"They machine gives entire satisfaction."
E. S. Platt, Pres. Atl. Mut. Life Insurance, Washington, D. C.
"The most perfect little slave to woman's hand I have ever seen."
Mrs. G. H. S. Hyde, Brooklyn, N. Y.
"Could almost as well part with our farm."
Mrs. Mead.
"I have used nearly every kind and never saw its equal." Mrs. G. H. Ahmuty, San Francisco, Cal.
"A quantity of neatly finished garments folded and nicely laid away, a new proof that the E. S. F. Machine is not only better than any other, but is easy to run."
Mrs. G. H. Pasmore, N. Y.
"I'm sole charms. Miss. Chamboun, Paris, France.
"They are of the best on exhibition; we therefore recommend them to buyers of the first class.
