The MINERS' JOURNAL is more than double the size of any other paper published in the Coal Region, and contains more reading matter than any other paper except one published in the United States. To give the reader some idea of the amount of matter contained in a single number of the JOURNAL, furnished for any county, we have taken an ordinary issue, and found that it contains more than is contained in a 48 column paper from the city publishing houses. And as the back numbers will be furnished to subscribers during a year for $2 75 in advance, or $3 00 if not paid in advance, or $3 50 if not paid within the year, it is now apparent that the JOURNAL has been grossly and unjustifiably underrated in the matter of size, as it is now and has been for a long time, the largest circulation of any newspaper published in Pennsylvania, and is steadily on the increase. As an advertising medium it is the best ever offered.

MINERS' JOURNAL, AND POTTSVILLE GENERAL ADVERTISER.

I will teach you to pierce the Bowels of the Earth, and bring out from the Caverns of Mountains Metals which will give strength to our hands and subject all Nature to our use and pleasure.—St. JEROME.

Stephenson Safety Lamps.
As at some of the iron ore stamps is very prevalent, and the common Davy Lamps is not considered safe, we have got up a safety lamp on Stephenson's principle, which contains a circular glass tube inside of the wire gauze. This is one of the best safety lamps that can be obtained, in consequence of the safest Lamps in use, and is now extensively employed in all the mines of anthracite coal in Scotland. It is also in use in several mines in this country.
THE CLANNY LAMP, the DAVY LAMP, and SAFETY CANDLES, of the latest and improved patterns, made of the best quality Government Wire, by the single dozen or hundred.
These Lamps are all manufactured to our own order, and we can safely say that they are the best lamps presented to the English Government here safely.
Gauze constantly on hand to suit lamps by general use, as also Gauze Cloth of the very best quality. Please state what kind you want, when ordering.
