

UNIVERSAL SUFFRAGE.

Calm has succeeded the storm, says the Erie Republican, the smoke of conflict clearing away we are enabled to survey the whole field before us.

It is a law of the land—adopted after due deliberation in the Senate—that all male citizens of these United States should be equal in civil rights; that no man should be disfranchised except for crime.

With the inauguration of Grant the last vestige of doubt will be removed from the minds of those who still think some check possible to the reforms instituted by the Republican party.

What Are You Going to Read.

The long winter nights are coming. Towns and cities are full of young men whose education has been very limited.

What plans have you, my friends, for this winter? Business will be attended to, of course.

In either case, what do you propose in regard to READING, or STUDY? Are you educating yourselves? Do you regard books as necessities of life, or as luxuries?

Newspapers and magazines have their own place, and indispensable uses—but they are not substitutes for books.

It ought to offend the self respect of a young man to spend a whole year without having mastered a single new book.

Now is the time to consider, resolve and arrange. It will require a firm purpose and steady hand to carry you every week through an agreed amount of reading.

Books are shields to the young. Temptations are blunted in them which otherwise would pierce to the quick.

STORY OF A REFUGEE.

At the Republican demonstration at Rand's Hall, Troy, on Wednesday evening Colonel Montgomery, now of Ohio but a native and former resident of Tennessee was one of the speakers.

He deserted, but was recaptured, tried by court martial, and sentenced to be shot. Fortunately he escaped, and with his wife and child traveled on foot a distance of one hundred and fifty miles to the Union lines.

Five years ago," said he, "there arrived in this city a poor destitute refugee from the South with his wife and little daughter. They were friendless, destitute and unknown.

As the colonel said this he burst into tears, and for some moments was wholly overcome with emotion. The vast audience he was addressing fully sympathized with him, for there were very few dry eyes in the house, and even strong men unused to the melting mood cried like children.

SPAKING OF THE recent election of Grant the Toronto Globe says: "The new Administration will not come into power until the fourth of March next; but the moral effect of this election must be felt at once.

SENATOR SUMNER thinks that with Grant's election, the sustaining of the reconstruction acts and the consequent peace of the South and the country, the mischief of repudiation will cease and that it will be quite practicable to resume specie payments next Fourth of July.

A very sad calamity occurred at Pea body, Mass., Tuesday afternoon. Three of the children of Byron Goodell—a boy and girls, (twins), 5 years old and a girl of 3—set fire to his barn while playing with matches, and were burned to death with it.

THE ROMAN Catholics who commenced operations in China two hundred years ago are making great headway among the Celestials they are erecting a cathedral in Canton to cost three millions of dollars and be put up in Peking, while in nearly every important city in the Empire they are building a church.

MR. BREWSTER of Philadelphia, in his speech at the Cooper Institute on Tuesday night, quoted Gen. Grant as having lately said to a friend: "This much I wish, and I declare this to be my policy: that such a degree of peace and tranquility shall exist in this country, that a man may speak his mind in any part of our great land, and that without molestation or hindrance."

THE leading paper of the Northwest, the "Wisconsin," Milwaukee, gets off some very good things, among the latest of which we extract the following:

AN EXCELLENT MEDICINE.—One of the most popular medicines of the day is Hoodland's German Bitters, which is designed to keep the stomach and liver in a healthy condition.

HOODLAND'S GERMAN TONIC.—Is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, orange, anise, &c. It is used for the same diseases as the Bitters, in cases where an Alcoholic Stimulant is required.

LECTURE TO YOUNG MEN—JUST

published in a sealed envelope.—A Lecture on the Nature, Treatment and Radical cure of Spermatorrhoea, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to marriage generally.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the use of internal medicine, or the application of the knife, pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
