Elk County Advogate. FRIDAY, MARCH 12, 1869 FOR GOVERNOR. JNO W GEARY. Subject to the decision of the Republican State Convention.

NEW APPOINTMENTS.

Washington, D. C. March 11. The President to-day nominated to the Senate George W. Boutwell, of Massachusetts, Secretary of the Treasury : Hamilton Fish, of New York, Secretary of State ; Gen. John A. Rawlins, Secretary of War ; E. B. Washburne, of Illinois, Minister to France ; A. K. Smart, Marshal for the District of Columbia.

A report prevails that Major General Schofield will be assigned to the command of the Pacific Coast, vice General Halleck.

A BIG SWINDLE.

Under the above caption we find the fol lowing in the New York Evening Mail : Smokers of the old fashioned "cut and dried " tobacco are beginning to find that the new system of putting all tobacco in packages so as to have " met all the requirements imposed by law" lacks the simple requirement of being fit to use. The plan gives large dealers an opportunity to impose on retailers and their customers, by putting up the filthiest compounds that can be called tobacco, which is dampened to such a degree hs to make it weigh well. that it becomes musty and makes even the vetern smoker turn from it with loathing. The law was enacted because of the large revenue expected to be derived from it, but the manufacturers of the cheaper brands are making use of it as a cloak to one of the bigest swindles of the age. Heretofore, a purchaser could have the privilege of examining the article before purchasing, but now he must take the risk of a sealed package, that previous experience teaches him is most probably a lawprotected humbug. This " buying a pig in a poke " may be all very well for the revenue, but it is death to the buyers. The law has barely gone into effect yet, but fortunes have already been made from this national swindle. We have seen several specimens of the article, purchased at different places, and in each and every case the tobacco was such as no dealer would think of weighing out for a customer, or would even allow it to be in his store in bulk.
