SOME very naughty and wicked newspaper man says Mrs. Cady Stanton is "a woman detestably and fearfully moral!" Put him out.

COURT during the past week in this place has been unusually well attended, and we noticed quite a number of eminent members of the bar from different parts of the State in attendance.

On the 4th instant, John Griffin, while at work in the Potland saw mill, made a misstroke with his axe, cutting one of his limbs in such a manner as will lay him up for some time.

AN Alabama editor, in puffing a grocery kept by a woman, says: "Her tomatoes are as red as her own cheeks, her indigo as blue as her own eyes and her pepper as hot as her own temper."

The plank walks which have been laid through the court-yard are a decided improvement and reflect credit on their projectors. Persons attending court need not now wade in mud over shoe top in order to get to the courthouse.

FATAL ACCIDENT.—A young man named Charles Gideon, employed at the camp of R. B. Johnson, in Jay township, was killed last Monday while engaged in felling a tree. He was a native of the State of Maine, and was a young man of exemplary habits and good moral character. His age was about twenty-four years.

MARK TWAIN understands newspaper responsibilities. He says: "Mr. Greeley is going to lecture on the Byron scandal. We have no authority for making the statement, but then it makes an interesting item of news, and the inexorable business of a newspaper is to collect interesting news."

BOSTON has a philanthropist who visits the prisons. Said he to a prisoner: "Most of your friends think your sentence was excessive; nothing like it was ever known." "Yes, I suppose so," was the prisoner's reply; "but then, you know, everything has gone up since the war."

Many Fern says: "If one half the girls of previous lives of the men they list of old maids would be woe increased." Whereupon the Bos. asks, "If the men knew what future lives were to be, wouldn't it ease the list of old maids still further?"

PAPER petticoats having come into fashion, the following advertisement thereof appears in England: Madame Percalle begs leave to call the attention of the ladies about to visit the seaside to her new and richly embroidered petticoats at one shilling each. Each petticoat contains an installment of a new novel of great domestic interest, by Anthony Trollope, entitled "Peaks or Frills." The story will be complete in fifty weekly petticoats.

We will endeavor to give the Court proceedings in the next issue of our paper.

There will be divine service held in the Court house on to-morrow morning at 10 o'clock, the Rev. Little officiating.

THERE will be a donation party and oyster supper for the benefit of Rev. Levi Little at the house of Horace Little, Esq., on next Wednesday evening. All are invited.

MISCELLANEOUS.

A GREAT REMEDY FOR THE CURE OF THROAT AND LUNG DISEASES

Dr. Wishart's Pine Tree TAR CORDIAL.

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar by which its highest medicinal properties are retained.

It is the only safeguard and reliable remedy which has ever been prepared from the Juice of the Pine Tree. It invigorates the digestive organs and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on the lungs.

Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing inflammation.

It is the result of years of study and experiment, and it is offered to the afflicted, with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure:—

Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Blind and Bleeding Piles, Asthma, Whooping Cough, Diphtheria, &c.

We are often asked why are not other remedies in the market for Consumption, Coughs, Colds, and other Pulmonary affection equal to Dr. L. Q. Wishart's Pine Tree Tar Cordial. We answer—

1st. It cures, not by stopping cough, and by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough.

2d. Most Throat and Lung Remedies are composed of anodynes, which allay the cough for awhile, but by their constringing effects, the fibers become hardened, and the unhealthy fluids congregate and are retained in the system causing disease beyond the control of our most eminent physicians.

3d. The Pine Tree Tar Cordial, with its assistants, perfectly, because they remove the cause of irritation of the mucous membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions, and purify the blood, thus scientifically making the cure perfect.

Dr. Wishart has on file at his office hundreds, and Thousands of Certificates, from men and women of unquestionable character who were once hopelessly given up to die, but through the providence of God were completely restored to health by the Pine Tree Tar Cordial. A physician in attendance who can be consulted in person or by mail, free of charge. Price of Pine Tree Tar Cordial \$1.50 per bottle, and \$11.00 per doz. Sent by Express on receipt of price. Address: L. Q. C. WISHART, M. D., No. 232 North 23 Street, Phila. Pa.

ECLECTIC PHYSICIAN.

The word eclectic means to choose or select. The word eclectic means to choose or select the best medicines from all the different schools of medicine; using remedies that are safe, and descending from practice all medicines that have an injurious effect on the system, such as mercury, antimony, lead, copper, &c.

I lay aside the lance—the old bloodletter, reducer or depletor, and equalize the circulation and restore the system to its natural state by alteratives and tonics. I shall hereafter give particular attention to chronic diseases, such as Rheumatism, Dyspepsia, Liver complaint, Catarrh, Nostrilgia, diseases of the throat, urinary organs, and all diseases peculiar to females, &c.

CATARRH I treat with a new instrument of a late invention which cures every case.
