NEW RAIL ROAD ROUTE .- We have received a map of a new Railroad Route called the Rochester and State Line and its branches. The route from Rochester to McKean county is almost a straight line. The route is selected from McKean county to Ridgway and up Little Toby to Jefferson county, there to connect with the Allegheny Vailey Road. Ridgway being on an air line from Pittsburgh to Rochester and the only route giving advantage to the coal and lumber of this section of country. We are glad to see Rochester waking u; to a sense of her duty and interest. This road would not only furnish her with an endless amount of coal, but millions of trade.

The counties of Elk and Jefferson are rich with coal of good quality, ; Jefferson bas veius of bituminous from five to twentyone fact thick; also vasts amounts of pine and homlock which is bound to invite in but Americans wear square toes" Tannerymen as the cites for tanneries are no better in the States.

This route in passing along the Clarion river will pass many lumbering establishments which are cutting from two to five millions each per year.

This party hardened its heart and followed after the people whom God was leading, and its fate is already written once in history: "And Israel saw the Egyptians dead upon the sea shore."

## FOR CONGRESS.

Below we give the letter of G. W. Scofield, our member of Congress, consenting to be a candidate for re-election. We beneve that Elk County will be pleased with this, and we presume there will be little or no opposition in the other counties of the District.

How They Know the Yankee.

One day last full, says a writer, in company with an eminent clergyman of London, I was making my way toward the Thames Tunnel, when we were stopped by an itmerant vender of pictures, who seemed to know my companion. "Buy some of London, sir," he said, "and you can give with him." I was in a hurry-but my had been running to a fire.

"How in creation did you know that I was an American?" I asked.

INDIAN WAR. WASHINGTON, April 26.-There is now surrent and alm at certain prospect of an Indian war. Advices received and telegraphed, supplemented by still more startling news, official and unofficial, were re- Easton ceived to-day at the headquarters of the army. Within one mouth twenty thousand Sioux are expected on the war path These with allies of Cheyenne and other northern tribes will make a formidable force. The cause is as usual. The failure of the Government to live up to the treaty tipulations. ### ANOTHER BORDER RAID.

The border Raiders have rivals in Congress. Booker, the telegraph tells us, has introduced in the House a resolution that the honor and good faith of the Government are bound to the payment of loyal citizens of the South for property of evry kind taken from them for the use of the Government. Now, it is the unanimous evidence of all the soldiers who have returned from the war that wherever down South there was a chicken there was loyalty. Neither man nor officer ever saw an atom of property in all rebeldom that had not a loyal owner. The "two vests" and the "fourteen pound ham" of the Cumberland sufferers PATENT ELASTIC CORK HORSE would be nothining to the destroyed luxuries and oppulence of Dixie. Pass a bill grounded on this resolution, and our chilincome tax to pay, and five per cent at that. We oppose it just on the ground that we oppose all such bills from any source.
