Rowpyism .- There seems to be a growing tendency of some of the young men in Ridgway to rowdyism. And one of the nuisances to be clasified under this head is the "heathen" practice monwealth and costs of prosecution and of serronaling newly-married couples. Upon such occasions a crowd of boys, and, we are sorry to note, some who call themselves men, assemble and with old tin-pans, cow-bells, and horns, proceed and stand committed etc. to the residence of the newly-married, and give a "serrenade," the purpose of which is to have the bridegroom introduce all hands to the bride and then "treat" the crowd, and if this requirement is not complied with, the "horning" is kept up, often for two or three hours. the Shiloh Presbyterian church in St. Now, can men or boys who engage in Mary's to the Garner road in Benzinger this nefarious business expect to be township, to the farm of Charles counted as anything but roughs? and Schissel at a point at or near Thomas would not common decency suggest a county August 10, 1871. But Dr. Hootland's henefactions to the human race are not contined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared an-other medicine, which is rapidly winning its way to popular favor because of its in-trinsic motifs. This is HOOFLANO'S PODOPHYLLIN PILLS, a perfect substi-

tate for mercury without any of mercury's evil qualities. These wonderful Pills, which are intend-

ed to act upon the Liver, are mainly com posed of Podephyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfect y pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and enusing it to make its billiary secretions in regular and prope quantities. The inju-rious results which invariably follow the use of mercury is entirely availed by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is

skillfully combined with four other extracts, one of which nets upon the stomach. one upon the upper bowels. one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system in an equal and harmonious manner, and its action entirely ree from nausea, vomit-

ing or griping pains common to all other purgatives, Possessing these much desirable qualities

the Podophyllin becomes invaluable as a FAMILY MEDICINE.

No household should be without them They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dys ship officers. All Supervisors and Tr as-urers, withes accounts have not already been the system is ordidarly subject. The FODOPHYLLIN PILLS

act upon the stomach an I bowels, carrying off improper obstructions, while the Bitters or Tonic jurify the blood, strengthen and invigorate the frame, give tone and appy tite to the stomach, and thus build up th

invalid anew. Dr. Hoofland, having provided internal remedies for disease, has given the world one mainly for external applicati n, in the wonderful preparation known as
