ADVERTISING AGENCIES-It is a

fact that all those persons doing a business which requires extensive advertising, and who from the mode of conducting it are able to arrive at a close approximation of the results produced by each separate investment in this way, are universally of the opinion that better contracts can be secured through a well-established Advertising Agency like that of Geo. P. Rowell & Co., New York, than can be obtained from publishers direct, no matter how familiar with rates and papers the advertiser may be.

ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of the human system, that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the charities of life. Far from it. Those who have experienced its torments would scout such an idea. All dread it, and would gladly dispense with its unpleasant familiarities.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively disagreeing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC. We have said that dyspepsia is perhaps the most universal of human diseases. This is impliedly true in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS. Nearly every other person you meet is a victim, and apparently willing one were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptic, What is this remedy to which we refer? This great alleviator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carried with comfort and encouragement to thousands of others. This acknowledged panacea is none other than

DR. HOEFLAND'S GERMAN BITTERS. Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to give you assurance of its efficacy given by the proprietor, then abandon faith in it. LET IT BE REMEMBERED.

First of all, that HOEFLAND'S GERMAN BITTERS is a pure tonic. It is composed wholly of the pure juice of vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of dyspepsia, indigestion, biliousness, jaundice, Liver Complaint, Bilious Disorders, Jaundice, Rheumatism, Gout, Dyspepsia, Chills and Fever, Tape Worms, Dropsy, Loins, Side and Head and Female Complaints.

\$1,000 REWARD!

A reward of One Thousand Dollars will be paid to any Physician who will produce a medicine that will supply the wants of the people better than the article known as DR. FAIRBANKS' Celebrated Blood Cleanser or Panacea.

BURLINGTON.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best line is acknowledged to be the C. B. & Q., joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the Burlington Route.

The Main line of the Route running to Omaha, connects with the great Pacific Roads, and forms to-day the leading route to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. M., diverging at Red Oak, falls into a line running down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and by a slight divergence, can see Nebraska also.

Lovers of fine views should remember the Burlington Route, for its towns "high-gleaming from afar"-its tree-fringed streams-its rough bluffs and quarries-its corn-crooks stretching over the prairies further than the eye can reach.

Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought farms from Gen. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, or among the four thousand home-steaders and pre-emptors who last year filed claims in the Lincoln land office, where "Uncle Sam is rich enough to give us all a farm"
