Now that Spring, with her rosy breath and balmy breezes, is near at hand, the tidy housewives will soon be astir in remodeling their homes by the addition of new furniture, &c., and we know of no place where a thrifty housewife can be better suited in the furniture line, than at the extensive Furniture Ware-rooms of our friend, A. Cummings, Esq., who keeeps on hands and manufactures to away, but make every day and every order Furniture of every description. His prices are as low as can be found in this section, and his work will compare favorably with that manufactured in the cities. NEWSPAPERS IN THE MAILS .- By a recent decision of the Post Office Department, the law regarding sending newspapers by mail has been more clearly defined than it has heretofore stood. No name or memorandum can be made on a newspaper inside of the wrapper on which the address is written. It is barely permissible to mark the article with pen or pencil. FEBRUARY .- This was one of the two months (January and February) which were added to the calendar by Numa Pompilius, when extending by on the 3rd day of March, it being these the number of months in the year to twelve. The practice of religious expiation and purification which occurred in the beginning of this month gave it its name of February, from Februare—to purify.

The signs of the Zodiac connected with this month are appropriately A-quarius and Pisces, for chilly rains and floods prevail; but spring hides under the dark sods, and nature prepares to break the bonds of ice when this fastening month shall have passed.

This is Candlemas or Ground Hog Day. In its ecclesiastical sense means the feast of the Purification of the Virgin Mary. It is a festival very strictly kept by the Roman Catholic church, there being a procession with many lighted candles, and those required for the service of the ensuing year being also on that occasion consecrated; hence the name Candlemas day. It was formerly a ceremony in the English church, but by an order of Council was prohibited in England in 1584. In Scotland, the prognostication is expressed in the following dis-

"If Candlemas be fair and clear, There'll be twa winters in the year." Hence the popular superstition concerning the Ground Hog.

THE question has often been asked by those interested, "Can I have my gray hair restored to its natural color, without coloring the skin? and can my thin locks be thickened up?" We answer, "It can;" and would advise you to read a treatise on the hair, which is published by R. P. Hall & Co., Nashua, N. H., who sends it free, upon application. They are the proprietors of Hall's Vegetable Sicilian Hair Renewer. We learn from it, the hair, in a perfect state of health, is constantly fallling out, and new hairs grow from the tubes; but, in case of any disease of the scalp, or by the use of alcoholic preparations, the THAYER HOUSE. hair-tube becomes contracted at its mouth, and prevents the new follicle from reaching the surface. MANHOOD : How Lost, How Restored. Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of certain weaknesses, the effects of Errors and Abuses in early life. The celebrated author, in this admirable

essay, clearly demonstrates from a thirty years successful practice, that the slarming consequences of such errors and abuses may be radically cured without the danger-ous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectnal, by means of which every sufferer, no matter what his condition may be, may cure him-self cheaply, privately, and radically. "HOW TO GO WEST."

Forty years ago Illinois was as far West as most people wished to go, and journey's were made in the legendary Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Kansas, Colorado, California and the Territories, and the Traveler reaches almost any point therein by a splendid Line of Railroad.

This Line of Railroad is the Burlingon Rou te, which starts from Chicago over the Chicago, Burlington & Quincy R. R., from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Logansport, over the Toledo, Peoria & Warsaw R. R., and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Attchison, Levenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific and other Railroads running from those cities.

Always go "By way of Burlington," and you will be sure to be right.

The Burlington Route has admirable answered the question; "How to go West?" by the publication of a truthful and interesting document, filled with facts in regard to Time, Connections, Accommodations, rates of Fare, and other interesting items, and illustrated by a large map, truthfully showing the whole West, which they distribute free of charge. Copies, and additional information, can be obtained by addressing. General Passenger Agent, B. & M. R. R., Burlington, Iowa.
