GOOD FRIDAY—March 29th.

YESTERDAY was a pleasant day.

NEXT Sunday is "St. Patrick's day in the morning."

VENUS will be the morning star until the 16th of July next.

SEE card of S. A. Rote, Photographer, West End, Ridgway, Pa.

THE Teacher's Institute is now in session. Proceedings next week.

OUR exchanges are full of "big egg" stories. Ridgway hens to the front.

HAS'N't the Democratic flag-pole in the public square ceased to be an ornament?

LUTHERAN SERVICES in the Court House next Sunday. German in the morning and English in the evening. by Rev. J. Brennan.

SURIOUS bills of the two dollar denomination having a large "2" engraved horizontally upon them, are again in circulation, and are not easily detected, except by experts.

J. V. HOUK has lately had the inside of his store re-painted and improved in other respects and now has one of the best store-rooms in town. Give him a call and convince yourself.

SUDDEN DEATH.—In our borough on Sunday night, March 10th, Mr. M. Williams, brother of the Hon. H. W. Williams, President Judge of this Judicial District, died very suddenly. He leaves a wife and children to mourn his sudden demise.—[Emporium Independent.

SERVICE sports a bran new plug hat.—[Elk Democrat.

Nothing remarkable this, yet "thereby hangs a tale." It now appears that this same hat has been worn since last fall and is the fruit of betting with a Democrat on the New York elections.

We have received a copy of "The Nation Its Rulers and Institutions," from Mr. J. E. Nugent, of this place, who is agent for Elk county. This is a book which no library should be without. Give Mr. Nugent a call and examine the work.

THE OIL PRODUCT.—The oil produced in Western Pennsylvania up to January 1, 1872, is 20,250,000 barrels, a quantity that would fill a tank whose length, breadth and depth were each 600 feet; would make a layer a little less than ten square miles of producing territory. It would fill 471,000 cars, making a train 3,000 miles in length. Look at these figures, and then think that the great product is increasing steadily from year to year. Where will we land?

RIDGWAY SILVER CORNET BAND.—An effort is being made to raise money to provide instruments for a Silver Cornet Band, and as a considerable amount of money has already been subscribed and collected we can think of no reason why an amount sufficient for this purpose can not be speedily raised. Other towns have bands and why should Ridgway not have one? We pause for an answer and are in hopes that the answer will be given by our citizens in such a manner as to insure the success of the undertaking. Last Tuesday a meeting was held in the Prothonotary's office and an organization effected by the election of the following officers for the ensuing year: Pres't.—Fred. Schoening. Vice Pres't.—T. S. Hartley. Sec'y.—E. J. Miller. Treas.—D. B. Day.

MARRIED.

ORRIG—PETERSON—On Saturday evening March 9th, 1872, by Rev. H. A. Pattison, at the M. E. Parsonage, Ridgway, Pa., Mr. Alfred Orrig to Miss Josephine Peterson, all of Ridgway.

DON'T DYE, but use a bottle or two of that incomparable article known as Nature's Hair Restorative. It makes the head feel so good. Sold everywhere. See advertisement. 2-1 E2.

THE firm of Geo. P. Rowell & Co., No. 41 Park Row, New York, is the most extensive Advertising Agency in the country, and one with which it is a pleasure for publishers to deal.—[Green Bay (Wis.) Gazette.

COUNTERFEIT 50 CENT CURRENCY.—Latest Issue.—We are indebted to Peterson's Detector for the following, which will warn all those handling the stuff: The engraving is coarse and the lathe work wanting, though imitated coarsely, yet it is well calculated to deceive. The red and blue fibres in the paper of the genuine are imitated by printing; in the counterfeit the long beard of Secretary Stanton is darker, and the figures "50" on the right hand are surrounded by solid black instead of fine lines as in the genuine. On the reverse, the counterfeit may be distinguished by the "4" in "Customs" failing to touch the large oval to the next, and also by the absence of shading, and the fine lines around the "50" in the corners.

A CHILD MURDERED.—At Driftwood, on Saturday last we had related to as the particulars of the most horrible affair that was ever perpetrated in the county. The day previous, a Mrs. Sarah Myers, wife of Theodore Myers—residing on Bennett's Branch, six miles from the above named place—in what is believed to have been a fit of insanity, killed her son, an infant nine months of age. The mother first took the helpless babe and placed it on the top of a hot stove and next put him into a kettle of boiling apples; thus literally roasting and scalding the child, from the effects of which it died within a few moments.

We learn that the mother was subject to epileptic fits, and that when recovering from those fits she is generally insane for a brief time. It is supposed that she had a fit (no one was present) and while recovering, unconsciously committed the awful deed. She was, when told of the affair, almost frantic with grief, and is now in a condition that excites the earnest pity of all her neighbors and acquaintances.—[Cameron County Press.

CHARACTERISTIC ENTERPRISE.—The great Chicago Fire laid waste, during the fatal forty hours between Sunday evening, Oct. 9th, and Tuesday morning following, hundreds of millions of dollars in property. All the principal buildings, Banks, Stores, Warehouses, Printing Offices, and Publishing Houses, went down; among the latter were the offices of the new family weekly paper "Our Fireside Friend," but with that indomitable energy which is characteristic of Chicago, the publishers, Messrs. Waters, Eberts & Co., while their fine offices were yet burning, were making arrangements to resume their business and carry forward their great enterprise. They immediately secured a new location at 733 State Street, which they occupy until their former place is rebuilt. They are now issuing their paper, a beautiful eight page, illustrated, literary and fireside journal, filled with choice reading and finely illustrated, and are pursuing their original plan of distributing one hundred thousand dollars among their subscribers for 1872. Specimen copies, Premium Lists, etc., will be sent free to any address.

HOOBS AND EYES.

There are 1,500 miles of railroad in operation in Minnesota.

When women are in arms they never oppose the liberty of the press.

Two-thirds of our Presidents were Episcopalians.

ONLY six inches of snow have fallen in Dakota Territory this winter.

"Yourself and gentleman" is the way invitations read this year.

The Smithsons deny that forests promote rainfalls.

A jury recently assembled at Reading, Pa., the members of which averaged 80 years of age. The youngest was 71 and the oldest 92.

Through tickets around the world are now issued, the price being \$1,145 in gold, and the running time eighty-one days.

An Illinoisian drank a bottle of drops prescribed for ear ache. He has never suffered from ear ache since.

It is estimated that more than one-sixth of the inhabitants of the United States are owners of real estate.

There is a boy in New York so bright that his mother has to look at him through a piece of smoked glass.

A set of paper wheels on a Pullman car have run 100,000 miles, and still on their steel tires. Cast iron wheels will run only 60,000 miles.

Look out for mad dogs now. There is nothing makes a dog so mad as to be compelled to sit out on the door-step this weather and howl to get in by the stove.

Mrs. Partington does not approve of this new-fangled stuff, diabolic acid but she is highly delighted to see there is an anti septic.

Frank Blair has declared that "this time we must have a naked issue," a contemporary wants to know if the nude departure will not answer.

An old Indian once said, "White man cheat me once, white man's fault; white man cheat me twice, Indian's fault."

An absent minded resident of Danbury, Conn. shut down a window, Monday, and forgot to draw in his head. He was calling for Helen Blazes when discovered.

It is not a bad specimen of practical sophistry, when one hundred dollars are made to pay one thousand; by the first debtor paying to a second, the second to a third, and so on, until the same sum is paid to a tenth creditor.

A woman in Salem, Indiana, is reported to have taken some percussion caps, which caused her to "go off" with a man who was not her husband.

In all evils which admit a remedy impatience should be avoided, because it wastes that time and attention in complaints which, if properly applied, would remove the cause.

Horse-flesh is yet the favorite food of Parisians. On the 2d of January last, twenty large shops were opened in the French capital for its exclusive sale, and Paris physicians warmly recommend it as the best food for consumptives.

The Teeth.—Horace Walpole wrote: "Use a little bit of alum twice or thrice a week, no bigger than half your nail, till it has all dissolved in your mouth, and then spit it out. This has so fortified my teeth that they are as strong as the pen of Junius. I learned it of Mrs. Grosvener, who had not a speak in her teeth until her death."

Returns for the past five years of the American rice crop which is grown in the Carolinas, Georgia and Louisiana show that it has increased from 20,000,000 pounds in 1866, to 92,000,000 in 1870, whilst the price has decreased from 134 cents to 9 cents per pound during the same period.

Japanese auctions are conducted on a novel plan, but one which gives rise to none of the noise and confusion which attend such sales in America. Each bidder writes his name and bid upon a slip of paper, which he places in a box. When the bidding is over the box is opened by the auctioneer, and the goods declared the property of the highest bidder.

The little busy barkeeper in Boston eludes the shining law by putting two barrels of whisky into a molasses punch-can and filling up the punchcan with molasses. When a customer calls, he pumps whisky out through the bung-hole; when a constable calls, he runs molasses off through the faucet.

A storekeeper at Quincy, Mich., having a pup that habitually upset the paint cans in the rear end of the store, rubbed the dog's nose in the split point as a reminder that he must not do so again. Last week the animal again spilled the paint, and, observing that his master was engaged in waiting on a customer, the docile pup rubbed his own nose in the mixture, and ran howling out the back way.

The United States take the lead of all nations in enterprise and competition and New York is the first, generally, to offer the greatest advantages. Almost every month brings forth new advertisements, as liberal in their terms as they are sparkling in their originality. In another column of this paper the Grand Opera Co., 129 Fulton Street, New York, advertise to give performances throughout the United States and distribute \$400,000 among purchasers of tickets. Ticket holders receive a handsome present at the time of purchase; admission to one opera; and a chance of a prize at the final presentation. We do not endorse gift enterprises; but this does not appear to class as such, but rather a Stock Company, giving bona fide Operas and then returning to their patrons a great share of the profits. This is indeed competition, and certainly guarantees to every one the value of his money.

"HOW TO GO WEST"

Forty years ago Illinois was as far West as most people wished to go, and journey's were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Kansas, Colorado, California and the Territories, and the Traveler reaches almost any point therein by a splendid Line of Railroad.

This Line of Railroad is the Burlington Route, which starts from Chicago over the Chicago, Burlington & Quincy R. R., from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Logansport, over the Toledo, Peoria & Warsaw R. R., and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific and other Railroads running from those cities.

Always go "By way of Burlington," and you will be sure to be right.

The Burlington Route has admirably answered the question: "How to go West?" by the publication of a truthful and interesting document, filled with facts in regard to Time, Connections, Accommodations, rates of Fare, and other interesting items, and illustrated by a large map, truthfully showing the whole West, which they distribute free of charge. Copies, and additional information, can be obtained by addressing, General Passenger Agent, B. & M. R. R., Burlington, Iowa.
