MANHOOD: How Lost, How Restored,

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of certain weaknesses, the effects of Errors and Abuses in early life. The celebrated author, in this admirable

essay, clearly demonstrates from a thirty purgatives. years successful practice, that the alarming consequences of such errors and abuses may be radically cured without the dangerous use of internal medicine or the appli cation of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of

It is one of the most remarkable facts of name a household word. Every body this remarkable age, not that so many has board of them; but perhaps every persons are the victims of dyspepsia or inpense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jolity would have speedily forsaken

him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to

We have said that dyspepsia is perhaps the most universal of human diseases. This is imphatically the case in the United States. Whether this general prevalence is due to the character of the food the method of 'its preparation, or the heaty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, an apparently willing one: were this not the case, why so many sufferers. when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptic: What is this remedy? to which we reply: This great allevator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrycomfort and encouragement to thousands of others. This acknowledged panacea is

none other than Dr. HOOFLAND'S GERMAN BITTERS Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it. LET IT BE REMEMBERED,

first of all, that HOOPLAND'S GERMAN BITTERS is as a rum beverage.

They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion The extracts from which they are assertion. which they are compounded are prepared by one of the ablest of German chemists. Their ful secretion of bile-thereby supplying the stomach with the most indispensable elements of sound digestion in proper pro-

They purify the blood, cleansing the vital fluid of all hurtful impurities and su-planting them with the elements of genuine realthfulness.

Now, there are certain classes of per-sons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN TONIC has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. vous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerful-ness. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its in-trinsic metits. This i- HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are Intended to act upon the Liver, are mainly com-posed of Podophyllin, or the vital principle of the mandrake root. It is the medi-cinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its billiary secretions in regular and prope quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimen ary system, in an equal and harmonious manner, and its action entirely | ree from nausea, vomiting or griping pains common to all other

Possessing hese much desirable qualities the Podophyllin becomes invaluable as a FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connec-tion with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dys-pepsia, or any of the disorders to which the system is ordidarly subject. The PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hooffand, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as DR. HOOFLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chiltlains, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all

yield to its external application.

Taken internally, it is a cure for Heartburns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc. These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST.,

For restoring to Gray Hair its natural Vitality and Color.

preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be

saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the forma-tion of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected prepara-tion for restoring Gray or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a s glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
