THE MAY NUMBER of the Illustrated "People's Monthly," of Pittsburgh, is at hand, and is full, as usual, with illustrations and interesting family reading matter. The full page illustrations are a portrait of Prof. Morse, the Ship of the Desert, and a magnificent specimen of St. Bernard Dogs feeding a Traveler in the Snow, accompanied by a full description of the Hospice and Dogs. The "Household" and "Boys and Girls" departments (always appropriately illustrated), of this pure family Monthly, grew more interesting with each number. The exciting Historical Serial of old Fort Duquesne is continued, accompanied by two good illustrations. The price of this deservingly Western Enterprise, is only \$1.50. Agents wanted on good Commission.

ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of this remarkable age, not that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to unite it among the luxuries of life. Far from it. Those who have experienced its torments would scout such an idea. All dread it, and would gladly dispense with its unpleasant familiarity. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so distressing to the mind, and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps the most universal of human diseases. This is implicitly the case in the United States. Whether this general prevalence is due to the character of the food the method of its preparation, or the hasty manner in which it is usually swallowed, we do not profess to explain. The great feat with which we are called to deal is this:

DYSPEPSIA PREVAILS almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will accept of it, that says it is so? What is this remedy? To which we reply: This great alleviator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is daily doing so to tens of thousands, and is the only remedy of others. This acknowledged panacea is none other than

DR. HOOFLAND'S GERMAN BITTERS

Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE RE-EMPHATICALLY

THE FIRST OF ALL, THAT HOOFLAND'S GERMAN BITTERS IS A Tonic beverage.

They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion. The extracts from which they are composed are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the bilious system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause a healthy secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper proportions.

They purify the blood, cleansing the vital fluid of all harmful impurities and supplanting them with the elements of genuine healthfulness.

Now, there are certain classes of persons to whom extreme dyspepsia is not only unpalatable, but who find it impossible to take them without positive discomfort. For such DR. HOOFLAND'S GERMAN BITTERS has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC acts with almost marvellous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach through, perhaps less promptly than the Bitters, when the same quantity is taken is more the certain, indigestion, biliousness, physical or nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirits, and inspires cheerful

ness. But Dr. Hoofland's Tonic is not confined to the human race; he has prepared an antidote medicine which is rapidly winning its way to popular favor and success in its triennial merits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its function and causing it to make its bilious secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these most desirable qualities the Podophyllin becomes invaluable as a FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordinarily subject. The PODOPHYLLIN PILLS act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid.

Dr. Hoofland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as

DR. HOOFLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chills, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application. Taken internally, it is a cure for Heartburn, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc. These remedies will be sent by express to any locality, upon application to the

Ayer's Cathartic Pills,

For the relief and cure of all derangements of the bowels, in the stomach, liver, and bowels. They are a mild and excellent purgative. Being purely vegetable, they contain no mercury or mineral salts, and are therefore safe in all cases of delicate organization, and in children.

Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the obstructions of the system are removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which cannot be reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper of each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:— For Dyspepsia or Indigestion, Flatulency, Langour and Loss of Appetite, Biliousness, Jaundice or Green Stools, Bilious Colic and Bilious Fevers, they should be judiciously taken to correct the diseased action or remove the obstructions which cause it.

Dysentery or Diarrhoea, or any mild case is generally relieved. For Rheumatism, Gravel, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to make them pleasant to take, and preserve their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often administered where no serious derangement exists. One who feels indolent will often find that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HALL'S VEGETABLE SICIALIAN HAIR RESTORER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
