SOME time ago Judge Scofield directed a competitive examination of applicants for a vacant Cadetship in the Navy, from this district. Last Wednesday the examination took place here before Prof. Jones of Erie, Prof. Hooker and Ex-Supt. Lindsey of Warren. Four boys from Erie County and one from Forest County were examined. Frank Gouling of Erie, aged 16 years, stood highest, and the Forest County boy next. The examination was so conducted that the Committee didn't know who held the lucky number till after their decision was made. Young Gouling passed a very creditable examination and will probably be appointed by Judge Scofield. [Warren Mail, 21st inst.]

Wilcox, Pa., May 23d, 1872.

Editor ADVOCATE:—The columns of the Advocate are weekly perused by a majority of the reading public of our little town; but seldom do we see that through the medium of the county press, others are brought to the knowledge that we live and have a being.

Therefore, we propose to furnish you occasionally with "Items from Wilcox" which you can publish if in your judgment they are deemed worthy.

After passing a fearful winter with the measles which brought quite a number to the grave, the people of Wilcox have resumed improvement. Several new buildings are in the course of erection.

The Tanning and Lumber Co. are prosecuting business full blast, but have long prayed for rain that they might rest from toiling with the forest fires which have destroyed for them nearly ten thousand dollars worth of bark and logs.

Our merchants have lately procured full stocks of goods of all varieties and the latest styles. To get a Dolly Varden slipper, a Dolly Varden necktie, a Dolly Varden anything, an administration ciger, or a Greeley hat, one has only to come to Wilcox to be accommodated.

Dr. Straight and Mr. Malone believe in advancement, one example illustrating that fact, is that they are erecting a building for a drug and jewelry.

Our graded school is in a flourishing condition, with Mr. B. C. Wheeler as principal—two assistant teachers being employed.

Mr. O. M. Adams is still drilling for oil with favorable indications. At present the well is 1770 feet deep.

Recreators who angle for the speckled beauties of our mountain streams leave the place with the satisfaction of having taken a "square meal" at the Wilcox house.

Mr. Fuller, late from Binghamton, N. Y. who is already much respected by our townsmen, has thoroughly refitted a meat market and does a brisk trade in that line. SYZYGY.

EMIGRATION.—There were nine steamships in the port of New York a few days since with 8,884 emigrants on board, representing almost every quarter of the civilized world; and two more steamers were expected within a day or two, bringing over about 2,000 more, making ten thousand for the week. At this rate of increase of population we shall soon exceed in number the most populous of the European States—it we do not already, and tread closely on the heels of the Asiatic empires.—Harrisburg Telegraph.

As a dressing, Nature's Hair Restorer, five goes ahead of any in the market. See advertisement on 2t.
