MARINE ENGINE—Last evening we stepped into Service's Hardware and at first sight concluded that Walt, had gone into the Marine Engine trade, but on inspection the Engine proved, to be a meat and vegetable chopper. Now is your time Oh ye husbands to save fish or domestic trouble in the wash matter.

Illness of Mrs. Harriet Greeley. Mr. Greeley has written to a friend in this city that Mrs. Greeley's health is slowly failing, and that her death may be expected at any hour. It is well known that Mrs. Greeley has been an invalid for many years, during which time she has sought relief in almost every climate of the world without avail.

THE MEMPHIS (Tenn.) An Ancho gives some account of a singular phenomenon now witnessed at the site of old Fort Pillow, on the Mississippi, where the bluff bank of the river, rising fifty or sixty feet above the water, is on fire, and for several weeks past has been burning "like a volcano" for a distance of several hundred yards. Very naturally the people living in the neighborhood are puzzled to know how to account for the phenomenon, and are not a little frightened by the "larid flames" which rise from the side of the bluff to a height of several feet.

REMARKABLE PROPHECY.—The following, which is known as Mother Ship-ton's Prophecy, was first published in 1488 and republished in 1641. It will be noticed that all the events predicted in it, except that mentioned in the last two lines, which is in the future, have already come to pass:

THE PROPHECY. Carriages without horses shall go. And accidents fill the world with woe. Around the world thoughts shall fly. In the twinkling of an eye. Water shall yet more wonders do; How strange, yet shall be true! The world upside down shall be. And gold be found at our feet. Through hills men shall ride. And no horse or ass be at their side. Under water men shall walk. Shall ride, shall sleep, shall talk. In the air men shall be seen, In white, in black, in green. Iron in the water shall float As easy as a wooden boat. And gold shall be found and found, In a land that is not now known. Fire and water shall wonders do. England shall at last admit a Jew. And the world unto an end shall come In eighteen hundred and eighty-one.

ANDREW G. CURTIN. The idea that one man can carry the vote of a State in his breeches pocket, was probably entertained until a late hour on Tuesday evening by ex-Governor Curtin, of Pennsylvania. The Greeleyites had flattered him into this belief—the Tribune had overwhelmed him with abject flattery, and Mr. Curtin undoubtedly thought that he was the head of the Republican party.

Once more the lesson has been taught which politicians are so slow to learn—that politicians and newspaper are only powerful so long as they truly, faithfully, and candidly represent public opinion. When a man has performed this duty for some time, he occasionally is deluded into the idea that he is the public—that all the world will follow him.

The latest victim to this delusion is Andrew G. Curtin, who owed his position entirely to the Republican party, and took the first opportunity which presented itself of dealing a treacherous stab at that party and its chiefs. We doubt whether the applause of the Greeleyites and Copperheads will compensate him for his betrayal of his principals and his friends.—New York Times.

The President and the Indians. The various Indian delegations now here visited the Executive Mansion to day. The President, through an interpreter, informed them that the effort of the government was to advance them in civilization and preserve their lives by encouraging them to industry, pursuits and making them comfortable homes. The white people are now so numerous and increasing so rapidly as to crowd the Indians, and therefore it was necessary that the Indians no more lead a roving life but have fixed places of abode. The sooner they understood and valued this fact the better for them and their children. The President remarked that he had nothing more to say except through the Secretary of the Interior.

The Indians listened attentively, but no invitation was given them to respond. The President and Secretaries, four of whom were present, retired to attend a cabinet meeting, which was attended by all except Secretary Robeson and Attorney General Williams. The Indians, after examining the premises, left for their quarters.

DEMOCRATIC LYING. The Editor of the Gazette in his last issue, true to his instincts and the party he represents and according to their manner of conducting the campaign with his brain fevered by disappointment and over whelmed with defeat, finds consolation in the following: If it took \$300 to poll 33 votes in the borough hand 44 votes in Bennington township what a fabulous amount it must have taken to carry Philadelphia by \$20,000, as the radicals all claim. The radicals had 145 straight Republican votes in the borough and township by the use of 300 dollars they succeeded in buying 12 Democratic votes.

Now the facts are, Mr. Editor, of the 77 Republican votes polled in the Borough of St. Marys and Bennington Township, 39 were from the Democrats, who never before voted any other ticket, honest, candid, intelligent, young men, disgusted with the rotten, defunct, old party, that wants to bury its dead past and be forgotten, choose to come out and join the party of progress and march forward to victory; and these 39 young men, Mr. Editor, upon whom you have heaped this base calumny, voted the Rep. ticket by their own free, voluntary choice from their honest convictions, and spurn with contempt the malicious slander of your foul sheet. Ridging and bullying voters at the polls is mean, disfranchising voters is meaner, but the persistent lying before election, at election and after election, in season and out of season, shows the extremity of their desperation and the hopelessness of their "lost cause." "May it be written on my grave that I never was its follower, and I lived and died in nothing its debtor." St. Mary's Oct. 14th, 1872.

THANKSGIVING PROCLAMATION. WASHINGTON, October 11, 1872. By the President of the United States of America, a Proclamation.

WHEREAS, The revolution of another year has again brought the time when it is usual to look back upon the past and publicly thank Almighty God for His mercies and His blessings, and Whereas, If any one people have more occasion than another for such thankfulness it is the citizens of the United States, whose government is their creature, subject to their behests, who have reserved to themselves ample civil and religious freedom and equality before the law; who, during the last twelve months have enjoyed exemption from any previous or general calamity, and to whom in agriculture, manufactures and commerce has been vouchsafed.

Therefore by these considerations I recommend that on Thursday, the twenty-eighth day of November next, the people meet in their respective places of worship and there make their acknowledgements to God for His kindness and bounty. In witness whereof I herewith set my hand and cause the seal of the United States to be affixed. Done at the City of Washington, this

eleventh day of October in the year of our Lord, 1872, and of the independence of the United States the ninety-seventh. By the President: U. S. GRANT. HAMILTON FISH, Secretary of State.

HOW TO GO WEST.

This is an inquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money. The "C. B. & Q. R. R." running from Chicago, through Galesburg to Burlington, and the "I. B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passengers Routes to the West. At Burlington they connect with the B. & M. R. R. and from the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Elk County, on their way westward, cannot do better than to take the BURLINGTON ROUTE. Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blisters, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Itch, Salt Rheum, Herpes, Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Headache, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons. It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life. PREPARED BY Dr. J. C. Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few have so great a value to mankind as this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout the United States and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Ayer's Cherry Pectoral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power, and cure is often effected, when cured by this preparation, are publically known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy for all disorders of the Throat, it may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary disease, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender and delicate children, who are liable to be without it. As a safeguard to children, and the distressing diseases which beset the Throat and Chest of childhood, Ayer's Cherry Pectoral is invaluable. For by its timely use, morbid humors are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely, when other remedies, securing sound and health-restoring sleep. No one will suffer from troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil has been spared in its preparation, and it is the most perfect preparation. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

HOOFLAND'S TONIC

acts with almost marvellous effect. It not only stimulates the flagging and wasting energies, but invigorates and restores the strength of the system. It acts upon the Liver and Stomach through, perhaps less promptly than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Biliousness, Headache or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerful-ness. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is HOOFLAND'S PODOPHYLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities. These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandarin root, and the medicinal virtues of this health-giving plant, in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its biliary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandarin Root, which is skillfully combined with the other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any gripping effect, thus producing a pill that influences the entire digestive and assimilatory system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or gripping pains common to all other purgatives. Possessing these most desirable qualities the Podophyllin becomes invaluable as a FAMILY MEDICINE. No household should be without them. They are perfectly safe, require but two or three pills, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the Liver disorders to which the system is ordinarily subject. The PODOPHYLIN PILLS act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew. Dr. Hoofland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as Dr. HOOFLAND'S GREASE OIL. This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chilblains, Sprains, Burns, Pain in the Back and Loins, Headache, etc., etc., all yield to its external application. Taken internally, it is a cure for Heartburn, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, A. H. m. etc. These remedies will be sent by express to any locality, upon application, to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 621 ARCH ST., PHILADELPHIA. CHAS. M. EVANS, Proprietor. Formerly C. M. JACKSON & CO. These Remedies are for sale by Druggists, Storekeepers, and Medicine Dealers every where. vln21yl
