HYDE HOUSE.—This excellent Hotel is kept open day and night to receive and accommodate the travelling public. It requires no argument to prove it to be a first class hotel, first class in all its appointments: As to barn arrangements it is not excelled in the county. So that man and beast has every want met and fully supplied.

PERSONS wishing to mark the spot where their loved ones sleep the years of time away, with head and foot stones can do no better anywhere in North-western Pa., than at Tho's Bell's Marble works, Warren, Pa. Mr. Bell is an accomplished workman and prompt in filling orders.

SHOEMAKING.—Our townsman, N. B. Waterson, is always to be found at his place of business on Main st. Mr. Waterson can make a pair of boots "he can," and make them right, and always works to order, to suit the notions of his customers. Give him a trial and know for yourself.

W. S. SERVICE & Co., 42 Main st., still continues to be the centre of attraction in the hardware line. Those beautiful swell box cutters are coming all the time, but they keep going too. The great trouble with this reliable firm is the difficulty of keeping stocked up such is the constant demand for goods. They determined however that every demand must and shall be met.

It would be interesting to know what became of that brace of "Laddies," that undertook to rig up a tubular lantern lamp the other night, and could not make it work until one of them carried it to the Hardware man at No. 42 Main st., and was informed that by turning the burner "right side up with care" he thought it would work, and so it did.

THE West End Art Gallery conducted by S. A. Rote, is not only the place to get pictures taken of the very first quality as to artistic skill and finish, but also the place to purchase stereoscopes and views, and if you have a picture to frame it is the place to have it done, as he keeps all varieties of frames, and does the work of framing in the best possible manner. Mr. Rote has no superior in his line.

WARREN.—Yesterday we made a flying trip to Warren on business, and during the few hours we were there we looked into the Mail office and found friend Cowan busy but pleasant, getting ready to keep happy New Year with his boys. We then fell upon Mr. Weaver, the genial agent of the Variety Hall store, and with him called on the man of Piso's Cure renown, made so from its happy effect upon the afflicted who have the good fortune to get it, and the good sense to take it. Hazeltine was busy with his chemicals but genial, and gave us the liberty of his establishment. The place looks like business, means business, and is doing a large business. From there we went with Mr. Weaver to Variety Hall store. The place is properly named and is a very hive of activity, all hands are busy with plenty of customers for good and cheap goods. Our trip to Warren was exceedingly pleasant and gave us a better idea of the place than we ever had before.

SCRIBNER'S MONTHLY.—The December and January numbers of this excellent monthly are on our table. There need no cavil about Scribner's for it ranks among the best monthlies of the world. One of the leading features of the Magazine for the year 1873 will be a series of illustrated articles entitled "The Great South," by Edward King. The articles will be national, and therefore interesting and valuable. We have a "Great West" and much said about it, we have a Great South, and but little said of it. Price \$4, per annum. Address Scribner & Co. 654 Broadway, New York.

GODEY'S Lady's Book for January contains the following handsome illustrations: "Going to School in Winter," a superior steel engraving; a steel plate title-page, containing several pictures; an elaborate colored fashion plate; a colored plate of fancy work; "Happy New-Year," one of Godey's original designs on colored paper; and an abundance of novelties for the toilet. The work department is interspersed with a variety of useful designs. Drawing lessons are also given. The literary matter is made up from stories and articles from the best magazine writers in the country. Marion Harland commences her new novelette in this number.

HOW TO GO WEST.

This is an inquiry which every one should have truthfully answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "C. B. & Q. R. R." running from Chicago, through Galesburg to Burlington, and the "I. B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passengers Routes to the West.

At Burlington they connect with the B. & M. R. R. and from the great Burlington Iowa, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Elk County, on their way westward, cannot do better than to take the BURLINGTON ROUTE.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent of the B. & M. R., Burlington, Iowa.

ONE MILLION OF LIVES FA

One of the most remarkable facts in the history of the human race, is that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would cordially agree with us. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPYPTIC. We have said that dyspepsia is perhaps the most universal of human diseases. This is emphatically the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS almost universally. Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptic: "What is this remedy? to which we reply: This great alleviator of human suffering is almost a widely known name in the English language. It has alleviated the agonies of thousands, and is to-day carried with comfort and encouragement to thousands of others. This acknowledged panacea is none other than

DR. HOOPLAND'S GERMAN BITTERS. Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE REMEMBERED first of all, that HOOPLAND'S GERMAN BITTERS is a pure beverage. They are composed wholly of the purest and most valuable ingredients of the vegetable kingdom. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the bilious system. Hoopland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause healthful secretion of bile—thereby supplying the stomach with the most indispensable element of sound digestion in proper proportions.

They purify the blood, cleansing the vital fluid of all harmful impurities and supplanting them with the elements of genuine healthfulness. Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOPLAND'S GERMAN TONIC has been specially prepared. It is a tonic in its nature, and a most powerful stimulant in its action. It is in connection with the well-known Tonic properties of the pure German Bitters.

HOOPLAND'S TONIC acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach through, perhaps less promptly than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Biliousness, Physical or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerfulness. But Dr. Hoopland's medicine is not the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Tonic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is HOOPLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its biliary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these much desirable qualities the Podophyllin becomes invaluable as a FAMILY MED
