It is generally known that the domestic Money Order branch of the Post office Department has heretofore been conducted at a loss of upward of a hundred thousand dollars a year, and that a new law increasing the rates was passed by Congress at its last session, to go into effect on the first of July. Fully seven-eighths of the money orders issued are for sums under ten dollars, which at present cost only five cents, while it costs the Government seven cents and a fraction to issue an order. Under the new law the rates will be ten cents for any sum up to fifteen dollars; over fifteen dollars and not exceeding thirty dollars, fifteen cents; over thirty dollars and not exceeding forty dollars, twenty cents; over forty dollars and not exceeding fifty dollars, twenty-five cents. This increase of rates, it is estimated, will increase the revenue in about the same ratio as it has heretofore decreased, without inflicting hardship on those using this branch of the service. Arrangements are also nearly completed for establishing a money order system between the United States and Canada, the necessary inspections having been made by the authorities. The movement will supply a want which has been long felt in both countries.

At the meeting of the Rowing Association of American Colleges held at Springfield last week, much important business was transacted. The Regatta will take place on July 14th, on Saratoga Lake. Last year much fault was found with the arrangements for the accommodation of the public, and to obviate any further trouble the Saratoga Rowing Association stipulated, under bonds of \$15,000 to furnish free transportation for crews and boats to and from Saratoga; good boat-houses and quarters, with first-class board at \$10 per week; the provision of the requisite attendants, signal corps, telegraph, etc., the suppression of poeleting; protection against extortionate charges for transportation, the Saratoga Association to refund overcharges by hackmen, &c., the building of a side-walk from the village to the lake, and a grand stand capable of seating 10,000. The Freshmen races will be rowed at 11 A. M. July 13. The drawing for positions resulted as follows: No 1, being nearest the Grand Stand; No 1 Williams; No 2, Corneil; No 3, Amhurst; No 3, Bowdoin; No 5, Brown; No 6, Columbia; No 7, Wesleyan; No 8, Princeton; No 9, Dartmouth; No 10 Yale; No 11, Trinity; No 12, Harvard; No 13, Union; No 14, Hamilton. All of these will send crews, and Brown, Columbia, Cornell, Dartmouth, Harvard, Yale and Princeton will send Freshmen crews. James Watson, of the Spirit of the Times, was chosen umpire.

GENERAL NOTES.

Marietta lost \$70,000 by the flood. The Board of Pardons will meet May 4. Hay is \$11 per ton in Susquehanna county. Altoona has a colored justice of the peace. A Doylestown clergyman has married 1,014 couples. Mansfield is organizing a colony for the Pacific coast. Judge Packer has given \$10,000 toward the Centennial. Joseph DeHart, a Jersey City contractor, has absconded. The State exports \$37,000,000 worth of petroleum annually. A rail and tub factory is about to be erected in Warren, Pa. The anniversary of Odd Fellowship, in Elmira, on the 28th inst. It cost Boston \$3,735.73 to do honor to Senator Sumner's remains. The people of Reading buy four thousand sewing machines per year. Last week one sale was made at Oil City of 100,000 barrels of oil, at \$1 75.

A little girl in Delaware county has died from the effects of rope jumping. The Central Pennsylvania Conference will be held at Harrisburg next year. The West Hamburg rolling mill and iron works will soon resume operations. The present term of the United States Supreme Court will adjourn May 2. The Easter offerings of St. Peter's Episcopal Church, Albany, N. Y., were \$45,000. Three parties turned out of a Jersey City house tried to burn it down for revenge. There are thirty building associations in Reading, handling over \$50,000 per month. The Fogelsville, Lehigh county, Savings Bank is to be converted into a national bank. Captain J. R. Orwig has assumed the duties of assistant Librarian, in the Capitol, at Harrisburg.

A number of Eastons are going to emigrate to Florida to engage in the cultivation of oranges. Two ex-Mayors of Gloucester City, New Jersey, are candidates for the position of policeman. Shares in the National Bank of Chester, were recently sold for \$53 20, the par value being \$25. The Woolvale swollen rads, at Johnstown, Pa., are to have their capacity doubled by the introduction of new machinery. Michael Meylett, editor of the Sullivan County Democrat, weighs 375 pounds. That paper certainly has some weight. Philip Murray, who has been on trial in Pittsburgh for the murder of James White, was on Saturday convicted of murder in the first degree. E. J. Castle, the confidential clerk of Parker & Keasey, Newark, has been missing for the last two weeks. Just before his disappearance he drew \$300 from the bank where he kept his private account. Our imported liquors cost the consumer \$12,000,000 annually; our native liquors \$200,000,000, and our malt liquors \$200,000,000, a total of over \$400,000,000, or \$40 per head of the entire population.

S. B. Toibert, of Girard Manor, Schuylkill county, Pa., had his leg broken on Saturday afternoon, 19th instant, by falling over an embankment with a horse and wagon, while passing along a narrow point on the State road, going down the mountain, "near the Manor." Paris, April 13.—The Diplomatic Conference upon the metrical system of weights and measures met here yesterday. The Governments of Brazil, the United States, Venezuela and the Argentine Republic are represented. It was resolved to establish an international bureau of weights and measures. Charleston, S. C., April 13.—The pleasure yacht Ella Anna, containing a party of eight excursionists, was sunk today in the harbor by a squall. Four of the persons were saved and four are missing, and it is supposed they were drowned. The names of the missing are George E. Kent, of New York; Adolph Davis, of Louisville, Kentucky; John Kenlow and William Burke, of Charleston. Boston, April 18.—A fire broke out yesterday morning in the four-and-a-half-story brick building corner of Franklin and Congress streets. The fire caught in the upper story, occupied as a lithographing establishment. The other occupants were Clark & Warren, and Lambert & Foster, boots and shoes; and Row B. Denny, wood. The damage to the building is about \$5,000. The loss is at least \$40,000, covered by an insurance of \$25,000. The Forest Republican, of the 7th inst., says: A man named Frank Hoy was drowned yesterday at Legetown, six miles above this place. It appears that it is the custom to put extra men on a creek piece to help run it over the dam, and the extra men jump off at the "round rock," a short distance below and go back to help out other pieces. This was Hoy's position, and in jumping off a piece yesterday, he either miscalculated the distance, or did not make allowance for the rapid motion of the raft; at any rate he jumped too far and went over the rock into the water into a sort of whirlpool, formed by the water rushing through the cavities of the rocks. He came up three times, and then went down and was seen no more. Up to the time we go to press his body has not been recovered. We understand that his mother and sister, who live at or near Tylerburg, were dependent upon him, and his death will prove a sad loss to them. He was a brother-in-law of Geo. Walters, one of the firm for whom he was working, and was about thirty years of age.

GENERAL NOTES.

Troops have left Cheyenne to guard the entrance to the Black Hills gold country. No further cases of yellow fever have occurred at Key West. The weather is cool and pleasant. \$5A Wilmington firm have shipped sixty of about two hundred buoys ordered by the Government. A fine vein of potter's clay has been opened near Navon, Tioga county. Some fine specimens of silver ore from the same place have been shown. New York, April 15.—A meeting of managers of various theatres here was held today, for the purpose of making arrangements for a monster performance for the benefit of the family of the late Dan Bryant, who are left in poor circumstances. Leading actors were present, and it was resolved that benefits should take place at each of the places of amusement in this city on Thursday, the 20th inst., the gross receipts of which are to be placed in the hands of W. R. Travers, August Belmont and William B. Ducon, to be invested for the education and support of the late actor's children. Omaha, April 15.—The high water which for several days past has delayed the trains on the Union Pacific Railroad has finally become so high that travel is entirely suspended between Laramie City, Wyoming and Ogden, Utah. The water is six feet deep in many places, and still rising. Passenger trains which left here on the 13th, 14th and 15th of April are lying at Laramie City and Rawlins, while those which left Ogden since the 13th inst., are lying at points west of Green river. All are in good quarters and are well cared for. The officials of the Union Pacific Railroad advise travelers for Utah and California not to start until notice of the blockade being broken is given. Statistics from the lumbering point of Manistee, Michigan, give the supply of logs and lumber at that port for the coming season. The new cut of logs amount to 143,000,000 feet, and adding the stock left over, the supply of logs and lumber for 1875 is about 185,000,000 feet, against 215,000,000 feet last spring. Of the new cut, 25,000,000 feet of logs, and perhaps more are of too good quality to be sawed into dimension stuff, having been cut high up in the streams where the forests had not been denuded of their best trees. This statement is important, inasmuch as it shows that Manistee, which is by far the largest manufacturing point of dimension stuff on the lake, will have a much smaller supply of this class of lumber than usual, and the inference is drawn by dealers that joists, scantling, and like qualities, will bring higher prices this season than in the recent past, in consequence of this shortage. Washington, April 15.—The President of the National Hide and Leather Bank of Boston gave notice a few days ago to the Treasury Department that certain notes of his bank, of the denomination of ten dollars and twenty dollars had been stolen from the bank after being signed by him, but before being signed by the cashier. The numbers of the notes were as follows: Department numbers (on upper right-hand corner) D. 22,900 to 22,953, and bank numbers (on lower left-hand corner) 11,919 to 11,972. Several of these notes have recently been presented at the redemption agency of the Treasury and rejected, but instead of being signed by the President of the bank, as that gentleman supposed, both of the signatures are fictitious. The names of the officers of the bank are George N. Jones, Cashier, and George Ripley, President. The names upon the stolen notes are P. J. Smith, Cashier and E. A. Bates, President. It is supposed that the thieves signed these notes with fictitious names for the purpose of avoiding the penalties of forgery.

whether it be of the counting-room, the professional office, the workshop, or the study, its circulation, equal to the best from the start, has grown in extent and importance daily, until now it acknowledges no two equals—the Dispatch and Leader—so far as the number issued daily is concerned, and no equal as to the character of its readers. These facts are so well known and appreciated by the business community, that our columns have been well filled by the favors of THE BEST CLASS OF ADVERTISERS. And we are glad to know that their faith in the TELEGRAPH as an advertising medium has been firmly established. THE PITTSBURGH EVENING TELEGRAPH, has, we think, during the past year maintained its claim to the good will and support of the people, irrespective of party, inasmuch as its opposition to had nominations within the party whose principles it favors was largely instrumental in procuring their defeat. While it shall be our aim to promote the established principles of the Republican party, we shall in the future, as in the past, oppose the election to office of men not fully qualified, or who shall by trickery or any unfair means manage to secure a place on the ticket. Honesty and capacity only will receive our support. THE TELEGRAPH will continue to publish ALL THE NEWS OF THE DAY at the earliest moment, and in such a shape as to be acceptable to the most critical reader. The TELEGRAPH will continue to reflect the sentiments of the people on all public questions touching their welfare. The TELEGRAPH will uphold zealously the hands of all men honest and earnest in reform, and it will, as in the past, give all sides hearing on the topics of the day. The TELEGRAPH will labor with renewed zeal for the prosperity of the city and State and the advancement of the material interests of our citizens. Its LOCAL DEPARTMENT will continue to be carefully attended to, and its reports of local events will be always fresh and reliable. SPECIAL TELEGRAMS AND CORRESPONDENCE will receive the same careful attention that from all important news centers will continue to be of the most attractive and trustworthy character. MARKET AND FINANCIAL REPORTS will receive the same careful attention that from all important news centers will continue to be of the most attractive and trustworthy character. EDITORIAL DEPARTMENT will contain an honest expression of views on all important live topics, political and otherwise. NEWS AND LITERARY DEPARTMENTS, which have always enjoyed an exalted reputation, will continue to be of the same unexceptionable character. In fine, the EVENING TELEGRAPH IN ALL ITS DEPARTMENTS, will be during the year 1875, superior to the past, excellent as it has been by general admission. No expense will be spared to keep the paper abreast with the times, and its managers will exert every effort that experience may suggest to make it possible, more attractive to the general reader. SUBSCRIPTION PRICE. By mail, including postage, Nine Dollars per annum. Delivered by Carriers, in any part of Pittsburgh and Allegheny, for Fifteen Cents a week.
