Many Persons Murdered and Two Families Ruined to Avenge an Insult to a Gentle-man Belonging to Neither.

A correspondent of the Atlanta (Ga.) Herald, writing of Tallahassee, Fla., gives the following terrible story, now told for the first time:

In the Seminole war Colonel Graham commanded a crack regiment. One merning he received a message from his wife announcing that she was on the eve to all the Cuban rebeis who surrender previous of continement. He at once repaired to to May 30. ### Not His Place.

On the night of April 18, when the lantern was about to be hung in the Old North Church of Boston, and the buildings, as well as the streets adjacent, were crowded with a dense throng of people, a person with a most auxious expression upon his face, was seen forcing his way to the main entrance. Failing aid of a policeman near the steps, with the appeal: "I must go in, I must go in, for I am Paul Revere's grandson."

The policeman thus appealed to, suspecting that some deceitful bummer was trying to impose upon him, surveyed the man for a moment, as if doubtful how to deal with such a persistent personage, and responded: "Air you Paul Revere's grandson?" "Yes, I am," was the prompt response. "Then," said the policeman in reply, "if you air Paul Revere's grandson, you have no business here; your place is over to Charlestown, to night."

The People's Common Sense Medical Adviser, in plain English, or Medicine Simplified: By R. V. Pierce, M. D., counselor-in-chief of the board of physicians and surgeons, at the world's dispensary, Buffalo, N. Y. The above work—a book of about nine hundred large pages, profusely illustrated with wood engravings and colored plates, and well and strongly bound—will be sent, post-paid, to any address, for one dollar and fifty cents—making it the cheapest book ever offered to the American people. Other books treating of domestic people. Other books treating of domestic medicine, of like size and style of binding, and not nearly as well illustrated, with no colored plates, and some of them containing no prescriptions and making known no means of self-cure for the diseases which they discuss, self for from three dollars and a half to five dollars. Were Dr. Pierce's work not published by the author, printed and bound with his own ma-chinery, and were it sold through agents, as other like works are, the price of it would have to be not less then four dollars. For when the publisher pays the author a fair price for his production, then adds a profit to his investment large enough to satisfy himself and com-pensate him, not only for his labor, but also for the risk of pecuniary loss which he assumes in taking the chances of the enterprise proving a success, and when the State, county and can-vassing agent has each received his profit, they have added to the expense of a book, that originally costs about \$1.25, so much that the people have to pay not less than \$4,000 for it, The People's Medical Adviser, on the contrary, The People's Medical Adviser, on the contrary, is placed within the pecuniary reach of all classes by the author, who adopts the plan of the grangers dispensing with middle men and giving the benefits of their profits to the people, offering his book at a little above actual cost of publication. That those desiring the book may run no risk of losing their money in sending it through the mails, the author advertises that money addressed to him a Buffalo, N. Y., and inclosed in registered porters to enable him to entertain and answer them, as well as his large daily dealings with disease at the world's dispensary, appear to nave peculiarly fitted him for writing the work, by rendering him very familiar with the every-day medical needs of the people. He endeavors in this work to answer all the numerous ques-tions relating to health and disease that have been addressed to him by the people from all parts of the land, and hence it contains impor-tant information for the young and old, male and female, single and married, nowhere else to be found. in the profession.

From the numerous testimonials in our possession we
append the following:

"After the experience of months, patients testify
strongly to its efficers, as well as to the exase and freedom
from inconvenience with which the instrument is worn.
With superior advantages, the Elastic Trues possesses in
a high degree Ald, requisites and qualifications claimed
for other inventions. I have no hesitation in regarding
it as an important means for the relief and cure of
Hernia.

Dear Nor.—After suffering for thirty years, in itsy own
porton, from the use of every form of Metallic Truss procurable in this country and in Europe, I, two years ago,
applied your Elastic Truss, and since that time I have
experienced comfort and satisfaction, and been taught
the truth, that the Elastic Truss is the only instrument
that should be used for the relief and cure of Hernia
and now after more than thirty years' continuous prastice, and insving adjusted many hundreds of Trusses
(and for the last twenty months yours' exclusively),
gratefully declare it to be my deliberate opinion, that
your Elastic Truss is the only one entitled to the confidence of the public; that elasticity is the only power as
all adapted to the requirements of a Truss actually cures
a large proportion of all cases to which it is applied, not
only among children, but in numerous cases within my
own knowledge of patients from 50 to To-years of age.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood pur fier and a life-giving principle, perfec Renovator and Invigorator of the stem. Never before in the history o the world has a medicine been compoun of possessing the remarkable qualities I VINEGAR BITTERS in healing the sick of e ery disease man is heir to. They are a ge tle Pargative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative Counter-Irritant Sudorific, Alterative, and Anti-Billions.
