

From The Pittsburgh Telegraph Patriotic Celebrations.

The patriotic celebrations over the country were instrumental for good. They not only tend in a salutary way to review those traditions which are peculiarly national, but they bring together once more on a common platform communities but recently estranged and arrayed against each other in arms.

In the anthracite coal counties of this State 450 persons were killed and 1,342 more or less hurt in the mines during the five years ending with 1874.

Carruth, the Vineland editor who was shot by Landis, and carries the bullet in his brain, is now able to sit up, and his physicians say he will recover.

Samuel White, a prominent citizen of Ludlow, Mass., was bitten in the thigh by a bear Saturday forenoon, and bled to death before assistance could reach him.

Last year there were 2,524 breweries in operation in the Union, New York having 349 and Pennsylvania 347. In all New England there were only 74, Vermont having none.

Thomas N. Walsh, who shot his wife at Cape May on December 16, has been found guilty of murder in the second degree. His punishment will be ten years in the State Prison.

The Postmaster General has issued an order reducing the postage and sent from all counties with which postal conventions have not been concluded from ten cents to five cents for each half ounce or fraction thereof.

James Robinson, the champion bare-kicker, is to ride in San Francisco against Chas. Fish a European celebrity, for \$10,000 a side and the gold and diamond studded belt of the world.

St. Paul, May 21.—The Pioneer Press publishes dispatches from a considerable number of localities in all parts of the State relative to the grasshoppers. There are no grasshoppers in the district devastated by them last year, nor in any part of Minnesota except in a very small area, and in comparatively small numbers, confined to the group of counties on the great bend of the Minnesota river.

Elmira N. Y., May 23.—Martin Fitzsimmons, son of one of the richest farmers in this valley, living three miles south of this city, committed suicide this afternoon by shooting himself through the head with a revolver. He was about thirty-eight years of age, and had just returned from California, where he went eleven years ago. He was unmarried. No cause is known for the act.

The Toledo Blade publishes an elaborate report, carefully compiled from statements by competent parties at 160 points in Ohio, Indiana, Illinois, Missouri, and Iowa. These statements indicate that from one-quarter to one-third of a crop of winter wheat has been killed, but that has been nearly offset by the increased number of acres sowed, and the quantity of spring wheat will, if every thing is favorable, henceforth bring the whole production to that of an average crop.

St. Louis May 21.—The Women's State Temperance Mass Convention met here yesterday afternoon and organized. Committees on various kinds of business were appointed with the view to permanent organization. At the night session Mrs. Mary M. Cleary read an essay "On the Results of the Woman's Crusades," in which she claimed that the crusades last year were of Divine inspiration, and that they were designed to preserve the morals of the people.

Washington, May 18.—There are no new developments to-day concerning the whiskey frauds. No changes in supervisors have yet taken place but two removals, and new appointments will be made during this week. The Department of Justice will soon commence the prosecution of parties engaged in the whiskey frauds, but no particular cases have been designated, as time is required for the arrangements of profts Solicitor Wilson was relieved at his own request, from duties connected with the discovery and prosecution of the persons concerned in the frauds. The Secretary of the Treasury says that much of the credit of bringing the frauds to light is due to the efficiency and skill of the Solicitor, who was elected for this work in consequence of his experience and success in the prosecution of similar cases of fraud while he held the position of United States District Attorney.

James Lick, of San Francisco, has made a new trust deed. It differs from that revoked in a few particulars. The donation for statutory at the State Capitol of \$250,000 is changed to \$100,000 for statutory at the City Hall, San Francisco. The appropriation for the Key monument is reduced from \$150,000 to \$60,000. The \$700,000 for the Lake Tahoe Observatory is committed to the university of California for the same purpose. The donation to the Mechanics' Art School is raised from \$300,000 to \$540,000. The gift of his is raised from \$3,000 to \$150,000, and for himself he gives up the lien of \$25,000 annually, and takes a gross sum of \$500,000. The estate becomes immediately available for beneficiary purposes. Mr. Lick will be one of the trustees himself, and the others will be announced shortly. Most of the beneficiaries have given their assent to the new arrangements, and no doubt is entertained as to the acquiescence of those not yet heard from.

A NEW POSTAL REGULATION.—On Saturday last the Postmaster General issued an order modifying the postal regulations by striking out that part providing that no subscription to newspapers for less than three months shall be considered a regular subscription within the meaning of the law. The effect of this order is to allow newspaper offices to send papers to subscribers for less than three months that have had to pay transient rates.

PITTSBURGH EVENING TELEGRAPH

AN INDEPENDENT REPUBLICAN JOURNAL

A LIVE NEWSPAPER, IN ALL ITS DEPARTMENTS.

In entering upon the New Year, and within a few months of the second anniversary of the first appearance of the paper the publishers of the PITTSBURGH EVENING TELEGRAPH renew their expressions of thanks to an intelligent and appreciative public for its

LIBERAL AND EVER INCREASING PATRONAGE

during the year just closed. Coming into existence at a time when every kind of business was to a certain extent depressed, and when retrenchment in every direction was the rule, the TELEGRAPH has fought its way, and become, not only an established fact, but a

PRIME NECESSITY IN EVERY WELL-INFORMED CIRCLE.

whether it be of the counting-room, the professional office, the workshop, or the family. Its circulation, equal to the best from the start, has grown in extent and importance daily, until now it acknowledges two equals—the Dispatch and Leader—so far as the number issued daily is concerned, and no equal as to the character of its contents. These facts are so well known to the public, that it is unnecessary to say more, or to the shareholders thereof, that our columns have been well-filled by the favors of

THE BEST CLASS OF ADVERTISERS.

and we are glad to know that their faith in the TELEGRAPH as an advertising medium has been firmly established.

THE PITTSBURGH EVENING TELEGRAPH.

has, we think, during the past year maintained its claim to the good will and support of the people, irrespective of party, inasmuch as its opposition to bad nominations within the party whose principles it favors was largely instrumental in procuring the defeat. While it shall be our aim to promote the established principles of the Republican party, we shall in the future, as in the past, oppose the election of men not fully qualified, or who shall by trickery or any unfair means attempt to secure a place on the ticket. Honesty and capacity only will receive our support.

THE TELEGRAPH will continue to publish ALL THE NEWS OF THE DAY at the earliest moment, and in such a manner as to be acceptable to the most critical reader.

The TELEGRAPH will continue to reflect the sentiments of the people on all public questions touching their welfare.

The TELEGRAPH will uphold zealously the rights of all men honest and earnest in form, and it will, as in the past, give all sides a hearing on the topics of the time.

The TELEGRAPH will labor with renewed zeal for the prosperity of the city and State and the advancement of the material interests of our citizens.

LOCAL DEPARTMENT

will continue to be carefully attended to, and its reports of local events will be always fresh and reliable.

SPECIAL TELEGRAMS AND CORRESPONDENCE

from the Capitals of the Nation and State and from all important news centers will continue to be of the most attractive and trustworthy character.

MARKET AND FINANCIAL REPORTS

will receive the same careful attention that has been remarked in the past, and in this respect the TELEGRAPH will continue to be without a competitor.

EDITORIAL DEPARTMENT

will contain an honest expression of views on all important live topics, political and otherwise.

NEWS AND LITERARY DEPARTMENTS,

which have always enjoyed an exalted reputation, will continue to be of the same unexceptionable character.

EVENING TELEGRAPH

IN ALL ITS DEPARTMENTS,

will be during the year 1875, superior to the past, and will be presented at a general admission. No expense will be spared to keep the paper abreast with the times, and its managers will exert every effort that experience may suggest to make it possible, more attractive to the general reader.
