THE WEEKLY SUN. 1876. NEW YORK. 1876.

Eighteen hundred and seventy-six is the Centennial year. It is also the year in which an Opposition House of Representatives, the first since the war, will be in power at Washington; and the year of the twenty-third election of a President of the United States. All of these events are sure to be of great interest and importance especially the two latter, and all of them and everything connected with them will be fully and freely reported and expounded in THE SUN.

The Opposition House of Representatives taking up the line of inquiry opened years ago by THE SUN will sternly and diligently investigate the corruption and misdeeds of Grant's administration, and will it is to be hoped, lay the foundation for a new and better period in our national history. Of all this THE SUN will contain complete and accurate accounts furnishing its readers with early and trustworthy information upon these absorbing topics. The twenty-third Presidential election, with the preparations for it, will be memorable as deciding upon Grant's aspirations for a third term of power and plenipotentiary, and still more so deciding who shall be the candidate of the party of Reform, and as elected that candidate. Concerning all these subjects, those who read THE SUN will have the constant means of being thoroughly well informed. The Weekly Sun, which has attained a circulation of over eighty thousand copies, already has its readers in every State and Territory, and we trust that the year 1876 will see their numbers doubled. It will continue to be a thorough newspaper. All the general news of the day will be found in it, condensed when unimportant at full length when of moment, and always, we trust, treated in a clear interesting and instructive manner.

It is our aim to make THE WEEKLY SUN the best family newspaper in the world, and we shall continue to give in its columns a large amount of miscellaneous reading such as stories, tales, poems, scientific intelligence and agricultural information for which we are not able to make room in our daily columns. The agricultural department especially is one of the prominent features. The fashions are also regularly reported in its columns; and so are the markets of every kind. The Weekly Sun, eight pages, with fifty-six broad columns is only \$1.20 a year, postage prepaid. As the price barely repays the cost of the paper, no discount can be made from this rate to clubs, agents, Postmasters, or anyone.

The Daily Sun, a large four page newspaper of twenty-eight columns gives all the news for two cents a copy. Subscription, postage prepaid—60c a month or \$6.50 a year. SUNDAY edition extra \$3.00 per year. We have no traveling agents. Address THE SUN, New York City.

IT PAYS! IT PAYS! WHAT PAYS? It pays every Manufacturer, Merchant, Mechanic, Inventor, Farmer or Professional man, to keep informed on all the improvements and discoveries of the age.

IT PAYS the head of every family to introduce into his household a newspaper that is instructive, one that fosters a taste for investigation, and promotes and encourages discussion among the members.

The Scientific American which has been published weekly for the last thirty years; does this to an extent beyond that of any other publication, in fact it is the only weekly paper published in the United States, devoted to Manufacturers, Mechanics, Inventors and New Discoveries in the Arts and Sciences.

Every number is profusely illustrated and its contents are of the most and most interesting information pertaining to the Industrial, Mechanical and Scientific Progress of the World: Descriptions, with beautiful Engravings, of New Inventions, New Implements, New Processes and improved Industries of all kinds, useful Receipts, Recipes, suggestions and advice, by Practical Writers, for Workmen and Employers, in all the various arts, forming a complete repository of New Inventions and Discoveries; containing a weekly record not only of our own country, but also of all New Discoveries and Inventions in every branch of Engineering, Mechanics, and Science abroad.

THE SCIENTIFIC AMERICAN has been the foremost of all industrial publications for the past thirty years. It is the oldest, largest, cheapest, and the best weekly illustrated paper devoted to Engineering, Mechanics, Chemistry, New Inventions, Science and Industrial Progress, published in the world. The practical receipts are well worth ten times the subscription price. And for the shop and house will save many times the cost of subscription.

Merchants, Farmers, Mechanics, Engineers, Inventors, Manufacturers, Chemists, Professors of Science, and People of all Professions, will find the SCIENTIFIC AMERICAN useful to them. It should have a place in every Family, Library, Study, Office and Counting Room in every leading Room, College and school. A new volume commences January 1st, 1876. A year's number contains 382 pages and SEVERAL HUNDRED ENGRAVINGS. Thousands of volumes are preserved for binding and reference. Terms \$3.20 a year by mail, including postage. Discount to Clubs. Special circulars giving full rates sent free on application. Single copies may be had for 10 cents. May be had of all News Dealers.

PETERSON'S MAGAZINE

POSTAGE PRE-PAID ON ALL SUBSCRIPTIONS.

Every subscriber for 1876 will be presented with a superb, large-size steel engraving of Trumbull's celebrated picture of "The Signing of the Declaration of Independence." This will be Peterson's Centennial Gift.

"Peterson's Magazine" contains, every year, 1000 pages, 14 steel plates, 12 colored Berlin patterns, 12 mammoth colored fashion plates, 24 pages of music, and 900 wood cuts.

Great improvements will be made in 1876. Among them will be a series of illustrated articles on the Great Exhibition at Philadelphia, which will alone be worth the subscription price. They will appropriately contain:

THE CENTENNIAL IN PEN AND PENCIL. The immense circulation of "Peterson's" enables its proprietor to spend more money on establishments, stories, etc., &c., than any other. It gives more for the money than any in the world.

THRILLING TALES AND NOVELLETES. Are the best published anywhere. All the most popular writers are employed to write originally for "Peterson's." In 1876, in addition to the usual quantity of short stories, FIVE ORIGINAL COPYRIGHT NOVELLETES will be given by Mrs. Ann S. Stephens, Frank Lee Benedict, Mrs. E. H. Burnett, and others.

Mammoth Colored Fashion Plates. Ahead of all others. These plates are engraved on steel. TWICE THE USUAL SIZE, and are unequalled for beauty. They will be superbly colored. Also, Household and other receipts; in short everything interesting to ladies.

N. B.—As the publishers now pay postage by mail on all subscriptions, "Peterson's" is CHEAPER THAN EVER; IN FACT IS THE CHEAPEST IN THE WORLD.

TERMS: Always in Advance, \$2.00 A YEAR. 2 Copies for \$3.00 3 Copies 4.00 With a copy of the premium mentioned (2125) "CHRISTMAS MORNING," a fine dollar engraving, to the person getting up the Club.

4 Copies for \$6.00 7 Copies for \$10.00. With an extra copy of the Magazine for 1876, as a premium, to the person getting up the Club.

5 Copies for \$8.50 8 Copies for \$12.50 12 Copies for \$15.00. With both an extra copy of the Magazine for 1876, and the premium mentioned, a fine dollar engraving, to the person getting up the Club. Address, post-paid.
