FRUIT AND ORNAMENTAL TREES.

J. S. BORDWELL is Local Agent for all kinds of Fruit and Ornamental Trees Shrubs, Roses, Flowers, etc., from the best Nursery in the state of New York. Buy at home and save money. v6n37m8.

Give us a call for job work. The beautiful snow fell in considerable quantities yesterday. A large stock of fine furs were received this week at the New York Store. Sold at remarkably low prices.

Services next Sunday at the Lutheran church, by Rev. I. Breunen, English morning and evening. The Commissioners of Clarion County have selected Geo. W. Wilson as clerk at a salary of \$450. In Forest county they give L. F. Roher \$480.

C. S. KINE, Esq., the newly elected sheriff of McKean county, received his commission, filed his bonds and was sworn into office last week. It will be remembered that it was reported immediately after the election that his election was a nullity on the ground that there was no vacancy under the new constitution, but the Attorney General decided otherwise, and the Governor forwarded Mr. King his commission.

Gene in last week's issue of the Democrat makes two or three little errors which we will call his attention to. In the first place he says J. O. W. Bailey was a candidate for commissioner. Clerk which is not true. He also said Mr. McCauley, Treasurer elect, demanded the books of Mr. Windfelder; now had the young man booked up he would not have made this statement. The facts Mr. McCauley said nothing to Mr. Windfelder about the books. He also had his outsiders, printed Jan. 6, 1876, dated Jan 6, 1875. The last error is excusable as Gene had been off on a Christmas spree. Wake up old mutton-head! and realize that we are now entering the Centennial Year of American Independence.

Printers' Legal Copy and Juniors' Broad Bill Legal Copy Paper, and all kinds of Fancy Note Paper, including every grade of the new "Centennial Paper," received yesterday at the New York Store.

The Governor's Message. The message of Gov. Hartman, to the General Assembly of Pennsylvania, delivered on Tuesday last, was an able one, and deserving of much commendation, aside from partisan feeling. During the year ending Nov. 30th inst., \$1,835,437.65 of the public debt was redeemed. The receipts for the year were \$7,534,650.67; disbursed during the year \$6,541,413.40, leaving balance in Treasury of \$993,237.27. We find the debt of the State on December 31st last to be \$23,293,137.74.

The Governor notes an improvement in Normal school instruction throughout the State; refers with pride to the Legislature for its patriotism in continuing its support of the schools for soldier's orphans; considers municipal government a problem the solving of which, is an occasion for much serious consideration, congratulates the State upon the thus far successful progress of the Centennial movement; advises increased accommodations for the insane of the State; refers with feelings of regret to the apparent growing lawlessness of the people in certain sections, and advises action by the Legislature relative thereto; compliments the National Guard service for its improved condition; approves the establishment of the Insurance Department of the State, and quotes its efficiency as already manifested; advises a full representation of our mineral resources at the Centennial and makes favorable mention of the labors of the Geological Survey department; regrets the partial failure of the labors of the Fish Commissioners, by reason of inadequate legislation; pays a fitting compliment to the late Hon. Geo. L. Harrison, President of the Board of Public Charities, and considers the gentlemen composing the Board are deserving of the gratitude of our people; advises the adoption of such legislation as will tend to check the increasing vagrancy throughout the State; alludes to the overcrowded condition of the Eastern penitentiary; announces the publication of volumes 1 and 2 of Colonial Records; calls attention to the inefficiency of the law relating to the salaries of County Officers; suggested the repeal of all laws imposing taxes on trades, occupations and professions, that at present are on the statute; recommends the appointment of a commission to act with a similar body appointed by the State of New York to determine and renew the State boundary lines; pays fitting eulogiums to the late Ex-Chief Justice, Geo. W. Woodward, Horace, Binney, Samuel E. Dimmick; gives words of wisdom touching the present Legislative session, and hopes that its counsels may be such as shall tend to the honor and prosperity of the people.

DOUBLE EXECUTION.

THE PITTSBURGH HIGHWAYMEN PAY THE PENALTY OF THEIR CRIME.

Pittsburg, January 6.—The execution of William Murray and Fredrick Myers for the murder of Gotthardt Wahl, took place in the jail yard at noon to-day. The murder was committed on the evening of November 11, 1874, as the farmer Wahl was driving to his home near Perryville. He was waylaid by these two men, and while Myers held the horses Murray sprang into the wagon and demanded Wahl's money or his life. Wahl attempted to grapple with him when he drew a revolver, firing three shots, two of which took effect in Wahl's abdomen. On the evening of the following day, Murray and Myers were both arrested at their boarding house in this city and shortly afterward Myers made a full confession. They were convicted and sentenced to be hung. Murray says he was born in New Haven in 1840. He is a carpenter by trade, and has no relatives living. He has steadily refused to have any spiritual adviser. He professes to believe there is no hereafter, and would have nothing to do with priests or preachers. It was only yesterday that he dismissed a priest telling him he would let him know when he wanted him and his friends. He spent last evening in conversation with his guards on various topics, but not on the subject of the murder. Myers states that he was born in Germany, and is thirty-five years old, this day of his execution, being his birthday. He came to this country, when eleven years of age, and is a harness maker by trade. Since his conviction he has devoted most of his time to religious reading, prayer and meditation, and expressed a strong hope in his future happiness. During last night he employed his time in reading the Testament and praying. At eight o'clock Father Beck, his spiritual adviser, visited him and administered the sacrament of the Church, after which he partook of a hearty breakfast. A strong effort has been made by his counsel to have his sentence commuted to imprisonment for life. A final hearing was had before the Board of Pardons on Tuesday last, when it refused to commute the sentence.

Washington, January 9.—There is to be a pretty general change made in the personnel of the office of Second Comptroller and Third Auditor of the Treasury. Several removals therefrom were made yesterday, and more are to follow.

Washington, January 8.—Mrs. Gaines has arrived in this city, after an absence of two years, to attend to a suit pending in the Supreme Court affecting the probate of a will in New Orleans. She says she has been engaged in litigation concerning her interest for forty-four years, and has spent three fortunes.

Charles Morgan and Charles Lewis, alias Standfelt, was arrested on a charge of circulating counterfeit money. The parties are said to be distributing agents for a gang of counterfeiters of which Ben Boyd is the chief, and the officers have been after them for years. The evidence against Morgan is not strong, but the officers, claim a sure thing on Standfelt.

Washington, January 8.—It is admitted at the Navy Department that the arrest of Paymaster Spaulding at San Francisco is a result of the official inquiry into the Pinney frauds. The details of this investigation will not be given by the department, as the Secretary does not consider that the proceedings of the Court of Inquiry in this case should be made public. A court martial will soon be ordered for Paymaster Spaulding.

Washington, January 5.—At an informal meeting held at the Arlington Hotel to-night, composed of prominent citizens of the District, the preliminary steps were taken to induce the Democratic and Republican national committees to select Washington as the place in which to hold their respective national conventions. The argument was advanced that the public generally would rejoice in an opportunity to visit the capital during the Centennial year. Another meeting will be held on Friday night.

Cleveland, O., January 8.—A meeting will be held here on the 13th inst. for the purpose of considering what measures are necessary to secure the repeal of the act of the last Congress known as the Resumption act. A memorial to Congress has been extensively circulated in this city, and received the signatures of a very large number of prominent business men, petitioning for a repeal of so much of the act as provides for the payment of United States legal-tender notes in coin upon the first day of January, 1879, and authorizes the Secretary of the Treasury to sell and dispose of bonds of the United States for the purpose of enabling him to redeem such legal-tender notes; also, representing that, in the judgment of the petitioners, the enforcement of the resumption clause of said act would be exceedingly disastrous to the business of the country.

On Wednesday night Ella, a little daughter of M. V. Orser, living about a mile east of Altoona; died from the effects of burns by fire which communicated to her clothes while playing around a stove on Tuesday. Gov. Curtin, D. C. Bush, Esq., and other prominent men have about completed arrangements for the transfer of a knitting machine company from Philadelphia to Bellefonte Centre county. The work will give steady employment to about three hundred men. The Opera House, Altoona, has been engaged for twenty-one consecutive nights for the purpose of holding revival services therein. Rev. E. Hammond, who has acquired a State reputation as a stirrer up of sinners, and an athlete in wrestling with the evil one, will conduct the revival. Foreign insurance companies doing business in the State paid taxes last year of premiums amounting to \$156,406.23. There are 170 of such companies, and the largest sum was paid by the Mutual Benefit Life Company of Newark, N. J., the amount reaching \$17,350.35. The Acta paid the highest tax on fire insurance, \$10,570.00. The over-supply of coal in the Schuylkill region, that caused suspension of mining, still continues, and pretty much all business connected with the trade continues now as a week ago. Prices have not been advanced in consequence of suspension, nor is it probable that they will be during the present winter. There is some little mining of coal in the Lehigh coal region, and any prospect of a material reduction of the present output will stimulate production. But at present the coal trade is very quiet.

UNCLE SAM'S CASH ACCOUNT

WEEKLY STATEMENT OF THE TREASURER.

Washington, January 8.—The Treasury now holds \$333,002,962 in bonds to secure the national bank circulation, and \$18,023,500 to secure public deposits. United States bonds deposited for circulation for the week ending to-day, \$184,000; United States bonds held for circulation withdrawn for the week ending to-day, \$732,700; national bank circulation now outstanding \$343,803,094, of which amount \$2,100,390 are gold notes. The internal revenue receipts to-day were \$470,724.94; for the month to date, \$2,939,342.93. Customs receipts to-day \$681,077.93; for the month to date, \$3,231,221.70; for the fiscal year to date, \$79,251,939.25. The balances in the United States Treasury to-day, at the hour of closing, were as follows: Special deposit of legal tenders for the redemption of certificates of deposit, \$36,755,000; coin (including coin certificates to the amount of \$34,241,869.) \$71,746,145; outstanding legal tenders, \$471,827,220; currency, \$8,363,100.
