14 William Calder, The way to put it before the people is as follows: Let the people remember that the average expenses of Buchanan's administration were eightyone millions per annum, or \$2,61 per capita of our population in 1860thirty-one million persons-and the expenses of General Grant's administration in 1875, after deducting those sums entailed by the rebellion, were only eighty-six milllions, being only 82,05 per capita of our population of forty-two millions. This is real retrenchment and reform.

STATE NOTES.

About two hundred men are at work on the State Hospital for the Insane at Warren, and 20 bricklayers are at work on their new Court House.

Sixty Crawford county men, with seven mowing machines, five horse rakes, and eleven teams for hauling hay, met, cut and put up, on a farm near Guy's mills, over fifty tons of hay, from thirty acres of meadow.

On Wednesday night of last week, the well owned by Messrs, Cook & Knight, on the farm of Mr. Wm. M. Lorah, at Monroeville, Beaver town-ship, after being tubed, commenced flowing and the gas ignited, burning the pumper, Mr. Thomas Klingensmith, so severely that the flesh peeled off different parts of his body. At latest accounts, he was considered to

be out of danger.—Clarion Jacksonian, David Baxter and James Gordon, colored individuals, of Uniontown, fought a duel with "pepper boxes" in Nicholson township, Fayette county, a few days ago. Gordon snapped twice, but his weapon did not go off. He then took up a stone struck the hammer with it, discharging two bar-rels at his antagonist, but without effect, and then wheeled and took to his heels, passing through a brier field. leaving the greater portion of his clothes on the bushes. Baxter fired three shots after his retreating enemy, but he too missed his mark.

Cleveland, Ohio, August 16.-The New York Express which left Cleve-land about 10 o'clock last night, on the Lake Shore Railroad, was thrown from the track about 2 o'clock this morning, near North East, Pa. M. Clemens, of Cleveland, had both legs broken and some other passengers were injured slightly. The train was badly wrecked. Investigation shows that the accident was a deliberate attramps, as a number were seen in the neighborhood at the time.

At Hellertown, Pa., Miss Fannie Riegel, aged fifteen years, of Philadelphia, saved the life of a young lady friend at great personal risk. The young lady had got into a row boat on ing house, two stories high, 20:30 feet as the mill-pond and pushed out until frame barn 26x36 feet with shed attached, she was in the current and was being 24x36 feet, a barn 32x40 feet. There is a carried toward the dam, when Miss good orchard and a good well of water Riegel came from the house, dressed for making a call and, seeing the danger of her friend, hurried to the pond, jumped in, regardless of her own safety, and swam to the assistance of the imperilled girl. Taking hold of the boat with one hand she swam with the other and pulled it out of
