The Chicago Stants Zeitung, which has come out for the Republican State ticket, predicts that the Republicans will carry IIIInots by from 25,000 to 30,000 majority. The ship Golden State, which sails from New York on September 1st for Shanghal. will take out 4,500 bales of domestic drillings

and shirtings, the largest shipment of American cotton goods since 1800, When Tilden was a member of the Assem bly in 1872, the yeas and nays were called 1,-5's times. He answered to his name only

100 times, and dodged 1,450 times. "Reform is The Democratic editors of Maine are answering Colonel Ingersoll by showing that he is an infidel. The spectacle of the sainted Democracy rallying to the support of religion

is a noble one. The party always was noted for deep piety .- [N. Y. Tribune, When Samuel Sloan, of New York, asked Tilden to sign a call for a Union meeting during the war he replied "I am very busy," And about election day the boys in blue will be "very busy" voting for the soldier candi-

date, Rutherford B. Haves, The New York Tribune of Wednesday goes so far as to say that unless Governor Tilden can flatly meet the startling statements conceraing his alleged swindling of the government during the war by swearing to false returns of his income, "it is a much more serious business for the Governor than the whole record of 'railway wrecking' put together."

A few fastidious men, scattered here and there over the country, cannot think of voting for Rhyes because Babcock and Boss Shepherd are Republicans. So they propose to turn round and vote for Tilden, who is supported by all the scessionists, Ku-Kinx and inflationists throughout the country having for his special champions such "reformers" as John Morrissey, Fernando Wood, and Butcher Butler of Hamburg fame. Providence, R. I., Aug. 28. -In view of the improved demand for and Maine, and the Connecticut Print Works, which have been idle several weeks, will start up at once.

THE story which the Indiona Demoerats are circulating about a private letter from General Kilpatrick to Governor Hayes, giving a very gloomy account of Republican prospects in that state is declared to be a "campaign roorback" by the New York Herald of Wednesday.

The travel-rope that was taken over the towers of the Brooklyn bridge on Saturday has been moved from the line of the one which carried it over to its place on the north end of the towers and anchorages by sliding upon greased planks. On the Brooklyn side it had to be raised over a derrick near the anchorage and to accomplish this, one of the riggers employed let himself down on the wire from the anchorage pier and swinging offupon the derrick lifted the wire over it and then climbed back, hand over hand.

George Adams, who so successfully played the role of hero in the late averted railroad disaster of the 20th inst , at Fairport, has been arrested at Buffalo, N. Y., and confesses that he misplaced the switch which threw the train from the track of the Lake Shore and Michigan Southern Railroad on the 11th inst., whereby the engineer and fireman were badly scalded and the engine wrecked. On the 10th inst he drew the spikes from the ties and the bolts from the fish joints, throwing a train down an embankment, wrecking the engine and three passenger conches and the baggage and postal cars, killing W. E. Clemens, conductor on the Great Western Railway. Adams pleads in extenuation his intention to notify the train in time to avert accident, hoping thereby to place the company under obligation to furnish him with a situation.
