THURSDAY, MAY 26, 1877

Washington, April 27.-Mr. Hayes having been annoyed and finding much of his time consumed by place hunters has been obliged to adopt a rule that applications for appointment to office must be made in writing and presented to the departments, and that personal application to him will not be considered. It is not known having claims to present the same whether the rule applies to delegations.

An interesting article in the New York Bulletin gives the aggregate of municipal debts of forty cities in the \$148,000,000, Philadelphia \$60,000,000, Boston \$44,000,000 and Baltimore \$22 Boston \$44,000,000 and Baltimore \$33,-000,000. The following cities are in default of interest: Memphis, Mobile, Nashville, New Orleans and Savannah -all southern. The highest rate of tax paid is in New Orleans, 3,95; the highest in a Northern eity, Detroit, 3,92. The lowest is Rochester, 1,33. New York pays 2,65, and Philadelphia o'clock P. M. of said day.

1. The impossible however to Eating House. 2,25. It is impossible, however, to judge from these rates of the comparative burthens carried by the different municipalities without knowing something of the taxable values placed upon property.

In view of the multiplicity of inventions, and the many complications arising under the patent laws, persons desiring to obtain valid patents cannot be too careful in securing the services of experienced and skilled attorneys. Mr. F. A. Lehmann, of Washington, D. C., has been several years an examiner in the Patent Office, and is one of the most successful practitioners before the Department and the Courts. He requires no fee until the patent is secured.

Life is short, and no person of himself can literally "prove all things." It is then part of wisdom to render Ohio.

by writing to John Kirkpatrick, Cambridge, Ohio.

Dr. M. M. Fenner-Dear Sir-In the spring of 1874 my wife had a severe attack of neuralgia in her neck and shoulders. She suffered terribly, being unable to sleep or lie down in bed. After trying many remedies to no purpose, she was finally completely and permanently cured by three applications of your Golden Relief. ments in the stom-sch, liver, and bow-els. They are a mild aperient, and an excellent purgative. Being purely vege-table, they contain no mercury or mine-

no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every ramily should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market anounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy netwity. Internal organs which become clogged and slurgish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and proserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or secupation.

without disturbance to the constitution, or diet, or secupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure;—

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stom ion, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billous Lieudache, Sick Headache, Jaundice or Green Sickness, Billous Colic and Billous Fevers, they should be judiciously take. Or each case, to correct the diseased action or remove the obstructions which cause it.

For Bysentery of Diarrhoea, but one mild dose is generally required.

For Rheumatism. Gout, Gravel, Palpitation of the Heart, Pain in the
Bide, Back and Loins, they should be continuously taken, as required, to change the diseased
action of the system. With such change those

complaints disappear.
For Bropsy and Bropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.
For Suppression, a large dose should be taken, as it produces the desired effect by symmetric.

haken, as it produces the desired enect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Vills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
