## The Russians Repulsed With Heavy Loss

Gallantry of the Turks. The correspondent of a London paper describes a reported Turkish victory near Batoum on the Black sea, as follows: About five o'clock in the morning the Russian forces, which had been largely augmented for the purpose, ad-vanced with batteries of field artillery and made a furious attack upon the heights defending Batoum on the land side, which were occupied by Bashi-Bazouks. The Ottoman troops were intrenched in the usual effective manner upon the slopes and ledges of these hills, and upon the advance of the enemy they opened on his columns a terrible and well-sustained fire of cannon and musketry which literally mowed the Russians down in swathes. They fell by scores and hundreds on the plain below the Turkish positions. During their attempts to make way against the fire a body of Turkish horse and foot, taking advantage of a thick forest, broke forth upon the flank of the Russian column and effected great slaughter. The Muscovites being upon ground per-fectly open, and having no choice but to fight or fly, in a short time the spot which was the scene of this flank movement became covered with dead and dying Russians, But the enemy quickly brought up reinforcements, battle was renewed with much determination. For many hours the efforts of season, the assailants were desperately main-tained, but toward midday their artillery fire gradually slackened and they at length withdrew after suffering very considerable losses. I myself was an eyewitness of this important engagement from first to last, and can testify that the Ottoman soldiers behaved with a gallantry which was most admirable. They to add as little as possible to the size had, however, during a great part of the about the waist and lips. action, the advantage of entrenchments on high ground, and it is due to this substitute for the kettle drum during fact, no doubt, that their losses, compared to those inflicted upon the enemy, were insignificant. The victory was won by the extraordinary courage of the Bashi-Bazouks. The dead and wounded on the Russian side will exceed 4,000. The engagement lasted over eight hours' fighting. The last of the Rus- of muslin, lawn and batiste. sians did not withdraw until near midnight. The Russians lost many guns. The only Turkish officer of note killed is

Horseshoeing in Russia and Turkey. Travelers in Europe describe two different ways of shoeing horses in Turkey and Russia, which may seem very awkwark compared with the simple method of American smiths. In Turkey and Servia the horse's head is held by one man, another holds the leg on his arms, while a third operates on the foot. In Russia the horse is placed in a square cage made of rough planks of wood, and is strapped around the belly with wide leather straps attached to cross bars of the framework; his head is also tied safely; the foot is fixed to a stake in the ground and held by an assistant while the smith places the shoe on.

Superstition.

A panacea, or "cure-all," is one of the myths of the age of superstition. Dr. R. V. Pierce does not recommend any one or even his whole list of standard remedies as adequate to cure every disease. For severe lingering coughs, bronchial, throat, and chronic lung diseases, he believes his Golden Medical Discovery is used to the superstanding are half wasted by consumption. The Discovery not only exercises a potent influence over pulmonary affections, by reason of its pectoral properties, but possesses also the most valuable alterative, or blood cleansing properties, and is therefore a sovereign remedy in blood and skin affections. But while it will cure scrothlous and other ulcers or sores, blotches, pimples and eruptions, it will not cure cancer, nor does its and other dicers or sores, blotches, pimples and eruptions, it will not cure cancer, nor does its manufacturer claim any such merit for it as is done by proprietors of other blood cleansing medicines, who dishonestly try to decive the afflicted into the belief that their preparations will accomplish impossibilities. By reason of its real intrinsic merit it has a sale surpassing that of any other blood and cough medicine.

I have sold Hatch's Universal Cough Syrup for five years. During that time I have sold more of it than any other cough remedy. Many of my customers will have nothing else. All who use it speak in its praise, as a safe, effectual and pleasant medicine to take. It is claimed to be unfailing for croup.

Dyspepsia Four Years, Consti-pation and Inflammation of the Bowels Three Years, Con-fined to my Room Two Years, So I Could Not Sleep Without Morphine. One Package of Quain's Condition Pills made me Eat Well, Sleep Well, and Free from Pain, after being given up by Physicians. West Lebanos, Me., Feb. 22, 1875.

WEST LEBANON, ME., Feb. 22, 1875.

AMERICAN MEDICINE CO.:—I have been sick for four years with Dyspepsia, and for the past three years, Constipation and Inflammation of the Bowels. I have suffered all the pain I could endure and live. I have been confined to my room for two years, and could not sleep nights without the use of morphine. I have been given up by physicians as past cure. I have taken one package of DR. QUAIN'S CONDITION PILLS, and they have done me more good than all the doctors I have had. I sleep well, I est well and have no pain. They are all they are recommended to be. Please send me three packages, as two of my neighbors wish to try them. I enclose \$1.50.

Yours truly, JOHN W. LORD.

Neuralgia and Rheumatism, Liver and Kidney Complaint for Twenty-Five Years Cured by Quain's Condition Pills.

Danvers, Mass, July 19, 1875.

DANVERS, MASS, July 19, 1875.

AMERICAN MEDICINE CO.:—For the last twentyfive years I have suffered terribly with Neuragia
and Rhoumatism, also Liver and Kidney Complaints, causing severe pain in the back and hips,
often unable for months to stoop to pick up any
small article from the floor. I have had several
doctors, spent a great deal for medicine, which did
no good, and finally concluded I must suffer the
rest of my life. I happened one day to see your
advertisement in the Congregationalist. I thought
the medicine was just what I needed, and I sent to
you hast April for a package of Pills. Before I had
taken eight I folt like a new person. Can sleep well
nights, eat well, and have no Neuragias pain, can
stoop as well as ever. My friends are astonished
at the change in me. My sister has suffered from
Inflammation of the Bowels, and Constipation, and
wishes to try your medicine. I intend still to take
them, and would not be without them if money
would buy them. I think they must prove a blessing to thousands who will be induced to try them.
Enclosed you will find \$1.00; please send two packages.

Yours respectfully,
MHS. B. T. LANE.
