Judge Wetmore decided to take the bonds of the constables elected at the spring election. The opinion of Attorney General Lear, in reference to the holding over of township officers, seemed to warrant the belief that the old constables would hold over. In consequence of which decision several townships in this county, Ridgway among the number, had no contest for the last named office. Geo. D. Messenger, Jr., is the new constable for Ridgway township.

The Warren Mail says: A project is on foot to build a single rail safety railway, as it is called, between Bradford and Olean to accommodate the increasing oil trade. The road is on the plan seen at the Centennial Exhibition last year, got up by Gen. Roy Stone, formerly of this place. A preliminary survey has been made between the two points, by Gen. Roy Stone, Col. Wilcox and A. J. Post, a competent engineer. The plan of a single rail has been known to engineers for many years, but by Gen. Stone is the first to bring it into practical use. Its cheapness is its main recommendation, and if found practicable it will be constructed as an additional outlet for the Bradford oil.

State Notes. A Luzerne county minister has been dismissed for lying. Judge Orvis is president of the Bellefonte temperance union.

Four thousand people in Delaware county have signed the Murphy pledge. The decrease in the valuation of taxable property in Allegheny county this year as compared with last is over \$81,000,000.

The Beaver planing mill, Williamsport, was destroyed by fire on Thursday night. Loss between \$15,000 and \$20,000. A Lancaster county cigar maker has just completed the feat of working ninety-six hours without rest or sleep.

Elias Grube, of Chester county, took a dose of borax and saltpetre by mistake and died twenty-four hours afterward. His wife had procured the fatal compound to exterminate bugs.

James Aekley, aged seventy-seven years, was run over and killed the other day on the railroad in Allegheny city. He was picking coal on the track when struck. A Saratoga negro caught a white man in his wife's bed the other night and beat him so severely that a fatal result is not improbable.

Mrs. Phoebe Suppler, of Montgomery county, committed suicide by hanging on Friday last. She had recently lost the sight of an eye, and the fear that she would become totally blind disordered her mind. On Friday morning Alexander Dobbin, of Gaysport, Blair county, lost a two year old son by drowning in the Juniata river. Twelve years ago to the day the same gentleman lost a little boy in the same manner and in the same place.

Johnny Britten is the name of an eight year old Pittsburgh pickpocket. He has been in the habit of ingeniously slipping up behind ladies and inserting his hand into their pockets and removing all the valuables therefrom. He is under arrest for the last offense. Barney M'Callmont, one of the Murphy temperance speakers and converts, of Pittsburgh, has brought suit for libel against the Rev. Mr. Moore, publisher of the Millerstown, Butler county, Review, and the latter has given \$500 bail for trial. An article appeared in the paper charging M'Callmont with debauching.

Three card monte men beat C. W. Wheelock, of Oil City, out of \$1,800 in checks and drafts while en route to Chicago the other day. Wheelock was detained at a Chicago hotel while one of the operators hastened to New York and had the checks cashed. Two of the swindlers have been arrested. A little daughter of Noah G. Hershey, a farmer, residing near Maytown, Lancaster county, was burned to death recently. Her mother had been engaged killing caterpillars, with burning rags. The fire not being sufficient, she sent the girl for oil, which the latter poured on some rags on fire. The oil burst into a flame, and the fire was communicated to the child's dress. Death followed in a few minutes.

Horace Milburn, who is credited with having stolen nearly all the chickens in the Tioga valley, has been sent to the penitentiary. He and another party stole thirty from Judge Bently and the next morning borrowed his wagon to take them to market. When the wagon was returned two of the chickens were found under the seat.

About one o'clock on Thursday morning a fire at Houtzdale, Clearfield county, destroyed the dwelling houses of P. Tankey and Charles Kinney, Gibbons, Bros.' store, Mrs. J. D. Sprout's dwelling and store, George Hagerty's dwelling house and bakery; a lot of furniture belonging to J. H. Foreman; A. A. Ashton's bakery, household goods and stock. The merchant's store was insured. The probable loss is \$25,000, with no insurance, except on Ashton's property.

At Scranton on Friday night a meeting of workmen was held at which the action of President Gowen, of the Philadelphia and Reading railroad, in connection with the Brotherhood of Locomotive Engineers, was denounced. The following resolution was adopted: "We notify our storekeepers and business men in general that we will not patronize them as long as they continue to order their goods over the Reading railroad or its branches, and until said company reverse their tyrannical orders."

Recently the residence of an aged couple named Foley, in Cambria county, was visited by two men who represented themselves as United States detectives in search of counterfeiting money. Foley denied having any money, but his visitors insisted that he had and ransacking the house found a trunk under a bed containing over \$700 in gold, which they appropriated. The owner being feeble was unable to make any resistance, and the villains have not been heard of since.

An "Egyptian soap" than came in with the circus last Thursday and soon drew a crowd. He had no difficulty in selling small packages of common bar soap with \$1 or more thrown in, despite the hard times. The fun ceased, though, when a man, old enough and big enough to know better, paid \$15 for a chunk of soap, supposed to contain \$20, but which on examination had only \$1. He un-animously decided by a large majority to keep out of the soap business hereafter. Some persons only learn by costly experience, that it is difficult to beat a man at his own game.—Warren Mail.

NEW MUSIC. We have just received from the Publisher, a copy of a new Temperance Song and Chorus by the popular and favorite author Jas. G. Clark, entitled "Nowhere to go."

A horrible accident recently occurred at Johnsonville, Northampton county, by which several young men were seriously injured. Mr. Hiram Kressler engaged his son, a young man about seventeen years of age, a young colored man about the same age and several other young men, to blast rocks in a large field. The young men had drilled a hole in a large rock, and were preparing the charge to blast, when it exploded prematurely, knocking them in all directions. Mr. Kressler's son had both eyes blown out and his face considerably disfigured. The colored man had one eye knocked out and both arms horribly mutilated. The other young men were injured by being struck with the flying stones.

The Erie Dispatch says: "General Allen's friends affirm that he has suffered everything for the past ten years in consequence of the infamous conduct of his wife. On her account he has been socially ostracized wherever he has lived, but his affections for her prompted him to repeatedly condone her faults, hoping that she might be induced to reform her manner of life. His treatment of her has been remarkably kind and generous, and he delayed the step he is now taking as long as it was possible to do so. She has been married three times. From her first husband (who is now living at Warren) she was divorced; her second was killed during the war, and then she married General Allen. It is a sad thing for the general, and he is deserving of the sympathy which he receives from nine-tenths of those who are acquainted with the parties."

"People's Remedies" are seven in number and are manufactured by Dr. M. M. Fenner, Fredonia, N. Y. No one of them is put forward as a "cure all," but each is adapted to a special class of diseases, as described in the circular entitled "People's Remedies," which is wrapped around every bottle.

Each remedy, in its place, is curative in the highest sense possible, in the present advanced state of medical science. When thus adapted it will apparently work wonders. Many thousands of certificates of cures on file, written by grateful invalids who have been restored by them to health. Some of these are published in the circular above referred to, representing all classes of society, from the lowly cottage to the princely palaces and offices of state. Ask your druggist for one.

New Bethlehem, Pa., July 20th, 1875. Dr. M. M. Fenner, Fredonia, N. Y.—Dear Sir: About two years ago I had an eruption of the skin and swelling of my upper lip and both legs. I could not wear a boot for nine months. I had also a bad cough for about fifteen years. I met you at the M'Nutt House, here, last February, showed you my swollen limbs, and you examined my lungs. You prescribed your Blood and Liver Remedy and Nerve Tonic, your Salt Rheum Ointment and your Improved Cough Syrup. I commenced their use at once as you directed. The effect surprised me, and all who knew my case. The cough almost immediately ceased. The eruption disappeared, and the swelling went "down and out." It is now about six months since I commenced the treatment. I improved so that I commenced work the first of March, and I now wear my boots and labor as before I was sick.
