Meeing of the Republican State Convention.

HEADQUARTERS REPUBLICAN STATE COMMITTEE, Harrisburg, May 29th, 1877.—In pursuance of a resolution of the Republican State Committee, adopted at a meeting held in Harrisburg, this day, a Republican State Convention, to be composed of delegates from each Senatorial and Representative district, to the number to which such district is entitled in the Legislature, is hereby called to meet in the city of Harrisburgh, at twelve o'clock, noon, on

WEDNESDAY, AUGUST 29, 1877,

for the purpose of nominating candidates for Supreme Judge, State Treasurer and Auditor General, to be voted for at the ensuing general election on the sixth day of November next.

By order of Committee.

HENRY M. HOYT, Chairman.
A. WILSON NORRIS, Secretary.

Cincinnati, July 7.—During the week ending to-day over $2,500,000 of the new four per cent. loan have been taken by the citizens of Cincinnati.

Washington, July 7.—The total amount of subscriptions to the four per cent. loan received in the United States to date is $13,222,250.

Cincinnati, July 8.—A company of Light Guards left Covington last evening for Grayson, Carter county, Kentucky, under instructions from the governor, to report to the sheriff of Carter county, and to assist him in arresting a band of horse thieves and desperadoes who have long been a terror to the citizens of that county. The thieves are numerous and well organized and armed. It is expected they will offer desperate resistance to the officers.

Detroit, Mich., July 7.—Swarms of grasshoppers have recently made their appearance in portions of Oakland and Ionia counties, in this state, and are ravaging all manner of growing crops, to the despair of the farmers. About four thousand acres of growing grain have had havoc played with it by the grasshoppers. Entomologists say these insects are the red legged locusts, not the Kansas grasshoppers. Nevertheless they are very destructive, though incapable of long flights, and farmers in the affected localities are cutting down their crops in order to save them."

ONE MORE TESTIMONIAL.—It is twenty-five years since I was hurt by the falling of a tree, injuring my back, and at times I have been unable to dress myself without help, always having a pain in the small of my back, having blistered it a great many times and used a large number of plasters with only temporary relief In the spring of 1874 I began taken E. K. Thompson's Barosma, or Backache, Liver and Kidney Cure, followed with marked benefit. I have taking six bottles, which removed the excruciating pain. Words cannot express what I have suffered. I have not been as well in twenty-five years The Barosma is worth more than gold and I take pleasure in testifying to its merits. I. W. LIGHT.

Light Upon Paris Green.

POPULAR MISINFORMATION EXAMINED AND SET RIGHT BY THE CHEMISTS.
From the True Citizen.

State Assayer Hayes, of Massachusetts, publishes a warning against the use of Paris green for the destruction of potato bugs. He says that there is danger, in the common mode of digging potatoes, that the poisoned earth may adhere to the tubers, and through lack of careful washing before using, prove fatal. He also speaks of the danger attending the presence of a poison in the household.

In regard to these cautions Prof. Chandler, President of the Board of Health, says: "There is just as much danger in having Paris green in a house as there is in having a loaded revolver, or any other deadly weapon It does not poison the potatoes, but it would impregnate with poison lettuce or salad that is to be eaten raw, and therefore too much care cannot be taken in its use, and every precaution should be taken to prevent it being deposited by the wind on other plants. The subject has been discussed by Boards of Health, and it has been decided that of the two evils, Paris green and potato bugs, the former is less, and therefore no warning has been sent out against its use. We have, however, strictly prohibited its sale at retail in the city, I do not consider its use so dangerous but that the unchecked ravages of the bug would be infinitely more so.

The ordinary Paris or imperial green which is used in the war against the bugs is scientifically an aceto-arsenite of copper. It is the same green commonly supposed to be so dangerous when used in coloring wall paper. In Watt's Chemical Dictionary this popular superstition is treated as follows:

This compound is much used as a pigment, on account of its splendid green color. A great deal of needless alarm has lately been excited about the supposed deleterious effects of this pigment. It is extensively used for staining wall papers, and persons inhabiting rooms thus prepared are said to have had their health seriously deranged by the arsenical fumes evolved from it. Now, it is utterly impossible that arsenic should volatilize from such a compound at ordinary temperatures. It does not decompose at any temperature below redness. The only way in which danger could arise from the use of paper stained with an arsenical color is that particles of the compound might be brushed off in dusting the paper, and thus mixed with the air of the apartment; but it is not in this way that the supposed accidents are said to have occurred. The panic has arisen from a mistaken notion as to the volatility of the arsenic. That the use of the pigment is not really dangerous may be safely inferred from the fact that no bad effects are experienced by the workmen engaged in its manufacture.

At Petrolia, Venango county, the people on Friday night were disturbed by the report of a pistol and screams by a woman. It was soon after discovered that Mrs. "Boss" Farrell, while drunk, had shot a girl in her employ and wounded her severely. The assailant subsequently demanded a drink of whisky at a hotel, and being refused she broke a window and demolished a stove, after which she skipped the town.

Cheyenne, W. T., July 8.—H. J. Smalley shot and killed his brother Andrew yesterday near M'Pherson, Nebraska. The Smalleys were traveling overland from Morline, Illinois, to Colorado. A quarrel originating in Andrew wishing to return to Illinois terminated in his brother driving him from camp and shooting him. The murderer is in jail at North Platte.

Whitehall, N. Y., July 7.—The Keeseville national bank was robbed last night by seven or eight masked burglars. The watchmen were bound and gagged, the vault of Marvin's spherical safe blown open and the contents carried away. The bank loses $7,000 in currency, $6,000 in the town of Chesterfield bonds, $1,000 in government bonds and $1,000 in Essex county bonds—total $15,000. Parties who left packages in the bank for safe keeping have lost to the amount of from $50,000 to $60,000. Bills receivable at the bank and collection notes were also taken.

POWELL & KIME'S.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye
FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Manufactured by R. P. HALL & CO., NASHUA, N.H.
