

Notes.

Doctor McKnight, of Brookville, paid us a visit. Captain Brown, of Corry, was in town last week. Yesterday was Ash Wednesday, and the beginning of Lent. St. Patrick's Day, is the time to sow your tomato seeds. Pigeons in countless numbers are flying over this place. Thomas Johnson is building a house on his lots across the river. Maple sugar time has come, and maple sugar will be for sale at our stores in a few days. Ex-Sheriff Head and family have returned from a visit to friends in Jefferson county. James H. Ross and wife have moved into Miss B. E. Wilcox's house on South street. The Treasurer's Sales of Unscathed Lands will appear in the ADVOCATE about the 21st inst. Note paper and envelopes for sale at this office. A sheet of paper and an envelope for a penny. Capt. Fred Schoning and Madison S. Kline are candidates for admission to the bar of Elk county. Yesterday the weather was very pleasant and spring like, but won't we catch it the last of March. The supper and dance at the Ridgway House last evening is pronounced by those who attended as enjoyable in every respect. Gen. Thos. L. McKean was in town last week. The General made us a call and we very much regret being absent at the time. The hens in this section are doing their level best, regardless of the passage of the silver bill, and as a natural consequence fresh eggs are plenty and the price low. The last days of February and first day of March were very pleasant. On March 2d rain set in, and on the fourth snow. On the 3d and 4th, several rafts were started from this section. Thanksgiving Sermon by Rev. J. M. Gillette, with Remarks and Criticisms by 'A Catholic' as published respectively in the Elk Democrat and ADVOCATE, is the title of an eighteen page pamphlet, which we have for sale at this office for 25 cents a copy. Rev. A. J. McFarland lectured in the M. E. Church last Monday evening on "National Reform." Geo. R. Dixon was chosen chairman, and H. M. Powers secretary of the meeting. The church was well filled and the lecture well received. The Lutheran festival at Rhines' Hall last Wednesday, Thursday and Friday evenings netted about \$73.00. The silver Easter for which chances were sold at 25 cents each was drawn on No. 40 by Geo. Stickle. The gold ear rings and breast pin for which chances were sold for 10 cents were drawn by Mrs. John Flynn on No. 37. Last Thursday morning William Helster, fifty-eight years old, a boat builder of Reading, was feeding a circular saw at his mill, when a piece of wood flew from his hand, striking him in the abdomen, instantly killing him. He leaves a wife and two children.

RAWLINS, WY. T., MARCH 2.

A letter received here from trustworthy parties on Snake river says the Ute Indians are acting in a very defiant manner and threaten to go on the war path when the grass comes. A letter from Bear river states that the people are greatly excited over the action of the Indians and are preparing places of safety for their women and children. The dead body of Ashby Harris, a prominent citizen, living near Birmingham, Ala., who has been missing two weeks, has been found in the mountains in the south-western part of that county, with a load of buckshot that had been emptied in his head. Four hundred dollars which he had on his person when he disappeared was gone. The murder caused great excitement in that locality. Peter Ray has been arrested as the criminal. Mary Gabel, living seven miles from Evansville, Indiana, was found hanging to a beam in a stable dead. She had climbed on the beam and tied one end of a rope to it, and the other around her neck, and jumped off a distance of six feet. Her neck was broken by the fall. She was aged twenty-three, and had been nearly blind for eleven years. She was unmarried and lived with a brother-in-law. At Fish Landing, on the Illinois bank of the Mississippi river, a horrible holocaust occurred on the 1st inst. Morris Kaiser a German, purchased some coal oil at a store and returned to his home. While filling some lamps with the dangerous fluid, Kaiser accidentally set fire to the premises, and the entire family, consisting of husband, wife and six children, were burned to death. Coroner Hilton has started to the scene of the terrible disaster for the purpose of holding an inquest.

Court Proceedings.

Adjournd Term March 1st, 1878.

ARGUMENT LIST.

In the matter of the road to lead from the St. Mary's and Olean road to the Milesburg and Smethport turnpike, near R. Brown's in Jones township, Elk Co., Pa. Rathbun for petitioners; Hall & McCauley for County Commissioners. Exceptions to report of viewers. Proceedings set aside on the exceptions filed, also because damage is excessive.

Commonwealth vs. Amanda Trumble. Motion to suspend sentence and rule to show cause granted. Rule discharged.

Com. vs. Wm. Malone, et al. Petition for parole and rule to show cause granted. Continued.

Charles Webb vs. Simon P. Romig. Motion for a new trial with reasons and rule to show cause granted. Rule discharged.

In the matter of the petition of Frank Sorg for a tavern license. Application at January term 1878, and continued. Hearing continued to the May term.

Susan A. Fires by her next friend E. H. Dixon vs. John L. Fires, Divorce. Divorce decreed and subpoena on defendant to pay the costs.

Fatima Caden by her next friend H. W. Halstead vs. Owen Caden. Libel in divorce. Divorce granted at the costs of defendant.

In the matter of the registry of Mr. Fred Schoning as a law student. On motion of Rufus Lucore for the appointment of a board of examiners to examine the said Fred Schoning on the principles and practice of law and equity to report at May term 1878, the Court appointed W. W. Ames, C. H. McCauley, J. O. W. Bailey, Geo. A. Rathbun, and H. M. Powers said committee.

In the matter of the application of M. S. Kline for admission as an attorney. On motion of Hall & McCauley, the court appointed Geo. A. Rathbun, J. O. W. Bailey, H. M. Powers, R. Lucore, and W. W. Ames a committee to examine the applicant.

THE BILL introduced by Representative Phillips, of Kansas, in the National House of Representatives "to authorize the issue of postal savings bonds and for other purposes," has received the approval of the House banking and currency committee, and a prominent member says the report in favor of its adoption will be nearly unanimous. It provides that holders of lawful money, Treasury notes or coin, may make deposits in any sums larger than twenty five cents in any postal money office, and when the sums reach \$10 a postal order on the Treasury shall be given and shall be receivable for bonds, to be known as "postal savings bonds," to be issued by the Treasury and bearing interest at the rate of 3.65 per cent. per annum. Holders of postal orders may receive the bonds after five days' notice at the money order offices where the orders were issued. Said bonds shall also be issued, upon application, in exchange for lawful money, or Treasury notes or coin, at the Treasury of the United States or at the office of any Assistant Treasurer or designated depository, and shall be exempt from all taxation. The bill further provides for the payment of interest every three months. The bonds may be exchanged for currency at any time at the various Treasury offices. The money thus received by the government shall be applied to the redemption of such of the bonds of the United States as are redeemable at pleasure. The bill also authorizes the Secretary of the Treasury to prepare a special issue of United States notes, identical in all respects with the legal-tender notes, which shall be a legal tender for all debts, public and private, except duties on imports and payment of interest on the public debt, to the amount of ten per centum of the postal money orders and postal savings bonds actually outstanding, until the whole amount of such special issue shall reach the sum of \$30,000,000, which special issue of legal-tender notes shall be used wholly and exclusively in the redemption of the postal savings bonds herein provided for, under such rules and regulations as the Secretary of the Treasury shall prescribe for the purpose.

THE COUNTRY is flooded with counterfeit money, more now than ever before, and storekeepers had better avoid all risks, and subscribe for the only reliable and official Counterfeit Detector issued, and then loss from receiving counterfeit money need never be incurred. All handling bank notes have only to keep on hand for consultation PETERSON'S COUNTERFEIT DETECTOR, a semi-monthly publication containing descriptions of all counterfeit notes as soon as they appear, also a complete list of broken, closed, failed, and fraudulent banks. Every number of the DETECTOR, contains likewise lists of all the National and State banks in the country, financial news and items, price current, reviews of the money and stock markets, &c., and is, in short, a very valuable publication, and no business man in the country should be without it. The rate of subscription for the monthly issue is only \$1.50 a year; semi-monthly, \$3.00 a year. Subscriptions may commence with any month, and are payable in advance. A canvasser could get up a list of subscribers in this neighborhood. Address T. B. Peterson & Brothers, Philadelphia, Pa., for specimen copy. As there is a great furor now about Old Coins, we would advise all to get a copy of PETERSON'S COIN BOOK, containing perfect fac-simile impressions of the Coins of the World. It will be sent by mail, postage paid, on receipt of \$1.—by T. B. Peterson & Brothers, Philadelphia, Pa.

WASHINGTON'S BIRTHDAY NUMBER OF THE SUNDAY SCHOOL TIMES.

It is but once in a lifetime that a President of the United States writes for a newspaper; but President Hayes has taken such an interest in the Washington's Birthday number of the Sunday School Times, of Philadelphia, that he contributes to it a special message to the youth of the country, on the example of Washington. All the governors of the original thirteen states also proffer timely counsel to the young of America, and to their parents and teachers. These representatives of the "old thirteen" are Governors Prescott of New Hampshire, Rice of Massachusetts, Van Zandt of Rhode Island, Hubbard of Connecticut, Robinson of New York, McClellan of New Jersey, Hartranft of Pennsylvania, Cochran of Delaware, Carroll of Maryland, Holliday of Virginia, Vance of North Carolina, Hampton of South Carolina, and Colquitt of Georgia. Some of the governors write at considerable length; but besides their contributions the number contains articles, emphasizing various aspects of Washington's life, character, and example, by Joseph Cook, Edward Eggleston, and the Rev. Dr. Richard Newton. Charles Dudley Warner compares Washington with Rameses II.; Dr. Benson J. Lossing describes all his headquarters in his various campaigns; and President G. W. C. Lee, of Washington and Lee University, includes in his article an unpublished letter on education, written by Washington himself. The two fine poems of the number are by William Cullen Bryant and Paul H. Hayne, representing the North and the South. The usual weekly helps to the Sunday-school lesson fill five additional pages.

The Great Healing Ointment has proved of great service in promoting healthy action of purulent Ulcers, Wounds, Salt Rheum, Erysipelas, and other cutaneous affections; and for burns, frosted parts and chilblains, it has no equal. Prepared and sold by E. K. Thompson, Wholesale Druggist, Titusville, Pa. Price, 25 cents. Sold by Dr. T. S. Hartley, Ridgway Pa.

Notes from our Exchanges.

Potter.

From the Journal. On Tuesday evening, the 12th inst., the house of Dorr Dwight, in Hebron township, on the Oswayo Creek, was totally destroyed by fire, and a child aged about two years perished in the flames. The woman of the house had gone out after a pail of water, when her little boy came running after her saying that a pane of glass had broken and the baby was all a fire. It is supposed that the lamp exploded and the breaking glass made the boy think a pane of glass had broken. Mr. Dwight was absent at Bradford at work. He has the sympathy of the entire community in his double affliction. There was no insurance.

Warren.

From the Mail. DEATH OF AN OLD AND HARD WORKING MAN.—Mrs. B. F. Shirley, of this place, in the Spring of 1865, raised a chicken, which grew to heaven. It died February, 1878, aged twelve years. She laid eggs every year of her life, except the last. Think of a hen laying eggs for eleven years in succession! Such attention to business is seldom heard of, and probably never before recorded.

Clarion.

From the Republican. On the night of the 22d a masquerade ball was given at the Opera House, in Edenburg. Just as the dancing commenced, a party of Elk City roughs headed by Punch Dulin and a man named Broadwater, came in. Broadwater got in trouble with one of the women present, and this resulted in a general fight. During the fracas, Mr. Geo. Thomas, who has charge of the building interfered to keep the peace. While thus engaged he was struck by Dulin and knocked down. The burly ruffian then commenced kicking him, and one of the kicks broke the leg of Thomas just above the ankle. Dulin fell on the early morning train and has not been arrested to date. It was a brutal affair and the parties engaged in it should be severely dealt with.

McKean.

From the Messenger. On Saturday morning last an altercation took place at Beaver City between two men named Wickham and Fitzgerald, over a game of cards. Wickham struck Fitzgerald over the head with a poker, knocking him senseless. The injured man was taken to the Exchange Hotel, and for a time his life was despaired of. Wickham was arrested and taken before Esq. Atwell, and held to bail in the sum of \$1000. Being unable to procure this Wickham was brought to Clarion jail.

Jefferson.

From the Graphic. JOHN W. BRUMBAUGH and J. C. DeMott who have been engaged at leasing land in Pinecreek township, for Fargo & Strong of Edenburg, inform us that they have succeeded in leasing twenty-two hundred acres, and that James McFadden and James Taylor commenced taking out timber for that purpose on Wednesday last, and the first derrick will be erected on the Nathaniel Butler farm, which will be completed in ten days or two weeks, when drilling will be commenced at once. Five others will immediately follow, and we have every reason for believing that in a few months Pinecreek township will lay Punksutawney's "Ground Hog City" in the shade. Thus it is the opinion that there is oil in Jefferson county, and since there is not enough capital or enterprise among our people to test the matter, it is highly encouraging to know that out-siders will do it for us and we predict that, before another year has flown, Jefferson county will be a prominent phrase in the annals of oildom.

Clearfield.

From the Republican. Three pairs of fox ears were presented to Treasurer McCaughey last Saturday morning, for the purpose of procuring the bounty. Upon examination only one pair proved to be genuine, the other two pairs having been manufactured out of the hide of the animal. The Treasurer was not "taken in" by the trick.

Clearfield.

A New Jersey editor is in luck. Recently a neighbor presented him with a side of pork and twenty yards of sausage, and the next day his wife dislocated her jaw while yawning, and was unable to say a word. A much more cheerful tone is now discernible in his editorials, and his face always wears a radiant smile.

Pennsylvania Notes.

—There were 191 fires in Pittsburgh last year.

—A colored man of Pittsburgh looked for lodgings and found them in a grave, dying in the street.

—A delegation of forty persons from Washington and Greene counties left for Kansas and Nebraska a few days ago.

—Anthony A. Laws, deputy sheriff of Philadelphia, was attacked with cramps on the street on Tuesday and on Wednesday died.

—Young Callender, arrested for the murder of his father, in Luzerne county, has been discharged for want of evidence to hold him for the crime.

—The Miners' Journal gives an account of an alleged attempt by Patrick Collins, one of the county commissioners of Schuylkill county, to rob the county treasury.

—In blasting a rock along the line of the Pittsburgh and Lake Erie railroad 175 pounds of powder were used. A mass of rock containing 1,500 cubic yard w s moved four feet.

—The Allegheny Valley railroad paid its employees in silver last week. It is said some two hundred pounds of the shining metal were distributed between Pittsburgh and Brookville.

—The authorities at the Philadelphia arsenal have received orders to manufacture 30,000 shirts, 5,000 pairs of pants, 3,000 blouses, 1,000 great coats, 1,000 uniform dress coats, etc., which will give employment to about 600 women.

—Wahlen, the condemned murderer who committed suicide on Saturday evening, was buried in the potter's field at Norristown. His brain weighed sixty-four ounces, one ounce more than that of Daniel Webster.

—Near Freeport, Westmoreland county, Sylvester Woods cut his father with a razor in a dangerous manner a few days ago. The assailant's brother-in-law procured a gun and fired the load (bird shot) into Sylvester's body, producing severe injuries.

—The Philadelphia branch of the universal peace union has sent a petition, twenty feet in length, to congress, praying that a commission may be appointed to negotiate with foreign powers for the establishment of a system of international arbitration.

—John H. Miller, of Butler, has appeared at New Castle in company with Mr. McFarland, the newly appointed receiver in the great oil case, Messrs. Walker, Avery and other prominent men of the oil region, and filed a bond in the sum of \$300,000 for the faithful performance of the receiver's duties. The court approved the bond.

—The brick moulders, wheelers, temperers and laborers of Pittsburgh and Allegheny will demand an increase of wages on May 1, as follows: Moulders who now receive \$1.50 per day, will ask for \$2. Wheelers, temperers and laborers who are getting \$1, will demand \$1.50. They will also ask that 3,000 brick constitute a day's work, instead of 3,400, the present figure.

—Coal mining operations have been resumed in the Schuylkill region and will continue until March 9, when another cessation until the 27th will ensue. The arrangements for the subsequent period have not yet been determined on, but the policy of the coal and iron company and the Schuylkill individual operators is settled not to exceed the allotment of the combination.

—In an ancient sepulchre, near the shaft of the Millwood Coal Company, in Westmoreland county, Dr. Frank Bowen, of Greensburg, a few days since discovered, along with the bones of two human beings, a number of arrow points and the tusk of a walrus, which is supposed to have formed the barb of an elaborately wrought spear. The tusk is about a foot in length, slightly curved, tapering, and perforated transversely near the base. Through this perforation the rivet or ligature passed by which the barb was secured to the shaft. Whether this relic is of Indian or mould-builder origin is not determined. The human bones with which it was found disintegrated into dust after an exposure of an hour's duration.

—The late oil strike by the Lake Erie Oil Co., at Stoneham, Pa., five miles East of Warren, on the Bugbee tract, opens up a new territory that is likely to be very extensive. It shows a very superb quality of oil bearing rock to any ever found east of Tidouite and equal to any in that locality. The company are making preparations to put down several more wells on this territory, of which they have about 800 acres leased. The company are composed of Dunkirk and Sheridan men. Victor Rider, President; Jacob Shafer, Treasurer; C. E. Griswold, Secretary; Samuel Tolles, Supt.—Dunkirk Journal.

—Pittsburgh, February 28.—The riot case of Hise et al., which has been on trial for several weeks was concluded to-day. A Hise and Alonzo Milner being found guilty of unlawful assembly (not riot), and the others acquitted. The chief points of interest in the case consisted in the fact that this is the only case that has been tried of parties indicted for riot in July last in which the crime was alleged to have been committed before the firing of the soldiers. The case was argued upon the point as to whether or not a riot existed previous to the firing on the mob, and the result was substantially a verdict that there was no riot until Saturday evening, July 22d.
