Mr. Marston had charge of the Warren Court House and in that he displayed his skill, as in other elegant buildings. Of course the Elk county Court House will not equal ours in finish, nor in design, as the builder is limited to about fifty thousand dollars; but generally our house is to be taken as a model.-Warren Ledger.

GARDEN SEEDS.

Pectorial Cough Syrup, Anti Bilious Pills. Of all the various vocations in life that of the Farmer and Gardener calls for forethought. The long winter has passed away, and the robins and blue-birds tell us that Spring has come again. The big snow banks measuring seven feet deep have melted away, leaving the ground clear and it only remains for each one to do his part in preparing the soil ready for D. S. Wright & Sons' fresh Garden Seeds, which can be bought at all stores in Ridgway and surrounding country. The wise are awakened to a standard truth that vegetables of good quality cannot be grown without first sowing good pure seeds. We ask all to look well to their own interest and pick out those papers marked D. S. Wright & Sons. Many mushroom seedmen are springing up all over the country, men who know but little about selecting their stock, but D. S. Wright & Sons are men of great experience, and not afraid of doing the working part, or putting their shoulders to the wheel in seeing everything in its perfect order. The demand for D. S. Wright & Sons' Garden Seed is very great, and their seed shop has been open eight months packing and shipping, and orders are still being received from parties who claim they cannot get along without a supply of Wright's Garden Seed. We would also call attention to R. W. Wright's Anti Bilious Pills, which are now in the market, and cannot fail to give satisfaction. These pills do not gripe, and their object is to restore lost powers, renew vigor and keep the whole digestive machinery in healthy activity. When a person buys a box of these pills, and takes three, he is soon relieved of many ills, his head gets clear, his step gets light, and he soon feels all right. R. W. Wright's Anti Bilious Pills, and Wright's Pectorial Cough Syrup recommend themselves, and one box or bottle is sure to sell another. D. S. WRIGHT & SONS, Fredonia, N. Y. "I FEEL LIKE A NEW MAN." Day. -Mr. Rogerson, the son of a gentleman of large fortune in England, after receiving an excellent education, was sent abroad to make the grand tour. In this journey, young Rogerson attended to nothing but the various modes of cooking, and the methods of eating and drinking luxuriously. Before his return his father died, when he entered into the possession of a very large fortune. He was now able to look over his notes of epicurism, and to discover where the most exquisite dishes and best cooks were to be procured. He had no servants but men cooks. Footman, butler, housekeeper, coachman, and groom were all cooks. Among those more professionally so were one from Florence, another from Siena, and another from Viterbo, who was employed for the special purpose of dressing one particular dish only, the "doceapicante" of Florence. He had also a German cook for dressing the livers of turkeys, and the rest were all French. Mr. Rogerson had a messenger constantly traveling between Brittany and London, to bring him the eggs of a certain sort of plover near St. Malo; and a single dinner, consisting of two dishes only, sometimes cost him upward of fifty guineas. He counted the minutes between his meals, and was wholly absorbed in devising means to indulge his appetite. In the course of nine years he found his table dreadfully abridged by the ruin of his fortune, and he was verging fast to poverty. When he had spent a fortune of one hundred and fifty thousand pounds, and was totally ruined, a friend gave him a guinea to keep him from starving; but a short time after he was found dressing an ortolan for himself. A few days later he died by his own hands. -Fine quality syrup 60 cents, per gallon at Morgester's. -Peanuts 10 cents per quart at Morgester's.
