The music which deserved special mention was, a trio or three hand piece on the plane, by Mrs. Ernhout, Miss Ida Wilcox and Miss Mattle Groat. It was an excellent production and admirably executed; "The Begger Girl" by Miss Bendena Veditz and "Johny Smoker" by the little girls, was received by rounds after round of applause by the audience. The pupils all did splendidly for the time they have had to learn music as they are nearly all small and new beginners and show that their teacher has not labored in vain and demonstrates that the time is not far distant when we will have an abundance of musical talent. Financially the concert was a success as it ought to be and always will be when deserved. JONES & SMITH.
