Is Your Dog Registered.

By an act of Assembly approved May 18, 1878, provision is made for the registration of dogs in the county clerk's office. The fee for such registration is \$1.00, one-half of which sum goes to the county. After the dog is registered in accordance with the provisions of said act, it becomes personal property and any person killing or stealing said registered dog becomes liable to the penalties fixed by said act.

Three dogs have been registered in Elk county, as follows:

No. 1. A 2 year old Breeds setter dog named "Jack" with brown-white breast and 21 inches high, registered Dec. 13, 1879, property of Philo Chrisler.

No. 2. "Peter," seven years old, 19 inches high with brown-white breast registered Feb. 19, 1880, as "The Boss dog" value \$100, property of Capt. Fred. Schoening.

No. 3. C. H. McCauley's dog "Danger" two years old, sky terrier light yellow, registered April 7, 1880. Value \$100.

If all the dogs in Elk county were registered the county would soon realize enough money to make a large payment on the new Court house. Let the good work proceed.

AND SALE RATUS

Which is the same thing. Improve each Soda or Sale Ratus by dirty white color. It may appear white, examined by light, but a comparison with Church & Co's 'ARMA AND HAMMER BRAND' will show the difference.

See that your Soda and Sale Ratus Soda is white and PURE, as should be ALL SODA SUBSTITUTES used for Soda.

Housekeepers who prefer bread made with yeast will improve its quality, make it rise better and prevent souring, by adding one-half teaspoonful of Church & Co's Soda to the flour, before the yeast is put in. Be sure and use the Soda. The Soda of this Soda is in preference to Soda Powder, gives twenty times its cost. This Soda is the best for Soda Siphons and Soda Water.
