

R. of H.

Ridgway Lodge No. 1644 meets on the 2d and 4th Fridays of each month at 8 o'clock.

NEW TIME TABLE.—Under the new schedule the mail and local freight leave Ridgway station as follows:

Table with 2 columns: Mail West, Local West, and times (2:36, 5:00, 7:50, 3:25).

Grand Social Ball.

A Grand Ball will be given at Hyde's Opera House on Monday evening, July 5, 1880. The public are cordially invited to attend.

Local Items.

- Men's boots and shoes at Morgester's.
-Visiting cards new and neat at this office.
-Clothes baskets, wash tubs, wash boards, pails, &c., at Morgester's.

-A nice lot of scrap pictures at this office. The price will suit you.

-The strawberry is no more in the land for this season.

-A match game of base ball is talked of, between the engineer corps and the town boys of this place.

-Fresh case cookies. Fresh barrel best milk and soda crackers, ginger snaps and egg crackers at Morgester's.

-Number of post-offices in the United States up to Dec. 1879, 41,517. Pennsylvania had 3,364; New York 2,224.

-Subscribe for THE ADVOCATE during the campaign. We will send it for a month or year just as you may choose.

-The term "corduroy" applies very appropriately just now to the plank road that runs through the Main street of this village.

-Grove Dance at the Fish Pond, Wilcox on July 9th. An invitation is extended to all to attend. A good time and lots of fun.

-A new court house is soon to be erected at Elensburg, Cambria county. The contract has been awarded to an Erie county man at \$79,800.

-The ditch dug on the court yard side of Main street effectually breaks up once and for all the frog pond that has so long been an ornament to that particular place. For this, O Supervisors we praise you.

-No paper from this office next week. Our boys feel like enlisting, also the editor has an itching that way of course you will miss THE ADVOCATE, but we will be on hand as usual the week after.

-The small boys will fire off a good many crackers. The big boys will take in a goodly amount of cooling beverage, and thus will the Fourth of 1880 pass silently into history.

-The attention of the Supervisors is called to a stagnant pool of water nearly opposite Pat. Malone's house. There is a culvert under the road at that point which has become choked up, forming a filthy pool from which arises a perfume anything but agreeable to persons who have occasion to pass that point.

-The Democrats of Ridgway enthused down on Hyde's flat last Saturday. C. R. Earley, Senator Ross, Jno. G. Hall, Prof. Dixon, and E. J. Miller addressed the meeting. They, the Democrats in attendance, were all enthusiastic for Hancock. After the meeting all hands took in more or less strengthening cordial. After this they all went home fully satisfied that Elk County would go Democratic.

-The county Commissioners have passed a resolution to the effect that no individual shall after Aug. 1st be allowed to run water in pipes or logs through the court yard. For a number of years a line of pump logs have been laid through the yard, and now since the yard has been graded so nicely, it is thought by the Commissioners to be highly improper to allow this thing to continue longer, as it necessitates digging up the logs occasionally, and besides the leakage of the pipes is a serious objection. People interested have until Aug. 1st to make other arrangements for a water supply.

Personal Items.

-Gen. Thos. L. Kane was in town on Monday.

-Rev. Mr. Merrett of Kane was in town on Monday and Tuesday of this week.

-Miss Rhoda Wilcox commenced teaching the Boot Jack school on Monday, June 21st.

-Jud Brown and Calvin Luther are painting the iron bridges across the Elk creek and Clarion river.

-Charley Matthews was kicked by a horse last week while working at Ross Bros' brick yard. The injury was quite a painful one.

-Milt Sleight comes to town early every morning with his milk wagon. This new enterprise will be a great accommodation to our citizens.

-G. W. Nichols has been awarded the contract for building the two new school houses near Wilcox, Jones township. The price being \$1050 for the two buildings.

-Census Enumerator Wensel reports the population in Highland township at 264; Ridgway township at 2518. The 1870 census gives Highland 98; Ridgway 800. This shows a very satisfactory increase in this district.

-Mrs. M. L. Ross, our old and honored friend, will please accept the thanks of the ADVOCATE for the beautiful bouquet which she kindly placed on our desk on Monday last. May she live to gather the roses, sweet Williams, and sweet scented geraniums for many and many a summer yet to come.

DIED.

SELEY.—At the residence of Dr. J. S. Bordwell, this place, Sunday morning, June 27, 1880 Mrs. Polly Seley, wife of Wm. Seley of Reynoldsville, Jefferson Co., aged 70 years and 8 months.

Mrs. Seley had come to this place on a visit to Mrs. Bordwell, her daughter. She had been sick for some time, and came here expecting to recover her health, having been here but a short time, when death came to her relief. The remains were taken on Monday to Reynoldsville for interment.

By order of Gen. Hartranft, June 23, the Fourth and Fifth Brigades N. G. of Pa. will camp at Bradocks, near Pittsburg, from September 7 to Sept. 14. Transportation, camp equipment and subsistence will be furnished, and the regular fall inspection will be held at this time. Co. H expects to be there.

A company of our citizens are having a ditch dug, along the north side of Main to Broad and up Broad to the reservoir at the Broad and Centre street corner of the court yard where a reservoir will furnish the water for the two-inch galvanized iron pipe which it is proposed to lay in the ditch. All subscribers along the street will have the water conducted into their places. It is also proposed to have several fire plugs along the street, and hose to attach in case of fire. This arrangement should reduce the rate of insurance.

To the Editor of THE ADVOCATE. Will you kindly allow me through your columns to correct a statement which appeared in last week's issue of your "steamed cotemporary" the Elk Democrat. It is there stated that "owing to some personal difficulties the Episcopal Sunday school has been closed"—this is not true—the Rector of grace church, who is also superintendent of the Sunday school, is unable at present on account of impaired health to attend his sessions, and as the assistant superintendent was unwilling to take charge of the school during his absence, he gave the school a vacation until further notice. I would also state in the same connection for the guidance of the well disposed, and the edification of the uninformed, that the Sunday school held in the Presbyterian chapel last Sunday morning is in no way connected with the Episcopal Sunday school and has nothing whatever to do with it—also that the services held there were unauthorized and had no more connection with the Episcopal church than any other services in town held elsewhere.

Emmenton Register: Thomas Crowl, of Beaver county, was discharged, with his regiment, from the United States service at the close of the war in 1865. He had served three years in the army, and participated in most of the great battles, escaping without a wound. While on the railroad on his way home, a collision occurred. He was killed. He left a wife and two children. The widow subsequently married Jared Williams. The stepfather was abusive to the children. Three years ago, one of them, a girl 16 years old, was turned out of doors by him, after being beaten. She drowned herself in a stream near Peter. He was so badly treated by his stepfather that he quit home and obtained a situation. Williams carried his prosecution of the boy to his place of employment. Two weeks ago he succeeded in having Peter discharged from his place. The boy returned home and bade his mother good-bye. Saturday morning last, he was found dead in a barn, half a mile away. He had shot himself through the heart.

They were in Leadville, and when they had finished lunch and asked the price. The man said: "One piece of pie, 50 cents; one cup of coffee, 25 cents—75 cents each." The man grumbled about the price, whereupon the old man behind the counter straightened himself up, folded his arms in a dignified manner and said: "Stranger, look at me; do you suppose I am staying out here for my health?"

Ridgway Not a Borough.

Time without number have strangers, coming into our beautiful village and making inquiries as to its business prospects, and future chances for becoming an important town, expressed the greatest surprise when informed that the place is not incorporated. "Why," they say "this is the only county seat in the State unincorporated, while many much inferior villages, in point of population, wealth, and enterprise, do county seats have a corporate state of existence." Of course when this thing is thrown in our teeth we are obliged to explain: How the people have tried again and again to have the grand jury recommend the petition for incorporation; how the list of signers to the petition for embraced nearly all the names and property in the proposed borough, while that against was signed generally by men of little or no property; how several members of the grand jury approached and almost entered the gates of perjury. And all the whys and wherefores of the long-continued borough business. Of course it would be much more satisfactory to say the Borough of Ridgway. We hope when the petition is again circulated our citizens will sign at once and give the project such a push that it will go through booming. Make up your minds now gentlemen and sign your name, besides give all your influence to the carrying out the work to a successful end. All together then and we will remove this certain stigma from our beautiful village. What the majority of the citizens of Ridgway desire in this matter shall be done. We believe a majority desire to have the place incorporated. As far as THE ADVOCATE is concerned we are for it without compromise. Mr. Miller of the Democrat also assures us that he is heart and hand for the incorporation. There is really no opposition to the scheme among the citizens of Ridgway, what operates against it is the political prejudice of a few short sighted men residents of outside places and who really have no business with the matter at all, except that they sometimes chance to be on the grand jury. The idea that a grand jury should decide the matter is preposterous, the law that allows such a thing should be stricken from the statute books, and instead let an unbiased and unprejudiced court decide the matter. If the people of Ridgway desire a borough why should they be denied what is clearly their right to have? A plain fact stands, however, it is that no grand jury, unless properly formed part of their plan, can justify on their oath refuse to grant the petition of citizens of a place for a borough where the requirements of the law have been fulfilled. Let the rebuke of Judge McDonough to a former grand jury stand as a lasting rebuke to all future grand juries: "Gentlemen," said the Judge, "you have no right to allow political prejudice to bias your judgment in the matter of recommending the incorporation of a village into a borough." This point we have quoted although the language may not be the exact words used by the Judge. How small those jurors must have felt who voted against the measure solely on political grounds, not only for the degradation of self but for the stigma they cast by their action on those faithful men, their companions, who steadily voted in favor of a measure all knew to be just. This subject is only touched on now, but THE ADVOCATE will discuss it to the bitter end, so long as a majority of Ridgway's citizens uphold our hands.

The following Caledonia, Elk county, items, we clip from the Dribble Gazette:

—One of the pioneer drivers, known as Alex. Carr, was killed on Laurel run on Wednesday last week. An old tree fell on him while he was working on a log jam and killed him instantly. No blame is attached to any one. His remains were buried in Penfield.

—A fearful accident occurred in this quiet little village on Wednesday, June 16th, and may be a word of warning to all who read this note. Miss Lydia M. Swartz, aged about fifteen years, was working for a Mrs. Rideout, a sister of the unfortunate girl. Mrs. Rideout was from home at the time and Lydia got dinner for Mrs. Rideout, and after dinner was going to iron. Rising from the table she put some wood into the stove and Mr. Rideout went into the garden to work, as the fire did not burn fast enough the thoughtless young girl took the kerosene oil can and poured oil on the fire (better had she poured oil on the troubled waters.) The oil ignited, and exploded the can, and threw the oil all over the poor girl. She was instantly wrapped in flames. Her cries brought Mr. Rideout to her relief, within two minutes. But it was too late. The clothing was all burned off the unfortunate girl. Although several men were at work within twenty rods of the house, and were eye witnesses to the tragedy, for she ran out doors the first move, before they reached the spot her flesh was literally cooked. Only their presence saved the house from burning. Mr. Rideout's hands were fearfully burned and the whiskers were burned off his face in trying to save her life. She lingered in terrible agony until Dr. Swers arrived, and about four o'clock he gave medicine to relieve the pain, but told the friends she could not last long. Dr. Williams, of Centreville, soon arrived, and upon examination fully confirmed the unwelcome report. She lingered until about nine o'clock the next morning, told her friends she was not suffering, and that she was feeling better. She was sensible to the last, cheerful, and passed off without a struggle. She leaves a host of friends who mourn her loss.

Sparks from Brockport.

—Hon. Alfred Short sent via overland route, two handsome yoke of oxen to the Brockport and Keystone Lumber company last week. Oxen and driver were about tired out when they arrived.

—Campy Fox and Shawmut are running full force now and slaughtering the timber at a fearful rate. Pine and poplars are the predominant features of these localities.

—Yes "L. C. A." vamoosed from home owing to his health being somewhat impaired. Poor boy, we trust he will soon be in our midst again, as we miss him much, yes, exceedingly much also does the young lass over the water. In vain do her orbs scan the horizon in the direction of Isaacs, watching for the wave of "L. C. A.'s" bread hook, when he goes to the cold spring for a refreshing beverage. Oh, how many of these beautiful evenings are passing away and still they are not occupying the runway chatting on the topics of the day, and enjoying the beautiful scenery until 10 or 11 o'clock P. M. Well, have patience, all will again be well, ahem!

—Isaac Graham has started a meat market on a small scale. He intends to furnish fresh beef, mutton, &c., twice a week. We trust he may meet with success in his new enterprise.

—Daniel, alias Slickery, has been very busily engaged fixing up the old store house for a barber shop. Dan is a good boy and deserves a rich reward from his new undertaking. Wonder if it will prove more remunerative than his practice and the Drug Business?

—Jacob Hartman and family moved to Shawmut camp and are keeping the boarding house at that place.

—Mr. J. S. Chamberlain the census enumerator for this township visited Brockport last week and intends finishing his labors on Tuesday next.

—W. H. Horton's wife has been seriously ill but is now convalescing.

Brockport Breezes.

BIRTHS.—To Mr. and Mrs. Turney a son. To Mr. and Mrs. L. Keller a son. Monday, June 21, a son to Mr. and Mrs. G. S. Himes.

—Thomas Burchfield has a logging bee on the 26th.

—H. C. Burchfield is looking very happy over his four week's old boy. We are glad to state that Herbert bears up well under the circumstances.

—Brockport will not celebrate the ever glorious Fourth. Quite a number of our citizens will go to DuBois.

—Mrs. Jacob Himes is still alive although recovery seems impossible. Several times within a week she was thought to be dying. Her case has been given up by the doctors.

—"Swamper" has given up his fishing excursion after going as far as Clearfield. He says the large fish have eaten the smaller ones up, which he uses for bait, and too many alligators to suit him catching as many as 25 in one night.

—Len Kline who has a job at Camp Fox has been cutting logs and will soon commence hewing square timber.

Fatal Accident.

(St. Mary's Gazette.) On Thursday evening last the citizens of our town were shocked with the news that Albert Vollmer, son of Louis Vollmer, had accidentally shot himself in the woods near the farm of Mr. Chas. Ritter, in Benzinger township. We glean the following facts relative to the accident: About 11 o'clock on Thursday, Albert had finished, hoeing potatoes, and he informed his mother that he would go out and gather some strawberries. He took his shot gun with him. He started toward the windfall and going into the woods in the rear of Mr. Charles Ritter's farm, he met two young men who were peeling bark. He entered into conversation with them and while they were entering their dinner he chopped down a henlock tree, after which he took a seat upon a log near where the tree fell, and was conversing with his companions, who were peeling the tree he had just fallen. He had his gun resting on his knee. Some bark had fallen upon the butt of his gun, but he paid no attention to it. When he was ready to start he pulled the gun, with the muzzle toward him, when the hammer caught on a piece of bark and coming down the lead was discharged, entering his side a little below the right nipple, about one-half of the charge passed through his lungs and the balance striking his ribs, followed around and lodged in the muscles of the back. His companions did what they could for their wounded comrade, one running for Dr. Hartman, while the other staid with the wounded boy. As soon as assistance arrived a litter was made and he was carried to his home where he was laid upon his bed. He lived about ten minutes after he arrived home. The sad news was a terrible blow to the family of the deceased, who have scarcely recovered from the news of the sudden death of a son and brother in Colorado. Deceased was about 17 years old, a hard-working and steady young man. The family have the sincere sympathy of the community in their affliction. The remains of deceased were buried in the Catholic cemetery on Saturday morning at 9 o'clock.

Another Murder at Houtzdale.

(Clearfield Republican.) Last Friday was pay day among the miners in the Houtzdale coal regions, and as a consequence affairs were a little lively among the boys around there. On Saturday night last, a number of Swede miners had collected together in a place of questionable character, when three fellows, Geo. Evens, a Welshman, and George Hill, an Englishman, and one other man, whose name we did not learn, came to the house indicated and inticed two of the Swedes out to a secluded place and shot them, killing one, named Hoganson, instantly, shooting him through and through, with a revolver while the other Swede victim was shot in the body, the ball is believed to have lodged in the region of the heart. He was living at last accounts, but will scarcely recover. We failed to get the man's name.

After shooting the Swedes, the assassins rifled their pockets, taking from Hoganson, the murdered man, a pocket-book containing ten dollars and some odd cents. 'Squire J. B. McGrath, of Houtzdale, acted as coroner, empaneled a jury and held an inquest on Hoganson's body. Capt. Clark, of Ocooca, and the Constable of Woodward township, arrested Hills and Evans and lodged them in the Clearfield jail on Monday to await trial. The third one implicated is still at large.

The two victims, as also are the prisoners, are young men, the two latter being scarcely twenty years of age.

This makes three murders that have been committed at Houtzdale within six months.

FATAL ACCIDENT ON LAUREL RUN.—Mr. Alexander Carr, aged about fifty years, was instantly killed by a falling tree at Laurel run, in Huston township, on Wednesday last week, the 19th inst. Mr. Carr was a crew of men, employed on the Corporation drive, under the superintendence of Wm. B. Robinson, were breaking a jam of logs just below Parker's dam, on the above named stream, and when the jam began to move, or "haul," (to us a logman's word,) a dead tree was crowded out of root by the logs and fell, striking Carr on the head, splitting his skull and mangle his body fearfully. An arm and one of his legs were broken. The men had started for a place of safety as the logs started, and one of them gave warning to the deceased to get out of the way as quick as possible; but just as he looked up the tree struck him the fatal blow on the forehead. Mr. Carr was said to be a man of clever disposition, and had worked in the woods at logging for many years. He was a native of the Province of New Brunswick, and unmarried. His remains were buried in the graveyard at Penfield on Thursday. Rev. A. B. Hoover, of the M. E. Church, officiating at the funeral.—Clearfield Republican.

—Last Sunday afternoon a sad case of drowning occurred near Yeoman's mill, in Eulaha. John Gibson living near the mill, started to go to a field a short distance from the house. His little son, aged two years, followed a short distance, but was sent back by his father. The little one returned to the tannery, who lives near but a short time when search was made for him. To reach the road the child had to cross Dignan run upon a log, the water beneath being quite deep and at the time roily. In searching for him the parents, fearful that he might have fallen into the stream, examined this spot hurriedly, and were about passing beyond to search in the brush feeling sure the child had passed over safely, when another person passing by asked what they were looking for. On being told of the missing child he looked across the stream and near the bank saw the body of the child face down in the water. It is believed the child was in the water less than ten minutes, but all efforts to bring it back to life proved fruitless, and on Monday it was consigned to the grave.—Potter Enterprise.

—A few moments after the finish of the free-for-all race at the Bradford Driving Park last Saturday, while the hostler was walking Lew Scott about the grounds it was noticed from the judges' stand that the horse was sick. The hostler started him toward the barn, but before he reached it Lew Scott dropped to the ground dead. Dr. Carr was immediately called and pronounced it a case of heart disease. The horse was twelve years old, and had a record of 2:32. He was owned by Charles B. Harvey, of New Philadelphia, O., and W. H. Crawford, of Chicago. The owners had repeatedly refused \$6,000 for the horse. In the third heat, and the last before he died he made the mile in 2:38.—McKean Miner.

—The ladies of the M. E. Church in this place, with Mrs. J. C. Houk as chairman of their committee, would respectfully announce to the public that they will hold a supper in the basement of the M. E. Church, July 5th. Also, that they will prepare a dinner, or supper at any time if parties wishing refreshments will give them due notice. By order of Com.

—At Centreville, in Green's Grove, on Monday, July 5th, will be held a picnic for the benefit of St. Boniface's church. Good music will be in attendance. During the day on the grounds the Centreville band will discourse some of their choicest airs. Preparations are now being made to render the occasion in every way an enjoyable one. A cordial invitation is extended to all and a good time is anticipated.

Literary Revolution and Universal Knowledge.

An Encyclopedia in 20 Vols., over 16,000 pages; 10 per cent. more matter than any Encyclopedia ever before published in this country, and sold handsomely and well bound, in cloth for \$10, in half morocco for \$15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for \$20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inaugurate a Literary Revolution.

The LIBRARY OF UNIVERSAL KNOWLEDGE is a reprint entire of the last (1879) Edinburgh edition of "Chamber's Encyclopedia," with about 40 per cent. of new matter added, upon topics of special interest to American readers, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference and altogether the latest Encyclopedia in the field.

Specimen Volumes in either style will be sent for examination with privilege of return on receipt of proportionate price per volume. Special discounts to all early subscribers, and extra discounts to clubs. Full particulars with description catalogue of many other standard works equally low in price, sent free.

Leading principles of the AMERICAN BOOK EXCHANGE: I. Publish only books of real value. II. Work upon the basis of present cost of making books, about one-half what it was a few years ago. III. Sell to buyers direct, and save them 20 to 60 per cent. commission commonly allowed to dealers. IV. The cost of books when made in 1860 at a time is but a fraction of the cost when made 20 years ago—adopt the low price and sell the large quantity. V. Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily loaded type, spongy paper and gaudy and unnecessary illustrations, which appear large and fine, and which greatly add to their cost, but do not add to their value. VI. To make \$1 and a friend is better than to make \$5 and an enemy.

BEST IN THE WORLD! ABSOLUTELY AND CHEMICALLY PURE. CHURCH & CO'S SODA WATER.

Which is the same thing. Improved Hot-Cash Soda or Saleratus (which is the same thing) is slightly dirty white color. It may appear white, examined by holding it up to the light, but it is not pure. Compare it with CHURCH & CO'S "ARABIAN" BRAND and you will see the difference.

Housekeepers who prefer bread made with yeast will improve its quality, make it rise better and prevent it from souring by adding one-half teaspoonful of Church & Co's Soda or Saleratus. Be sure and not use too much. The use of this with sour milk, in preference to Baking Powder, saves twenty times its cost. See one-pound packages for valuable information and read carefully.
