

ENTERED AT THE POST-OFFICE AT RIDGWAY, PA., AS SECOND CLASS MAIL MATTER.

California's Close Vote. San Francisco, November 16.—Full official returns of this State show that Henry Edgerton, Republican, receives 507 more votes for elector than does Judge Terry, the lowest on the Democratic ticket, and is elected. The other Democratic Electors have majorities ranging from 87 to 143.

—The official returns from all the counties in New York State give the Garfield electors 62,218 majority, and New York city gives 41,329 majority for the Hancock electors, which makes Garfield's majority 20,889. The official vote of New York city is: Hancock, 123,015; Garfield, 81,686; Weaver 610; Dow, 26. Had Hancock got the same majority in New York city as Tilden did, Garfield would still have carried the State by over 8,000 majority.

—More than probable is it that General Grant will be elected by the Legislature of Illinois to succeed David Davis in the Senate of the United States from that State. There are a number of other prominent candidates, but no one need be surprised if Grant beats them all.

Philp to Confess. THE LATEST DEVELOPMENTS IN THE FORGERY CASE.

(Special Despatch to Philadelphia Press.) New York, November 21.—There will probably be further delay in bringing the forgery indictments to trial, owing to the promised confession of Kenward Philp, which is announced to be made to-morrow. They were being drawn on Saturday with great care, and a consultation over them was appointed for that afternoon. It was postponed on the announcement that Philp would confess his guilt on Monday. Counsel believe he has nothing new to add, and that he can throw no additional light on the manufacture of the letter and certainly little on the construction of the language which it contained. They say that the adroit wording of the letter was something of which neither Philp nor any of his immediate associates was capable. They were not sufficiently acquainted with American politics to have devised it. The time chosen for the publication of the forgery and the methods employed to distribute it also indicate the hand of an old and skillful politician. When it was made public the indications of the campaign pointed to the inevitable defeat of Hancock, largely on account of the question of protection to American manufactures and workmen. The greatest defect from the Democratic ranks was among the business men and skilled laborers. The letter was designed to show that the protective principle of the Republican platform was a pretense, and that General Garfield was committed to it only so far as it promised protection to the manufacturer at the expense of the workman. It has been found that many thousands of the handbills on which the forged letter had been printed were distributed directly by servants in the houses of Republicans, and that they were even posted in kitchens, where servant girls and their visitors discussed the letter as meaning that the Chinese were to be put in their places as house servants as well as in the place of factory hands. Every effort was made to reach these classes of people, and hence the original publication was made in a penny paper. It is estimated by those active in the campaign in distributing "tariff cards" that this publication cost the Republican candidates in this State alone at least twenty thousand votes, chiefly in the interior. Investigation has shown that the forgery was not of General Garfield's handwriting or signature, but that of Mr. Brown, his stenographer and amanuensis. When this idea was first suggested inquiry was made in this city for original letters of Garfield, and, although scores of communications were found signed with General Garfield's name, they were almost without exception written and signed by Mr. Brown. For this reason Colonel Rockwell of Washington was called as a witness, and a letter of a confidential character was used in the examination of Philp. The forger or forgers had to get a letter from General Garfield before they could do any work. It can be shown, so counsel state, that such a letter was procured by H. H. Hadley, who wrote to General Garfield a letter intended to draw out a personal reply from him. But the reply was written by Mr. Brown and signed by him. It was not of the slightest consequence, being merely a reference of his correspondent to certain printed documents sent by the same mail. Yet it was carefully photolithographed and published in Truth about two weeks before the forged letter appeared. The forgery, it is now known was based upon the letter of Brown, to which he had attached the name of General Garfield by authorization, and it is believed that that letter was in imitation of that of General Garfield. It is common among persons having large practice thus to have imitation of their signature made by their confidential clerks. It is not believed by counsel in the Philp case that Mr. Hewitt has ever had an autograph from General Garfield.

Brass Band. AN ORGANIZATION PERFECTED; SUBSCRIPTION CIRCULATED; A GRAND MUSICAL ENTERTAINMENT. The citizens of Dagus Mines and vicinity feeling the necessity for a band of music in our midst, have organized a brass band of twenty-one members. Subscriptions for the purpose of raising funds have already been put in circulation and the people so far have responded nobly to the call. At a meeting two weeks ago the following officers were elected: President Mr. D. Robertson; Vice President, Mr. Robt Wilson; Treas., Mr. Jno. Dowll; Secretary Mr. Henry Beadle; Leader Mr. Robt. Wilson; Band Committee Messrs. John McKillopp, Dave Daniels and Wm. Hodgson. This we consider a move of great importance to our citizens, the band will we think be a benefit to our little village. It will have a tendency to hold a great many from misdoings, by keeping them at home instead of rambling off during the long winter evenings. And also will we think lead to the organization of societies, which will be a benefit to our citizens. At a meeting on Saturday evening last it was proposed to hold a vocal and instrumental concert for the benefit of the band. It was laid before the meeting and carried by a unanimous vote of the citizens present and Band and the following committee was appointed to further the plans and state the date for the entertainment: John Wolford, John Bennett, Enoch Ball, John McKillopp, C. S. Luther and C. W. Barrett. Due notice of the time and place will be laid before the public in a few days, and we sincerely hope that our citizens will turn out and give their hearty support to the cause. The entertainment will be gotten up in good shape and the best of order will be had. We give below a portion of the subscriptions already received. Other papers are out but we are unable to give the amounts on them in this issue: James McCloskey, \$2.00; John Collins, \$1.00; Wm. McCauley, 50; J. J. Taylor & Co., \$3.00; Dr. C. R. Earley, \$25.00; J. H. Steell & Co., \$15.00; Robt. Johnson \$2.85; C. S. Luther, \$5.00; D. Robertson, \$10.00; W. A. May, \$5.00; C. F. Kenote, \$5.00; Pat. H. Quinn, Jr., \$1.00; P. J. Walsh, 50; Jas. Koch & Son \$4.00; Dr. H. Straussler, \$3.00; Dr. E. T. Williams, \$3.00; B. Brandmiller, 50; J. C. Wharton, \$1.00; Joseph Bailey, \$1.00; S. W. Almy, \$2.00; James A. Mohan, \$1.00; A general invitation is extended to the citizens to attend the meetings of the band. The next regular meeting will be held on Saturday evening next at 7 o'clock, P. M., at which time a portion of the band will play a few pieces to show to the citizens that we are in earnest. A MEMBER.

—Governor Hoyt was rather unfortunate in the time he selected for the execution of Catherine Miller and George Smith. Court will commence on the 3rd of January, and will be fairly un-der way by Thursday, the time fixed for the execution. Then, again, Sheriff Wilson, who goes into office on the 3rd, will only have three days in which to prepare for the performance of what must prove to him a very unpleasant duty. In the first place, court week is not an appropriate time for a dual hanging; and, secondly, the new sheriff should have more than three days in which to prepare for it. These two facts alone are sufficient to cause a respite of a month or two, and it is very likely that they will be carefully considered by his excellency. — Williamsport G. & B.

A World of Good. One of the most popular medicines now before the American public, is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up. It is not as pleasant to the taste as some other Bitters as it is not a whiskey drink. It is more like the old fashioned loneset tea that has done a world of good. If you don't feel just right try Hop Bitters. — Nunda News.

A Horrible Fate. A FEMALE PEDDLER BURNED TO DEATH AT GENOVA. (Medville Republican.) Information was received on Sunday that a woman had been fatally burned at Geneva, but nothing definite was obtained until Monday afternoon, to late for publication. The facts as related by the husband of the deceased are as follows: Wm. Conley and wife, Sarah Conley, were peddlers of notions, and were on their way to Mansfield, Ohio, from New York. They left this city Saturday forenoon, arriving at Geneva about twelve o'clock where they replenished their stock slightly and proceeded on their way. A short distance west of town they stopped to cook their dinner, after which, finding themselves very tired they lay down by the fire to rest. Conley afterwards went up the road to engage lodgings and on his return found his wife lying near the fire with her clothing all ablaze. He was unable to tear them from her or to smother them, and before assistance arrived the woman was fatally burned. She was taken to the hotel at Geneva, and everything possible done for her, but she died in great agony at 5 o'clock Sunday morning. She was native of Canada, of Irish descent, and aged about 45. A FARMER'S PAPER.—We ask attention to the advertisement of The Ohio Farmer of Cleveland, O., in this issue of our paper, and recommend it as one of the oldest and most valuable agricultural and family papers of the country.

Warning A Cartridge. THE DISASTROUS EXPERIMENT MADE BY A NEW YORK FARMER. Middletown, N. Y., November 21.—A shaft is being sunk on the Shawangunk mountain, at the Beyea farm, near New Vernon, Sullivan county for minerals. On Friday Mrs. Levi Hulseapple, whose husband is employed in the mines, placed a cartridge of giant powder in the oven to warm it. An explosion followed, blowing the stove to fragments and entirely demolishing that portion of the house. Mrs. Hulseapple was seriously if not fatally injured by the flying pieces of the stove, which tore the flesh from her limbs and scattered the bones. Her child and her sister, Mrs. Harriet Berga, who were in the room at the same time escaped injury. Mrs. Hulseapple's clothing took fire, but was extinguished by her husband. —President-elect Garfield will, it is thought, retain John Sherman as Secretary of the Treasury.

Humbugged Again. I saw so much said about the merits of Hop Bitters, and my wife who was always doctored, and never well, teased me so urgently to get her some, I concluded to be humbugged again; and I am glad I did, for in less than two months use of the Bitters my wife was cured and she has remained so for eighteen months since. I like such humbugging.—H. T. St. Paul.—Pioneer Press.

Manhood: How Lost, How Restored! Just published a new edition of Dr. Culver's Essay on the radical cure of all the various forms of Spermatorrhea or Seminal Weakness, Involuntary Seminal Emission, Impotency, also, consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c. The celebrated author, who has administered his Essay, clearly demonstrates from a thirty years' successful practice that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine, or the application of the knife; pointing out a mode of cure so simple, certain, effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post-paid, on receipt of six cents or two postage stamps.
