ENTERED AT THE POST-OFFICE AT RIDGWAY, PA., AS SECOND CLASS MALL MATTER.

-Persons who are in the babit of defacing United States coin, will remember that there is a fine of \$1,000 further before he turned to defend and a year's imprisonment for such practice.

-Mrs. Fillmore, widow of Ex-Presidenr Fillmore, died in Buffalo, Aug. tacked, and can find no other way of 11, aged 70 years. An unmarried son by his first wife is the only remaining relict of the Ex-President's family.

-"Some men are born great, others have greatness thrust upon them." Capt. Cook, of Brownsville, Ohio, is of the latter class. He hit a man the other day for saying he "hoped the President wouldn't recover," and was compelled to pay \$32 in fines and costs for the exercise. A Cincinnati newspaper opened one-cent subscriptions to pay the costs. In a few hours over 8,000 persons subscribed, and the pennies were still coming in at last accounts. The balance of the money might be used in paying for a slap or two more at the same rate.

-The Philadelphia North American calls attention to the fact that we are cancelling the public debt, from surplus revenues, at the rate of over a most disgraceful one, and there one hundred and twenty million dolhas a year, and says that any school- prosecutor as well. The jury divided boy, applying these figures to the fact that the bonded debt, on October 1 next, is estimated to be \$1,580,229,600, can figure out in how many years (counting in the annual reduction of interest, as well as the \$120,000,00 yearly payments), the bonds will be reached that are now the basis for national bank circulation. These banks cannot count on ten years of further life at this rate.

-The Democrats of Pennsylvania who have been boasting for the last few months of their ability to carry the State next November, and of their purpose to do so, have resolved, however, to play the waiting game, and have fixed upon September 28 and Williamsport as the time and place for holding their Convention. The aepublican Convention will be heldat tendance, we trust that every sixteener Harrisburg on September 8, or nearly three weeks earlier. Thus far neither party displays a burning interest in the canvass which must soon open, but local contests and the importance of next year's election will soon arouse the activities of all factions of both parties. For an "off year" this will be a lively one in Pennsylvania polities. -Philadelphia Press.

WASHINGTON, August 16.-Colonel Corbin, master of ceremonies at the Yorktown Centennial, has issued a circular regarding the arrangements

-Easton, August 16 .- The quiet borough of Freemansburg, just above here on the Lehigh, is in a high state of excitement over a dastardly attempt at poisoning made by Frederick Moyer, who had quarreled with some neighbors and resolved to be avenged. During last night he purchased a quantity of paris green from Dr. Gross and must have thrown it into a large spring. This morning a pecular color of the water was noticed. and an examination disclosed a large quantity of poison in the spring. Mr. F. W. Ritter gathered some of it and brought it to Detective Johnson of Easton this afternoon, who at once made a complaint against Moyer and took out a warrant for his arrest. The spring water runs through Freemansburg and many families get their Boggs. supply from it. Had not the poison been discovered early this morning many would have been fatally poisoned.

-It is said that in New Haven Conn. about five hundred wells have been abandoned because of their nearness to sink and cess.pools. As New Haven people know as much as any one else about the size of a dollar, and have also some unusual sources of information about the quality of their well water, it is not likely that the wells were abandoned without cause.
