Charlotte, a tale of Truth, IN TWO VOLUMES. By Mrs. ROWSON, of the New Theatre, Phiadelphia, Author of Victoria, the In-quifter, the Fille de Chambre, &c. Of Charlotte, the Reviewers have given the following character. IT may be a Tale of Truth, for it is not numatural, and it is a tale of real dif-trefs. Charlotte, by the artifice of a teach-er, recommended to a fchool, from huma-mity rather than a conviction of her inte-grity, or the regularity of her former con-d.d. is enticed from her governef, and a-companies a young officer to America.— The matriage ceremony, if not forgotten, is poliponed, and Charlotte dies a martyr to the inconfiancy of the over, and treach-ery of his friend — The fituations are art-lefs and affecting—the deforiptions natu-ral and pathetic; we fhould feel for Char-lotte if fuch a perfon ever exified, who for one error fcarcely, perhaps, deferved 16 fevere a punifiment. If it is a fic-tion, poetic juffice is not, we think, pro-perly diffiburd. Said Carey has juff publifhed,

## GUTHRIE's GEOGRAPHY Improved.

THE fubfcription for this work on the original terms, of twelve dollars and the binding, will be clofed this day—and on Monday the fubfcription will open at four-teen dollars, exclusive of the price of bind-ing.

The new maps added to this edition are twenty one; among which are thole of New Hampfhire, Maffachufetts, Connecti-cut, Rhode-Ifland, Vermont, New York; New Jerfey, Penniylvania, Delaware, Ma-tyland, Yirghing, Kenneyy St. d. C. Ina, the Genefflee Government, South Ca-rolina, and Georgia. These maps have ne-ver been given in any former fyflem of Geography, and, it is hoped, would alone be fufficient to entitle this work to a pre-ference to any other edition of Guthrie. N. B. The map of the United States, which is compiling by Mr. Samuel Lewis, from the respective flate maps, will be far more complete than any one yet publified, and be printed on two large fneets of paper, nearly the fize of the late Mr. Mur-ray's map. tower and clofer together than the reft of the bill. The i and f in the word promife are not parallel, the finctining much more for ward than the i. The engraving is badly executed, the frokes of all the Letters are fironger and the device in themargin particularly ismuch coarfer and appears darker than in the true bills. Some of the counterfeits bear date in 7.91-Whereas the Bank was not in opera-tion till December, and no five dollar bills were iffued in that year. Tauenty Dollar Bills of the Bank of North America. ALL that have appeared have the letter B. for their alpitabetical mark. They are printed on a paper nearly fimi-tar to that of the counterfeit Five Dollar Notes above deferibed; the engraving is better excented, and they approach nearer to the appearance of the genuine bills, and the fine ruled lines through the word Thenty, in the body of the bill, are in num-ber thriteen in the genuine bills, and but tweive in the counterfeits. The word Company is much like the fame word in the Five Dollar Bills as deferibed above; the *o* being lefs than the *m*, and o-theres following.

There is no froke to the *t* in the word North whereas in the genuine bills the firoke s well defined.
