Charlotte, a tale of Truth, IN TWO VOLUMES. By Mrs. ROWSON, of the New Theatre, Phladelphia, Author of Victoria, the In-quifitor, the Fille de Chambre, &c. Of Charlotte, the Reviewers have given the following character. IT may be a Tale of Truth, for it is not unnatural, and it is a tale of real di-trefs. Charlotte, by the artifice of a teach-er, recommended to a fchool, from huma-nity rather than a conviction of her inte-grity, or the regularity of her former con-dud, is enticed from her governefs, and a ccompanies a young officer to America.— The marriage ceremony, if notforgotten, is poltponed, and Charlotte dies a martyr to the inconflancy of the over, and treach-ery of his friend.—The fituations are art-lefs and affecting—the defcriptions natu-ral and pathetic ; we fhould feel tor Char-lotte if fuch a perfon ever exifted, who for one error fcarcely, penhaps, deferved to fevere a punifilment. If it is a fic-tion, poetic juffice is not, we think, pro-perly diffibuted. Said Carey has juft publifhed, The Complainant hath fil-ed his bill, for the purpole of obtaining a decree, to veft in hun a complete legal title to two tracts of land, lying in Baltimore rounty, one called Painters-Level, con-taining 100 acres, the other called Profpect contain 350 acres. He ftates, that the faid Junn Wells ou the 16th day of March 1774 contracted to fell the taid land to the faid Mordecai Cole, & executed to him a bond for conveyance, that the faid Gole, on the fame day, executed to the faid Wells a bond for the payment of the purchase money amoun-ting to £675 Penniylvania currency, that the faid Cole hath fince difcharged the whole of the purchafe money, and hath affigned to the complainant the faid Wells hath never executed a deed, agreeably to his contract but hach removed out of the flate of Mary-land, and now refides in the flate of Ken-tucky.

It is thereupon, and at the requeft of Refi-ticky. It is thereupon, and at the requeft of the complainant, adjudged, and ordered, that he procure a copy of this order to be infer.-tdat leaft fix weeks fucceffively, before he firft day of Auguft next, in the United States Gazette at Philadelphia, to the in-tent, that the faid John Weils may have no-tice of the complainant's application to this court, and may be warned to appear here, on or before the firft Tuefday in Oc-tober next, to flow caufe wherefore this court fhould not proceed to decree, agree-ably to the prayer of the complainant, and to the aft of affembly, for fuch cafes made and provided. and provided. The Public are cautioned to beware of counterfeited Five Dollar Bills of the Bank of the United States, and Twenty Dollar Bills of the Bank of North America, Jeveral of awhich have appeared in circulation avithin a few days pall; they are good general imitation of the genuine Bills, but may be diffingui/hed by the fol-heaving lowing

MARKS.

Five Dollar Bills of the Bank of the United States.

ALL that have appeared have the letter F. for their Alphabetical Mark. The Texture of the Paper is thicker and whiter and it takes the ink more freely

whiter and it takes the link more freely than the genuine paper. The O. in the word Company is fmaller than the M. and other letters of that word, fo that a line extended from the top of the O, to touch the top of the M. would extend confiderably above the range of the whole word.

In the word United the letters are nar-rower and clofer together than the reft of the bill.

The *i* and f in the word promife are not parallel, the f inclining much more forward han the i ...

than the L. The engraving is badly executed, the ftrokes of all the Letters are ftronger and the device in themargin particularly is much coaffer and appears darker than in the me bills. Some of the counterfeits bear date in 1791-Whereas the Bank was not in opera-tion till December, and no five dollar bills were iffned in that year. Taventy Dollar Bills of the Bank of North Manerica

Twenty Dollar Bills of the Bank of North America. ALL that have appeared have the letter B. for their alphabetical mark. They are printed on a paper nearly fini-lar to that of the counterfait Five Dollar Notes above deferibed; the engraving is better executed, and they approach nearer to the appearance of the genuine bills. The fine ruled lines through the word Twenty, in the body of the Bill, are in num-ber thirteen in the genuine bills, and but twelve in the counterfeits. The word Company is much like the fine word in the Five Dollar Bills as deferibed above, the a being lets than the m, and o-thers following. There is no firoke to jthe t in the word North whereas in the genuine bills the firoke is well defined. The letters out in the word Twenty, to

is well defined. The letters ent in the word Twenty, to the left hand at the bottom, do not come down to the line, but are fo cut as to give an irregular appearance to the word, the Tw and the y going below them. The fignature J. Nixon, has the appear-ance of being written with lamb-black and oil, and differs from other inks ufed in printing the bills and the cafhier's figna-ture.

printing the bills and the cafhier's figna-ture. It is fuppoled thele forgeries were commit-ted in iome of the Southern States, as all the counterfeits that have appeared, have come from thence, and two perfons have been ap-prehended in Virginia, on fufpicion of being the author of them.
