MATHEW CAREY,

Price, bound, five-eighths of a dollar, for

Charlotte, a Tale of Truth,
IN TWO VOLUMES.

By Mrs. ROWSON, of the New Theatre,
Philadelphia, Author of Victoria, the In-
quisitor, the Fille de Chambre, &c.
Of Charlotte, the Reviewers have
given the following character.

It may be a Tale of Truth, for it is
not unnatural, and it is a tale of real dis-
tress. Charlotte, by the artifice of a teach-
er, recommended to a school, from homi-
nity rather than a conviction of her integ-
rity, or the regularity of her former con-
duct, is enticed from her governess, and ac-
companies a young officer to America. The
marriage ceremony, if not forgotten, is
postponed, and Charlotte dies a martyr to
the inconstancy of the over, and trench-
ery of his friend. The situations are art-
less and affecting, the descriptions natu-
ral and pathetic; we should feel for Char-
lotte if such a person ever existed, who
for one error scarcely, perhaps, deserved
so severe a punishment. If it is a fic-
tion, poetic justice is not, we think, prop-
erly distributed.

GUTHRIE'S GEOGRAPHY Improved.

THE subscription for this work on the
original terms, of twelve dollars and the
binding, will be closed this day—and on
Monday the subscription will open at four-
teen dollars, exclusive of the price of bind-
ing.

The new maps added to this edition are
twenty one; among which are those of
New-Hampshire, Massachusetts, Connecti-
cut, Rhode-Island, Vermont, New York,
New Jersey, Pennsylvania, Delaware, Mary-
land, Virginia, Kentucky, North Caro-
lina, the Genesee Government, South Caro-
lina, and Georgia. These maps have never
been given in any former system of
Geography, and, it is hoped, would alone
be sufficient to entitle this work to a pre-
ference to any other edition of Guthrie.

N. B. The map of the United States,
which is compiling by Mr. Samuel Lewis,
from the respective state maps, will be far
more complete than any one yet published,
and be printed on two large sheets of
paper, nearly the size of the late Mr. Mur-
ray's map.

It is wholly unnecessary to expatiate on
the advantage, to American readers, that
this edition possesses, over every imported
edition of any system of Geography extant.

The addition of maps of the several states,
procured a very great expense, and from
the best materials that are attainable,
speaks such full conviction on this subject,
that it would be disrespectful to the read-
er's understanding to suppose it requisite
to enter into a detail of arguments to
prove its superiority. In no similar work
have such maps been ever introduced.

The emendations and additions which
are made in this work, are innumerable, and
occur in every page. The public are re-
ferred to the preface for a slight sketch
of a few of them.

The publisher takes the present oppor-
tunity of returning his most sincere thanks
to those respectable characters who have
favored him with documents for improv-
ing the maps of several of the states. He

requests a continuance of their kindness;
and hopes that such public spirited citizens,
as are possessed of similar documents, will
favor him with their assistance in perfect-
ing his undertaking.

The extraordinary encouragement with
which he has been favored, has excited in
his breast the warmest sentiments of gra-
titude—sentiments which time will not ef-
facc. He pledges himself to the citizens
of the United States, to spare neither pains
nor expense to render the present edition
of Guthrie's Geography improved, deserv-
ing of their patronage. waff

or pieces of land situated in White Clay
Creek hundred, New Castle county and state
of Delaware; one of which contains about
sixty acres of highly improved land, on it
are a large two story brick dwelling house, a
convenient brick barn, with flabing and a
carriage house underneath, an excellent
kiln for drying corn; and the well known
mills called Christiana Mills (late Parton-
son's) which being at the head of the tide
on Christiana river, and but about half a
mile from the landing, is conveniently situ-
ated for carrying the articles manufactured
at the mills by water to Philadelphia—This
property being close to the road leading
from Elkton to Christiana bridge, and at
the head of the tide, with many other at-
tendant advantages, render its situation for
the milling business to very valuable, as to
be equalled by few and excelled by none.

The latter tract containing 175 acres, is
about one mile from the mills and is chiefly
woodland, which being contiguous to

tract suitable for the purposes of the
mills.

sand pounds to be paid on executing the

Richard Johns } In the Chancery Court
John Wells and } of the
Mordecai Cole. } State of Maryland,
May 26th 1794.

The Complainant hath fil-

ed his bill, for the purpose of obtaining a
decree, to vest in him a complete legal title
to two tracts of land, lying in Baltimore
county, one called Painters-Level, con-
taining 100 acres, the other called Prospect
containing 50 acres. He states, that the said
John Wells on the 16th day of March 1774
contracted to sell the said land to the said
Mordecai Cole, &c. executed to him a bond for
conveyance, that the said Wells on the same
day, executed to the said Wells a bond for
the payment of the purchase money amount-
ing to 675 Pennsylvania currency, that the
said Cole hath since discharged the whole
of the purchase money, and hath assigned
to the complainant the said bond for con-
veyance; that the said Wells hath never
executed a deed, agreeably to his contract
but hath removed out of the state of Mary-
land, and now resides in the state of Ken-
tucky.

He is therefore, and at the request of the
complainant, adjudged, and ordered, that
he procure a copy of this order to be infer-
tated least six weeks successively, before
the first day of August next, in the United
States Gazette at Philadelphia, to the in-
tent, that the said John Wells may have no-
tice of the complainant's application to
this court, and may be warned to appear
here, on or before the first Tuesday in Oc-
tober next, to shew cause wherefore this
court should not proceed to decree, agree-
ably to the prayer of the complainant, and
to the act of assembly, for such cases made
and provided.

CROERO.

The First American Edition.
The grand principle of Equality, if
rightly understood, is the only basis
on which universal justice, sacred order,
and perfect freedom, can be firmly built,
and permanently secured. The view of
it exhibited in this essay, at the same time
that it represents the influence of office,
the tyranny of pride, and the outrages of
oppression; confirms, in the most forcible
manner, the necessity of subordination,
and the just demands of lawful authority.
So far, from loosening the bands
of society, that it maintains inviolate,
every natural and every civil distinction,
draws more closely every social tie, unites
in one harmonious and justly proportioned
system, and brings men together on the
even ground of the inherent rights of hu-
man nature, of reciprocal obligation, and
of a common relation to the community.

The Public are cautioned to

beware of counterfeit Five Dollar Bills
of the Bank of the United States, and
Twenty Dollar Bills of the Bank of North
America, several of which have appeared
in circulation within a few days past; they
are good general imitation of the genuine
Bills, but may be distinguished by the fol-
lowing

M A R K S.

Five Dollar Bills of the Bank of the
United States.

ALL that have appeared have the letter
F. for their Alphabetical Mark.

The Texture of the Paper is thicker and
whiter and it takes the ink more freely
than the genuine paper.

The O. in the word Company is smaller
than the M. and other letters of that word,
so that a line extended from the top of the
O, to touch the top of the M. would extend
considerably above the range of the whole
word.

In the word United the letters are nar-
rower and closer together than the rest of
the bill.

The i and f in the word promise are not
parallel, the f inclining much more forward
than the i.

The engraving is badly executed, the
strokes of all the Letters are stronger and
the device in the margin particularly is much
coarser and appears darker than in the true
bills. Some of the counterfeiters bear date in
1791—Whereas the Bank was not in opera-
tion till December, and no five dollar bills
were issued in that year.

Twenty Dollar Bills of the Bank of North
America.

ALL that have appeared have the letter
B. for their alphabetical mark.

They are printed on a paper nearly simi-
lar to that of the counterfeit Five Dollar
Notes above described; the engraving is
better executed, and they approach nearer
to the appearance of the genuine bills.

The fine ruled lines through the word
Twenty, in the body of the bill, are in num-
ber thirteen in the genuine bills, and but
twelve in the counterfeit.

The word Company is much like the same
word in the Five Dollar Bills as described
above, the o being less than the m, and oth-
ers following.

There is no stroke to the t in the word
North whereas in the genuine bills the stroke
is well defined.

The letters ent in the word Twenty, to
the left hand at the bottom, do not come
down to the line, but are so cut as to give
an irregular appearance to the word, the
Tw and the y going below them.

The signature J. Nixon, has the appear-
ance of being written with lamb-black and
oil, and differs from other inks used in
printing the bills and the cashier's signa-
ture.

It is supposed these forgeries were commit-
ted in some of the Southern States, as all the
counterfeits that have appeared, have come
from thence, and two persons have been ap-
prehended in Virginia, on suspicion of being
the authors of them.

The reward of ONE THOUSAND DOL-
LARS will be paid to any Person or Persons
who shall discover and prosecute to conviction
the several offenders of the following
descriptions or any of them, viz.

The person or persons, who manufactured
the paper on which the Bills are printed.

The person or persons, who engraved the
plates.

The printer or printers, of the bills.

Every person who has acted as a principal
in any other way, in the counterfeiting and
uttering the said bills.
